Jubilee Scholarship

The Economics Jubilee Scholarship was announced in 1997 as part of the Department's 50th Anniversary celebrations, which also commemorated 85 years of teaching in economics at The University of Queensland.

The object of the Scholarship is to provide assistance to students who are Australian citizens enrolled in the Bachelor of Economics, or in a BEcon dual program, to pursue their studies in economics at an overseas university for one semester.

The Scholarship will be awarded annually on the recommendation of a school committee chaired by the Head of School on the basis of the applicant's academic record and personal qualities to a student without prior opportunity to study at an overseas institution.

The holder of the Scholarship should not accept any other bursary, scholarship, award or employment without first obtaining the written consent of the Head, School of Economics.

The holder of the scholarship should, within 3 months of returning to The University of Queensland, submit to the Head of Department a written report of approximately 1,500 words on his/her experience of overseas study and the benefits of the Scholarship, and may be required to address undergraduate economics students on same.

The Scholarship is intended to cover one economy return airfare plus some living allowance, approximately AUD \$1,000 per month (indexed).

Application Procedure

Intending applicants are welcome to consult with academic staff in economics initially but **must** consult with a Student Exchange Advisor in the [UQ Abroad Office](#) and supply evidence of acceptance from that office to participate in an exchange when available.
