DIVERSITY WEEK

OUR GLOBAL COMMUNITY

Globalisation will come under the spotlight during The University of Queensland's eighth annual **Diversity Week** celebrations, to be held this year from **May 24-28, 2010**.

This year's theme, **Our Global Community**, reflects on UQ's development in an increasingly globalised world, what directions this might take in the future, and the **impact of globalisation** on our university community and society.

Members of the wider UQ community are encouraged to get involved in the **free program** of events, which include the **Vice-Chancellor's Equity and Diversity Awards** on **May 27**.

For further information and to find out ways in which you can participate, visit:
