

Heron Island Research Station Scholarships

The University of Queensland's Heron Island Research Station (HIRS) has identified the value of scholarships that promote research relevant to Heron Island, its terrestrial habitats, reefs and surrounding waters. The Station has developed the **HIRS Research Scholarship** to provide students with the equipment and access required for investigations of the diverse habitats and environmental concerns of Heron Island. These merit-based scholarships promote research relevant to Heron Island, its terrestrial habitats and surrounding waters. The scholarships cover accommodation, laboratory and boating charges up to \$2000 *in kind* in a 12 month period at HIRS for UQ Honours or Research Higher Degree students.

One scholarship of each type may be awarded each semester. The scholarships are open to Honours or RHD students from all disciplines across The University of Queensland and can be used either to support current or new projects in diverse fields such as fresh water resources, social sciences, indigenous affairs, engineering and the arts, as well as marine ecosystem health and sustainable tourism.

Selection Criteria

HIRS Research Scholarship - One scholarship will be awarded each semester. The **HIRS Research Scholarship** proposals will be judged on:

1. Strength of the research team (20%)
 - a. Academic performance, evidence and capacity to undertake and manage the proposed research.
2. Relative significance to the regional scientific community (20%)
 - a. Health of local habitats, organisms, and processes.
3. Quality of the proposed project (60%)
 - a. Significance and Innovation;
 - b. Approach and Training;
 - c. Relevance to the HIRS (i.e. how will the research program benefit by having increased access to HIRS?);
 - d. The primary emphasis in the award of scholarships is the merit of the project, evidenced by a well-designed research program investigating a significant problem or major issue in the theory or practice of a discipline, or a research program aiming toward the development of new knowledge in the area, fundamental or applied. Innovative, risk-taking research is encouraged, provided the research design is rigorous and shows promise of being well executed.

Successful Applicants Can Expect

1. A waiver of accommodation charges for the applicant while engaged in research described in the original scholarship application and award.
2. Free access to a laboratory, including aquaria and general-use laboratory equipment, and use of available station boats.
3. The total value of waived charges for items 1 and 2 is \$2000 and is to be used within 12 months of the date of notification of the scholarship award.

These Schemes Do Not Provide

1. Catering (successful applicants must buy and prepare their own food or pay for catering)
2. Other Station services (applicants will be charged current rates for all other services and will be responsible for their own cleaning and laundry)
3. Transportation to and from the station.

4. Fuel for use of station boats

Other Conditions and Eligibility

Applicants must:

- Utilise the scholarship within 12 months of its offer.
- Be an Honours, Masters or PhD student at The University of Queensland when applying for and using the scholarship.
- Have their supervisor sign the application.
- Present their work at one of the HIRS free Resort research seminars before the completion of the scholarship period.
- Provide Heron Island Research Station with a short (<500 word) written synopsis of their work upon completion of the scholarship period. This summary will be published in the Island Research newsletter and on the HIRS website.
- Provide a Final Report on the form provided to the Research Station within 3 months of completion of the scholarship period.
- Acknowledge Heron Island Research Station and the scholarship in any publications, theses, media coverage or reports that may arise from this work.
- Supply to HIRS electronic copies of any publications, thesis or reports that may arise from this work for its library.
- Agree to abide by the policies and procedures of HIRS.

Application

The Application must be submitted by: 5pm on the Monday of the third teaching week in Semester I and 5pm on the Monday of the third teaching week in Semester II.
