

Review of activities

From the Chancellor

The activities and outcomes reviewed in this Annual Report show steady progress towards the objectives and priorities set down in our Strategic Plan. We are proud of our achievements in 2003 and of our prospects for continuing success.

The collective vision and expertise of our Vice-Chancellor, his Executive and our Senators have set the stage for some extremely

positive results; and the efforts of our staff, students, graduates and other supporters have helped advance our position as a leading Australian university.

It has been a privilege to lead the University Senate through this second year of my fourth term as Chancellor, and to work with so many dedicated people throughout the University. I sincerely thank all those who have contribu-

ted to the splendid outcomes outlined in the following pages.

Sir Llewellyn Edwards AC
CHANCELLOR

Sir Llewellyn Edwards congratulates Air Vice-Marshal Julie Hammer CSC, AM – 2003 Alumnus of the Year. AVM Hammer, who graduated Bachelor of Science with honours in physics in 1976, joined the Royal Australian Air Force in 1977. She is the first woman promoted to Squadron Leader, Group Captain, Air Commodore and Air Vice-Marshal.
