INVITED SPEAKERS

Mamoru Kaneko: “Toward a bridge between epistemic logic and inductive game theory”, University of Tsukuba, kaneko@sk.tsukuba.ac.jp

Konrad Podczeck: "Independent Random Matching with Many Types", Institut für Volkswirtschaftslehre, konrad.podczeck@univie.ac.at

Yeneng Sun: “Modeling Large Societies with Uncertainty” National University of Singapore, ynsun@nus.edu.sg

Nicholas Yanellis: "Equilibrium Theory with Asymmetric Information", University of Illinois, nyanneli@illinois.edu

Abstract:

This symposium will involve four leaders in the field of economic theory, and about 20 other participants. The four leaders will each give a lecture on groundbreaking topics in economic theory. Ample time will be allocated for discussions and interactions.

Expressions of Interest:

If you are interested in attending, please contact Louise West at louise.west@uq.edu.au or (07) 33654482. There is no cost for lunch or dinner, but please let us know if you are attending by 27th July 2010 for catering.

LOCATION: THE INNES ROOM, BUILDING 21C
