PROPERTY, PLANT & EQUIPMENT (\$ million)	Total	845.291	1100.685	1082.163	1239.797	1310.833	5.7% ↑
NET ASSETS (\$ million)	Total	967.730	1225.991	1201.992	1391.803	1479.247	6.3% ↑

Number of students represents the number of students enrolling in Semester 1 as at March 31, excluding cross-institutional students.

Student load represents the sum of the load for each semester, as recorded at the official census date in each semester, reported in Equivalent Full-time Students Units (EFTSU). Does not include Mt Eliza Business School and some offshore students.

Award completions represents the number of completed degrees, diplomas and certificates. The awards data for 2001 is provisional.

Staff figures show the number of full-time equivalent positions occupied by full-time and part-time staff members as at March 31.

Operating revenue and **net assets** figures are taken from the University's annual financial statements and refer only to the University itself, not controlled entities.

The **Research Quantum** is a component in the Commonwealth Grant for Operating Purposes. The amount received represents a measure of performance. Since 1995 the national Research Quantum amount has been reallocated among universities each year according to a Composite Index. The figures for 1997 and 1998 have been modified to include retrospective adjustments.
