Your new role entitles you to the many benefits that come with being a UniSuper member. You can also choose to make additional contributions from your before or after-tax salary to help build your retirement savings.

• Choice and control over your investments.
• Strong long-term investment performance.
• Consistently competitive fees. You won’t pay entry or exit fees, or for the first investment switch you make.
• Stay with us when you leave your employer, even if you leave the higher education and research sector.
• MySuper approved.
• A range of competitive retirement options, whatever your situation.
• A UniSuper Spouse Account may help you and your partner achieve the retirement you desire.

READ OUR PDS FOR IMPORTANT INFORMATION ABOUT YOUR MEMBERSHIP

The Accumulation 1 product disclosure statement (PDS) contains important information about your membership, including product features of your membership, your benefits and risks, what fees and costs apply, and how taxes are applied.

The information in this PDS will help you make important decisions about your super. You should read the PDS before making any decisions about your membership.

In conjunction with the PDS we advise reading the How we invest your money and Insurance in your super booklets. Both booklets are available from unisuper.com.au or by calling 1800 331 685.

1 Past performance is not an indicator of future performance.
