

INTERNATIONAL

UQ GUIDE 2015

POSTGRADUATE PROGRAM SUPPLEMENT

Revised edition

TOP 100
UNIVERSITIES
WORLDWIDE

THE UNIVERSITY
OF QUEENSLAND
AUSTRALIA

The 2015 UQ Undergraduate program supplement for international students is a companion booklet to the *International UQ Guide 2015*, which can be found online at www.uq.edu.au/international-students/uq-guide

HOW TO USE THIS SUPPLEMENT

- 1** Choose a program (you can choose by area of interest or, if you know what you're looking for, by program name)
- 2** Check the English language requirements (page 32 of this booklet)
- 3** And the application closing date (page 33 of this booklet)
- 4** Follow the instructions on pages 32–33 of the *International UQ Guide 2015* to submit your application

If at any point you would like more detailed information about a program, you can look it up on our courses and programs website: www.uq.edu.au/study or download the UQ International Student Guide app: www.uq.edu.au/international-students/study-guide-app

Information about UQ's study environment, refund policy, legal rights and support services, as well as information for students living with families, and estimated costs for living in Brisbane can be found in the *International UQ Guide 2015* or at www.uq.edu.au/international-students

Disclaimer

The inclusion in this publication of details of a program or a course creates no obligation on the part of the University to teach it as or when described. The University may discontinue or vary programs and courses at any time without notice. Information in this guide is accurate as at September 2014.

While care has been taken to provide accurate information in this prospectus, it is the responsibility of students to check and confirm the specific details of programs, courses and enrolment.

All costs and fees quoted in this publication are in Australian dollars (AU\$) unless otherwise indicated.

Any agreement with this University does not remove the right to take action under Australia's consumer protection laws.

ESOS compliance

The provision of education services to international students by Australian education institutions is governed by the *Education Services for Overseas Students (ESOS) Act 2000* and the *National Code of Practice for Registration Authorities and Providers of Education and Training to Overseas Students 2007*.

The University of Queensland, in providing education services to overseas students, complies with the *National Code of Practice* of the Department of Education and the Universities Australia code of ethical practice.

CRICOS Provider Number 00025B

ESOS Act
www.aei.gov.au/Regulatory-information

Privacy

The University complies with Australian and Queensland privacy laws and guidelines.

Privacy
www.uq.edu.au/privacy

Tuition fee refunds

Refer to page 54 of the *International UQ Guide 2015* for information about tuition fee refunds, or go to ppl.app.uq.edu.au/content/3.40.03-international-student-refunds.

This publication was produced by

The University of Queensland Office of Marketing and Communications, UQ International, and Academic Services Division.

CHOOSE A PROGRAM

Use this list to locate an individual program, or if you aren't quite sure what you want to study yet, flip to one of the highlighted areas of interest to browse all the programs on offer in that study section.

AGRIBUSINESS, AGRICULTURE, ENVIRONMENT AND SCIENCE

Whether you are interested in agriculture, plant and animal sciences, the environment or mathematics, UQ will develop your specialist scientific skills to help make the world a better place.

Please check the following list for basic information about UQ's postgraduate programs in the fields of agribusiness, agriculture, environment and science, including academic and English language entry requirements, indicative semester program fees, program duration, start semesters and fields of study. For more detailed information, visit

www.science.uq.edu.au.

Agribusiness		Apply the study of consumers, retailers, marketers and primary producers to the business of keeping the supply chain working profitably. These programs are suitable if you currently work in agribusiness and wish to upgrade your management skills, are a new business or agricultural graduate wishing to add to your employment prospects, or you wish to enter this dynamic field of business. Gain specialised knowledge of agribusiness management, and business and communication skills.						
PROGRAM CODE	CRICOS CODE	PROGRAM DURATION	START SEMESTER	PROGRAM LOCATION	STUDY MODE	INDICATIVE SEMESTER FEE ^A	ENGLISH LANGUAGE PROFICIENCY	
Coursework Masters	5155	030142D	Three semesters	1 (2 March 2015), 2 (27 July 2015)	Gatton	Internal/ External*	\$17,240	IELTS overall 6.5 / 6 in each sub-band: see page 33
	Admission requirements Bachelor degree in agricultural science, animal science, plant science, business, marketing, or in a relevant discipline; with a grade point average of 5 on a 7 point scale.							Closing Date: See page 33
	5562	079391E	Four semesters	1 (2 March 2015), 2 (27 July 2015)	Gatton	Internal/ External*	\$17,240	IELTS overall 6.5 / 6 in each sub-band: see page 33
	Admission requirements Bachelor degree in any field with a grade point average of 4.5 on a 7 point scale; or Graduate Certificate in Agribusiness.							Closing Date: See page 33
Postgraduate Pathways to Masters	5007	Graduate Certificate	www.uq.edu.au/study/?int=5007					

Agricultural Science		The program will develop theoretical and practical knowledge and skills to meet the many global challenges associated with feeding the world, maintaining our environment and wildlife, biosecurity concerns, and competition for limited resources. You will be able to explain and demonstrate advanced theoretical and technical knowledge in one or more disciplines or areas of practice in the broad fields of agriculture and environmental stewardship (agronomy, horticulture, plant protection and soils). You will critically analyse, evaluate and transform information within the discipline or field, analyse, generate and transmit solutions to complex problems and be able to communicate with professional and non-professional audiences.						
PROGRAM CODE	CRICOS CODE	PROGRAM DURATION	START SEMESTER	PROGRAM LOCATION	STUDY MODE	INDICATIVE SEMESTER FEE ^A	ENGLISH LANGUAGE PROFICIENCY	
Coursework Masters	5563	079380G	Three semesters	1 (2 March 2015), 2 (27 July 2015)	Gatton	Internal/ External*	\$17,240	IELTS overall 6.5 / 6 in each sub-band: see page 33
	Admission requirements Bachelor degree in agricultural science, animal science, biological science, plant science (botany, horticulture or agronomy), veterinary science, wildlife biology and zoology, or a relevant area, with a grade point average of 5 on a 7-point scale.							Closing Date: See page 33
	5564	079381G	Four semesters	1 (2 March 2015), 2 (27 July 2015)	Gatton	Internal/ External*	\$17,240	IELTS overall 6.5 / 6 in each sub-band: see page 33
	Admission requirements Bachelor degree in any field with a grade point average of 4.5 on a 7 point scale; or Graduate Certificate in Agricultural Science.							Closing Date: See page 33
Postgraduate Pathways to Masters	5561	Graduate Certificate	www.uq.edu.au/study/?int=5561					

Animal Science		The Master of Animal Science covers the integrative disciplines within the animal, plant, soil, food and social sciences continuum in 1.5 years. Select from one of three specialised fields of study to gain comprehensive theoretical and practical knowledge. Learn to apply your leadership, research and problem-solving skills to meet the global challenges associated with feeding the world, and maintaining our environment in situations of increasing community expectations of animal welfare, biosecurity concerns, and competition for limited resources. This is an ideal program for graduates and professionals seeking to expand career prospects into a wide range of government, commercial, community based or research roles in the broad field of agriculture and environment.						
PROGRAM CODE	CRICOS CODE	PROGRAM DURATION	START SEMESTER	PROGRAM LOCATION	STUDY MODE	INDICATIVE SEMESTER FEE ^A	ENGLISH LANGUAGE PROFICIENCY	
Coursework Masters	5570	079382F	Three semesters	1 (2 March 2015), 2 (27 July 2015)	Gatton	Internal/ External*	\$17,240	IELTS overall 6.5 / 6 in each sub-band: see page 33
	Admission requirements Bachelor degree in equine science, wildlife science, wildlife management, animal science (behaviour, production, technology) veterinary science, veterinary management, veterinary technology, agricultural science, zoology or a degree in a relevant area, with a grade point average of 5 on a 7 point scale.							Closing Date: See page 33
Fields of study: Equine science • Production animal science • Wildlife biology	5571	079383E	Four semesters	1 (2 March 2015), 2 (27 July 2015)	Gatton	Internal/ External*	\$17,240	IELTS overall 6.5 / 6 in each sub-band: see page 33
	Admission requirements Bachelor degree in any field with a grade point average of 4.5 on a 7 point scale, or Graduate Certificate in Animal Science.							Closing Date: See page 33
Postgraduate Pathways to Masters	5565	Graduate Certificate		www.uq.edu.au/study/?int=5565				

Bioinformatics		Use the skills you bring from biological sciences, computing or mathematics to update your knowledge of recent technologies and methodologies in bioinformatics, and obtain practical laboratory and computational skills through immersion in a research laboratory. With a world shortage of bioinformaticists, these programs will increase your technical and research skills in core areas of bioinformatics. You will develop and effectively use best bioinformatics practice to solve complex scientific problems. These studies will also prepare you for entry into a Research Higher Degree program. Students who enrol in the four semester program will have the opportunity to complete a larger research project.						
PROGRAM CODE	CRICOS CODE	PROGRAM DURATION	START SEMESTER	PROGRAM LOCATION	STUDY MODE	INDICATIVE SEMESTER FEE ^A	ENGLISH LANGUAGE PROFICIENCY	
Coursework Masters	5541	076218J	Two semesters	2 (27 July 2015)	St Lucia	Internal	\$16,640	IELTS overall 6.5 / 6 in each sub-band: see page 33
	Admission requirements Bachelor degree in science, IT and fields of engineering, or an approved discipline, with a substantial introduction to bioinformatics and scientific methodology evidenced by courses and/or project work.							Closing Date: See page 33
	5542	076217K	Three semesters	1 (2 March 2015)	St Lucia	Internal	\$16,640	IELTS overall 6.5 / 6 in each sub-band: see page 33
	5598	082610F	Four semesters					
Admission requirements Bachelor degree in science, IT and fields of engineering, or an approved discipline; or a Graduate Certificate or Graduate Diploma in Bioinformatics. Please refer to program rules for specific information on entry requirements.							Closing Date: See page 33	
Postgraduate Pathways to Masters	5557	Graduate Certificate		www.uq.edu.au/study/?int=5557				

Biotechnology		Update your technical skills in core areas such as molecular biology, protein technology or bioinformatics, or acquire research laboratory experience. You will cover a broad range of modern biotechnologies; the commercialisation of products and marketing; the business environment, including business planning and project management; and research and development in industry settings. The program suite will also suit legal or business professionals with some scientific background wanting to learn the latest technological developments in biotechnology. Students who enrol in the four semester program will have the opportunity to complete a larger research project.						
PROGRAM CODE	CRICOS CODE	PROGRAM DURATION	START SEMESTER	PROGRAM LOCATION	STUDY MODE	INDICATIVE SEMESTER FEE ^A	ENGLISH LANGUAGE PROFICIENCY	
Coursework Masters	5386	057055C	Two semesters	1 (2 March 2015), 2 (27 July 2015)	St Lucia	Internal	\$16,640	IELTS overall 6.5 / 6 in each sub-band: see page 33
	Admission requirements Bachelor degree (Honours) in Biotechnology, Science, Pharmacy, Agriculture, Medicine, Engineering (particularly chemical engineering), IT; or an approved degree; plus a postgraduate qualification incorporating a major research project or other significant research experience.					Further study options Doctor of Biotechnology, PhD	Closing Date: See page 33	
	5159	034034J	Three semesters	1 (2 March 2015), 2 (27 July 2015)	St Lucia	Internal	\$16,640	IELTS overall 6.5 / 6 in each sub-band: see page 33
	5599	082611E	Four semesters					
Admission requirements Bachelor degree in Biotechnology, Science, Pharmacy, Agriculture, Medicine, Engineering (particularly chemical engineering), IT; or an approved degree; or a Graduate Certificate or Graduate Diploma in Biotechnology.					Further study options Doctor of Biotechnology, PhD	Closing Date: See page 33		
Professional Doctorate	5407	034025K	Six semesters	1 (2 March 2015), 2 (27 July 2015)	St Lucia	Internal	\$16,640	IELTS overall 6.5 / 6 in each sub-band
	Admission requirements Bachelor of Science (Honours) or Bachelor of Biotechnology (Honours) with IIA or better; or a Masters degree with a grade point average of at least 5 on a 7-point scale; or at least two years relevant experience and/or research publications. All candidates are interviewed.							Closing Date: See page 33
Special note: Some changes will be introduced to the program in 2015 to ensure compliance with the level 10 Doctorate Degree.								
Postgraduate Pathways to Masters	5013	Graduate Certificate		www.uq.edu.au/study/?int=5013				
	5119	Graduate Diploma		www.uq.edu.au/study/?int=5119				

Conservation Biology		Integrate the disciplines of conservation, ecology and biodiversity to maintain viable populations of animal and plant species, and restore natural and managed ecosystems. You will develop a comprehensive theoretical understanding of conservation biology, as well as practical training and skills. Students who enrol in the four semester program will have the opportunity to complete a larger research project.						
PROGRAM CODE	CRICOS CODE	PROGRAM DURATION	START SEMESTER	PROGRAM LOCATION	STUDY MODE	INDICATIVE SEMESTER FEE ^A	ENGLISH LANGUAGE PROFICIENCY	
Coursework Masters	5551	077443C	Equivalent to three semesters full-time (one year intensive)	2 (27 July 2015)	St Lucia	Internal	\$24,350	IELTS overall 6.5 / 6 in each sub-band: see page 33
	Admission requirements Bachelor degree in botany, ecology, evolution, zoology; or an approved discipline. Special note: The Masters program is taught in intensive mode (i.e. students are required to enrol over summer semester) and covers 1.5 years of content in one calendar year.							Closing Date: 1 April 2015
	5597	082609K	Equivalent to four semesters full-time (one and a half years intensive)	2 (27 July 2015)	St Lucia	Internal	\$24,350	IELTS overall 6.5 / 6 in each sub-band: see page 33
Admission requirements Bachelor degree in botany, ecology, evolution, zoology; or an approved discipline. Special note: The Masters program is taught in intensive mode (i.e. students are required to enrol over summer semester) and covers two years of content in 1.5 calendar years.							Closing Date: 1 April 2015	

Environmental Management		Learn how to plan and implement strategies to improve the quality of the human environment. Multidisciplinary in nature, these programs will enhance your skills and technical expertise as you manage the highly complex and rapidly changing issues in the environmental arena.						
PROGRAM CODE	CRICOS CODE	PROGRAM DURATION	START SEMESTER	PROGRAM LOCATION	STUDY MODE	INDICATIVE SEMESTER FEE ^A	ENGLISH LANGUAGE PROFICIENCY	
Coursework Masters	5174	006689B	Three semesters	1 (2 March 2015), 2 (27 July 2015)	St Lucia	Internal/ External*	\$16,640	IELTS overall 6.5 / 6 in each sub-band: see page 33
	Admission requirements Bachelor degree in environmental management, environmental science, environmental studies, geography, natural resources, biology, ecology, conservation, sustainable development/sustainability, environmental engineering, marine science, marine studies or an approved discipline.					Further study options PhD	Closing Date: See page 33	
		5609	084722D	Four semesters	1 (2 March 2015), 2 (27 July 2015)	St Lucia	Internal/ External*	\$16,640
Admission requirements Bachelor degree in any discipline.					Further study options PhD	Closing Date: See page 33		
Special note: You may study the Conservation and natural resource management field externally.								
Postgraduate Pathways to Masters	5025	Graduate Certificate	www.uq.edu.au/study/?int=5025					
	5084	Graduate Diploma	www.uq.edu.au/study/?int=5084					

Financial Mathematics		The Master of Financial Mathematics is designed to meet the strongly increasing demand for skilled quantitative finance professionals to provide expert support to a wide range of industries including banking, insurance, utility companies, investment companies and companies affected by international exchange rates. As a graduate you will possess quantitative finance skills to utilise sophisticated mathematical models and high level statistical analysis skills to assist investment decisions, to manage investment portfolios, for financial planning, for development of financial products and pricing, and for business risk analysis. Students who enrol in the four semester program will have the opportunity to complete a larger research project.						
PROGRAM CODE	CRICOS CODE	PROGRAM DURATION	START SEMESTER	PROGRAM LOCATION	STUDY MODE	INDICATIVE SEMESTER FEE ^A	ENGLISH LANGUAGE PROFICIENCY	
Coursework Masters	5572	079388M	Three semesters	1 (2 March 2015), 2 (27 July 2015)	St Lucia	Internal/ External*	\$16,640	IELTS overall 6.5 / 6 in each sub-band: see page 33
	5573	079389K	Four semesters					
Admission requirements Bachelor degree in economics or mathematics, or equivalent.							Closing Date: See page 33	

Food Science and Technology		In this program, you will gain comprehensive theoretical and practical knowledge within fields of food science and food technology, and you will have the opportunity to apply these in either a research project or an industry placement. You will be able to apply leadership, research and problem-solving skills to meet the global challenges associated with feeding the world, by contributing to the provision of high quality, safe and nutritionally valuable food and food products, as well as having an understanding of the global policy dialogue on food and food products. This is an ideal program for professionals seeking to expand their career prospects into a wide range of government, commercial, community-based or research roles in the broad field of food science and technology.						
PROGRAM CODE	CRICOS CODE	PROGRAM DURATION	START SEMESTER	PROGRAM LOCATION	STUDY MODE	INDICATIVE SEMESTER FEE ^A	ENGLISH LANGUAGE PROFICIENCY	
Coursework Masters	5575	079384D	Three semesters	1 (2 March 2015), 2 (27 July 2015)	St Lucia	Internal	\$17,040	IELTS overall 6.5 / 6 in each sub-band: see page 33
	Admission requirements Bachelor degree in food science, food technology, science or engineering (with food science or technology major) or an approved discipline, with grade point average of at least 5.5 on a 7 point scale.							Closing Date: See page 33
		5576	079385C	Four semesters	1 (2 March 2015), 2 (27 July 2015)	St Lucia	Internal	\$17,040
Admission requirements Bachelor degree in science or engineering (chemistry, biology, biochemistry or microbiology) or an approved discipline, with a grade point average of at least 5.5 on a 7 point scale.							Closing Date: See page 33	
Postgraduate Pathways to Masters	5566	Graduate Certificate	www.uq.edu.au/study/?int=5566					

Geographic Information Science		Gain technical and research skills in advanced areas of geographic information science and Geographic Information Systems (GIS) software; various GIS and remote sensing operations; and implementation and management of GIS projects. You will also cover applications of GIS and remote sensing technologies to various areas; resource analysis through remote sensing and airphoto interpretation; expert systems and decision support systems; and research, both applied and theoretical, in the field of spatial information systems.						
PROGRAM CODE	CRICOS CODE	PROGRAM DURATION	START SEMESTER	PROGRAM LOCATION	STUDY MODE	INDICATIVE SEMESTER FEE ^A	ENGLISH LANGUAGE PROFICIENCY	
Coursework Masters	5177	003927F	Three semesters	1 (2 March 2015)	St Lucia	Internal	\$16,640	IELTS overall 6.5 / 6 in each sub-band: see page 33
	Admission requirements Bachelor degree in mathematics, computer science, geographical science, engineering, or an approved discipline.							Closing Date: See page 33
	5610	084723C	Four semesters	1 (2 March 2015), 2 (27 July 2015)	St Lucia	Internal	\$16,640	IELTS overall 6.5 / 6 in each sub-band: see page 33
	Admission requirements Bachelor degree in any discipline.							Closing Date: See page 33
Special note: Most courses are offered late afternoon/ early evening.								
Postgraduate Pathways to Masters	5028	Graduate Certificate	www.uq.edu.au/study/?int=5028					
	5086	Graduate Diploma	www.uq.edu.au/study/?int=5086					

Magnetic Resonance Technology		As a practising radiographer you will acquire advanced knowledge in magnetic resonance technologies that are not yet part of standard clinical practice. You will be in a position to embark on projects that make innovative use of magnetic resonance; assess the needs of a radiography practice and the use of the technology; and determine whether equipment from different manufacturers can meet these needs. Contact the Centre for Advanced Imaging at mrtadmin@cai.uq.edu.au for more information.						
PROGRAM CODE	CRICOS CODE	PROGRAM DURATION	START SEMESTER	PROGRAM LOCATION	STUDY MODE	INDICATIVE SEMESTER FEE ^A	ENGLISH LANGUAGE PROFICIENCY	
Coursework Masters	5193	034047D	Three semesters	1 (2 March 2015), 2 (27 July 2015)	St Lucia	Internal/ External*	\$16,640	IELTS overall 6.5 / 6 in each sub-band: see page 33
	Admission requirements Bachelor degree in mathematics, physics, chemistry, biology, medical imaging, radiography, allied health, biomedical engineering, computer science, or an approved discipline; or Graduate Diploma in Magnetic Resonance Technology or equivalent. Applications on the basis of post-secondary study and two years work experience in a related field will be individually assessed.							Closing Date: See page 33
Special note: Courses are offered in flexible delivery and distance learning modes. If you are studying via flexible delivery, you will require access to a Magnetic Resonance Imaging (MRI) scanner for the research component of this award. International students wishing to study the Graduate Certificate in Magnetic Resonance Technology may only apply and be accepted into the external offering.								
Postgraduate Pathways to Masters	5036	Graduate Certificate	www.uq.edu.au/study/?int=5036 (see <i>Special Note</i>)					
	5096	Graduate Diploma	www.uq.edu.au/study/?int=5096					

Molecular Biology		Study the structure and function of genes and the proteins they encode, including genome sequencing, recombinant DNA technology and macromolecular structure determination. You will receive advanced theoretical and practical training in molecular biology and research methodology. Students who enrol in the four semester program will have the opportunity to complete a larger research project.

Molecular Imaging								
Molecular imaging is a form of biomedical imaging that is rapidly growing in importance in the applied life sciences, and contributes in the advancement of biomedicines. This program aims at forming international leaders in molecular imaging with this unique program which will be taught in collaboration with the University of Sydney. You will have the opportunity to undertake courses through both institutions. This program is especially designed for chemists, biologists, physicists, computer scientists, engineers, radiographers and nuclear medicine technologists who wish to gain an in-depth knowledge of this new biomedical imaging approach.								
Coursework Masters	5574	079893E	Three semesters	1 (2 March 2015), 2 (27 July 2015)	St Lucia	Internal/ External*	\$18,620	IELTS overall 6.5 / 6 in each sub-band: see page 33
Admission requirements Bachelor degree in science, applied science, medical imaging, chemistry, pharmacy, physics, computer science, or electrical and biomedical engineering, or an approved discipline.							Closing Date: See page 33	

PROGRAM CODE	CRICOS CODE	PROGRAM DURATION	START SEMESTER	PROGRAM LOCATION	STUDY MODE	INDICATIVE SEMESTER FEE [^]	ENGLISH LANGUAGE PROFICIENCY	
Occupational Health and Safety Science								
Gain the theoretical knowledge, practical application and professional attributes necessary for a career in occupational health and safety. You will study well-established industry hazards (chemical, physical, mechanical, biological and psychosocial) within the context of the core OH&S disciplines: Occupational Hygiene, Ergonomics, Occupational Health, Safety Science, and Risk Management. You will also conduct industry-based research.								
Coursework Masters	5558	077534M	Three semesters	1 (2 March 2015), 2 (27 July 2015)	St Lucia	Internal	\$16,640	IELTS overall 6.5 / 6 in each sub-band: see page 33
Admission requirements Bachelor degree in a relevant discipline with approved tertiary-level chemistry and biology courses.							Closing Date: See page 33	

PROGRAM CODE	CRICOS CODE	PROGRAM DURATION	START SEMESTER	PROGRAM LOCATION	STUDY MODE	INDICATIVE SEMESTER FEE [^]	ENGLISH LANGUAGE PROFICIENCY	
Rural Development								
Learn to apply your leadership, research and problem solving skills to meet the global challenges associated with feeding the world, and maintaining our environment in situations of increasing community expectations of animal welfare, biosecurity concerns, and competition for limited resources. You will develop practical knowledge and skills needed to analyse, plan, implement and evaluate rural development, agricultural extension, community development and stakeholder engagement programs and activities. It is an ideal program for professionals seeking to expand their career prospects into a wide range of government, commercial, community based or research roles in the broad field of agriculture and environment.								
Coursework Masters	5568	079386B	Three semesters	1 (2 March 2015), 2 (27 July 2015)	Gatton	Internal/ External*	\$17,040	IELTS overall 6.5 / 6 in each sub-band: see page 33
Admission requirements Bachelor degree in social science, economics, agricultural science, animal science, biological science, planning and demographics, or an approved discipline, with a grade point average of 5 on a 7-point scale.							Closing Date: See page 33	
	5569	079387A	Four semesters	1 (2 March 2015), 2 (27 July 2015)	Gatton	Internal/ External*	\$17,040	IELTS overall 6.5 / 6 in each sub-band: see page 33
Admission requirements Bachelor degree in any field with a grade point average of 4.5 on a 7 point scale; or Graduate Certificate in Rural Development.							Closing Date: See page 33

*** External mode**

Some courses are also offered externally which means you can complete part of your program off-campus (although there may be a residential school).

^ Indicative fee

Indicative fees are calculated on the basis of average first-year, full-time study patterns. Actual fees may vary according to your choice of majors and electives and whether studying full-time or part-time.

UQ also charges a capped annual Student Services and Amenities Fee (SSAF) – see page 33 for more details.

BUSINESS, ECONOMICS AND LAW

Learn from our highly awarded teachers and mentors, enjoy practical industry experiences, and hone your networking skills while planning your future business career.

Please check the following list for basic information about UQ's business, economics and law postgraduate programs, including academic and English language entry requirements, indicative semester program fees, program duration, start semesters and fields of study. For more detailed information, visit www.bel.uq.edu.au.

Applied Econometrics		The MAppEcon is designed to strengthen and extend knowledge in the area of econometrics of students with significant economic background gained from undergraduate study. Students or working professionals seeking to strengthen their quantitative skills and to specialise in econometrics will develop a high level of proficiency in econometrics. Obtaining a higher qualification in economics with a specific focus on econometrics is a career investment. Advanced quantitative skills, analytical ability, critical thinking and logic are highly valued commodities, and graduates of this program will have the ability to succeed in a dynamic and increasingly competitive environment. Courses develop knowledge in core quantitative skills and econometric methods used in diverse areas in economics and finance, including macroeconomics, quantitative finance, environmental and natural resource management, health, public sector management, business and economic modelling.

Business Administration		The MBA is a world-class program covering the key areas of contemporary management practice. As a graduate you will possess a comprehensive working knowledge of management operations, have an integrated view of contemporary Australian and international business issues, and demonstrate the communication and leadership skills essential to the management role.						
PROGRAM CODE	CRICOS CODE	PROGRAM DURATION	START SEMESTER	PROGRAM LOCATION	STUDY MODE	INDICATIVE SEMESTER FEE [^]	ENGLISH LANGUAGE PROFICIENCY	
Coursework Masters	5430	060533G	One year intensive	1 (mid January 2015)	St Lucia	Internal	\$31,800	IELTS overall 6.5 / 6 in each sub-band: see page 33
	Admission requirements Graduate Diploma in Business Administration, or approved degree, with a grade point average of at least 4.5 on a 7-point scale, plus four years full-time work experience including at least two years full-time work experience gained while working at supervisory/management level as approved by the Executive Dean. You must complete the Graduate Management Admissions Test (GMAT) with a minimum score of 550: see www.mba.com/mba/thegmat for details. You must also provide supporting documentation in your application, including official transcripts of previous studies, evidence of residency status, and evidence of compliance with the English language component. You must also include evidence of work experience, including details of management experience, in the form of a CV. Please ensure that your CV includes your full work history, and outlines the major activities you undertake on a daily basis. You must also provide two work-related written references, substantiating the nature of your work and the managerial duties you currently perform. They should verify details including, but not limited to, managing a team of people, managing client accounts, the managerial components of any major projects you have been directly responsible for, and/or financial delegations for which you are directly responsible.							Closing Date: 31 October 2014
Special note: This accelerated program must be completed in 12 months and is taught in intensive blocks between early January and November.

Business Economics		Designed for current and aspiring middle and upper managers, these programs provide a strong foundation in economic principles to meet the needs of decision-makers and advisors in business and related areas. No prior knowledge or training in economics is required for the four semester Master of Business Economics program. You will develop and build on the critical ability to apply economics to practical scenarios. Diverse courses span both traditional and emerging economic fields to produce professionals with the multidisciplinary background required for economics and business, who are lateral thinkers, analytically strong and adaptable. The Master of Business Economics program provides additional electives to be undertaken in a range of areas. This may include a research component, which provides a pathway to research higher degree study.

Economics and Public Policy		This economics-centred, multidisciplinary program is designed to provide you with the opportunity to understand how government intervention affects the economy in an increasingly globalised world. Focusing on the economic analytical tools needed to design and evaluate public policies, the program includes core courses in public economics and regulatory economics that emphasise the rationale for government intervention and the theoretical framework that underpins it. No prior knowledge or training in economics is required for the four semester Master of Economics and Public Policy program. The programs provide additional electives that may include a research component, providing a pathway to research higher degree study.

Special note: Some courses are offered at UQ's Herston campus.								

International Commercial Law	The Master of International Commercial Law is available to lawyers and non-lawyers who want to consolidate their understanding of the legal and regulatory frameworks, either nationally or internationally, which impact upon their current work. The MICLaw is designed for graduates of any discipline who have work experience related to the courses offered in the program. The program includes three key courses aimed at increasing existing knowledge and understanding of foundational legal concepts and also aimed at enhancing analytical reasoning and writing skills. These courses are compulsory for students without a law degree and optional for students from a civil law background. You will then choose from a range of elective courses relevant to domestic and international commerce and trade including insolvency, electronic commerce, sale of goods and international trade.

Closing Date: See page 33

International Economics and Finance	Globalisation is rapidly changing the scope and nature of international business and trade, and business success is highly dependent on the ability to understand and respond to economic issues and forces. Designed for students from any academic discipline, these programs advance understanding of economics across business and the public sector. You will develop specialised knowledge of the extensive implications and opportunities arising from the process of international economic and financial integration. The program is founded upon a platform of microeconomics, macroeconomics and statistics, and shows how economic principles may be applied to issues in the international economy. Electives enable you to focus on your specific needs and interests.

Laws	The Master of Laws is designed to enhance your theoretical and practical expertise and provide you with a professional edge. You will improve your independent and critical thinking and research skills. The courses offered are predominantly driven by the needs of contemporary legal practice. They include courses in highly specialised areas as well as more general areas where the principles underpinning that area are highly complex and require a depth of understanding.

	Admission requirements An approved degree at Bachelor, Honours or Masters level leading to admission to legal practice (LLB, JD or equivalent) with a grade point average of at least 4.5 on a 7-point scale; or a degree in law leading to admission to legal practice (LLB or equivalent) with a grade point average of at least 4.5 on a 7-point scale, and either hold a graduate diploma in legal practice or equivalent qualification; or have completed at least two years of professional full-time work experience in the same discipline, as approved by the Executive Dean; or an academic or professional qualification in law leading to admission to legal practice, and be able to demonstrate to the satisfaction of the Executive Dean that you have the requisite knowledge to complete the program.					Further study options PhD (if research component undertaken)	Closing Date: See page 33	
	5591	082603E	Three semesters	1 (2 March 2015), 2 (27 July 2015)	St Lucia	Internal	\$16,640	IELTS overall 6.5 / 6 in each sub-band: see page 33
	Admission requirements A degree in law leading to admission to legal practice (LLB or equivalent) with a grade point average of at least 4.5 on a 7-point scale; or have completed at least two years of professional full-time work experience in the same discipline, as approved by the Executive Dean; or an academic or professional qualification in law leading to admission to legal practice, and be able to demonstrate to the satisfaction of the Executive Dean that you have the requisite knowledge to complete the program.					Further study options PhD (if research component undertaken)	Closing Date: See page 33	

Special note: Classes may be held at Brisbane city locations as well as at UQ St Lucia.

Please note that not all courses are offered each year: contact the School of Law at tblaw@law.uq.edu.au for specific details (or see: www.law.uq.edu.au).

You may be required to commence classes in Orientation week.

Project Management		Project management is the discipline of organising and managing resources in such a way that they deliver all the work required to complete a project within defined scope, time, cost and quality constraints within acceptable levels of risk. Project managers can be found in all industries. UQ's postgraduate programs in project management are based on the nine core knowledge areas of the international institutes of project management. You will be introduced to the principles and applications of project management in asset and operations mode. As a graduate of the program you will demonstrate a strong understanding of the background, principles and applications of project management.

Closing Date: See page 33	
Additional cost: Courses that include a field trip component may incur additional costs to cover transport, accommodation and food.								
Postgraduate Pathways to Masters	5047	Graduate Certificate	www.uq.edu.au/study/?int=5047					

Research Commercialisation		Designed for students in all fields of study to develop knowledge and skills in the commercialisation of research, this program examines the fundamentals of the commercialisation process including the innovation process and the contribution of commercialisation to economic and social development. You will explore these fundamentals, and the context of commercialisation (including the role of the University and the methods used to commercialise research). The broad aim of the program is to understand and promote the commercialisation of research in industry, both in public and private sector organisations, thereby improving business productivity and global competitiveness.

Fields of study: Business • Social science	Admission requirements <i>Field of Business:</i> Bachelor degree in an approved field with a grade point average of at least 5.75 on a 7-point scale; or approved qualifications based on academic record and work experience as approved by the Executive Dean. <i>Field of Social Science:</i> Bachelor degree or approved qualification based on academic record and work experience.				Further study options Graduate Diploma in Research Methods		Closing Date: See page 33	
Graduate Diploma	5468	065372A	Two semesters	1 (2 March 2015), 2 (27 July 2015)	St Lucia	Internal	\$16,640	IELTS overall 6.5 / 6 in each sub-band: see page 33
Field of study: Business	Admission requirements Bachelor degree in an approved field with a grade point average of at least 5.75 on a 7-point scale; or approved qualifications based on academic record and work experience.				Further study options Master of Philosophy or PhD program in the field of business		Closing Date: See page 33	

Technology and Innovation Management		Innovation and technology are key drivers of competitive advantage in today's global knowledge economy. Harnessing this advantage requires highly developed specialist skills in technology and innovation management. These programs build on previous tertiary qualifications or relevant work experience. You will gain the knowledge and skills to effectively manage innovation and technology in both public and private sector organisations. The broad aim of the program is to understand, integrate and promote the management of technology in industry, thereby improving business productivity and global competitiveness. Develop the skills and knowledge to access the power of innovation, technology, research, new product/service development and commercialisation in your organisation.

Fields of study: Service management • Tourism development • Tourism marketing • Visitor management	Admission requirements An approved Bachelor degree with a grade point average of at least 5 on a 7-point scale, and at least one year of full-time work experience in the same discipline; or a Bachelor degree in any field with a grade point average of at least 5 on a 7-point scale, and at least three years of full-time work experience in the same discipline.					Further study options Master of Philosophy, PhD	Closing Date: See page 33	

*** External study**

If you are studying on a student visa you can not undertake this program on campus at UQ on a full time basis; you can only study from your home country and will not be eligible for an Australian student visa.

^ Indicative fee

Indicative fees are calculated on the basis of average first-year, full-time study patterns. Actual fees may vary according to your choice of majors and electives and whether studying full-time or part-time.

UQ also charges a capped annual Student Services and Amenities Fee (SSAF) – see page 33 for more details.

ENGINEERING, ARCHITECTURE AND PLANNING, AND INFORMATION TECHNOLOGY

Discover how to find solutions to the world's problems in providing food, water, energy, infrastructure, technology and materials for a growing population.

Please check the following list for basic information about UQ's engineering, architecture and planning, and information technology postgraduate programs, including academic and English language entry requirements, indicative semester program fees, program duration, start semesters and fields of study. For more detailed information, visit www.eait.uq.edu.au.

Architecture	The second stage of obtaining a professional qualification in architecture, this advanced program builds on the core skills developed in the undergraduate degree. You will undertake a range of courses designed to hone your creative design skills and develop advanced technical and professional skills relevant to the practice of architecture. You will have opportunities to research and apply the latest thinking in environmental design, architectural technology, history and theory, people/environment studies and professional practice with challenging and engaging architectural design studios as the focus of the program.							
Coursework Masters	PROGRAM CODE	CRICOS CODE	PROGRAM DURATION	START SEMESTER	PROGRAM LOCATION	STUDY MODE	INDICATIVE SEMESTER FEE [^]	ENGLISH LANGUAGE PROFICIENCY
	5429	060311K	Four semesters	1 (2 March 2015)	St Lucia	Internal	\$16,640	IELTS overall 6.5 / 6 in each sub-band: see page 33
	Admission requirements Bachelor of Architectural Design from UQ; or an equivalent approved degree from another university, with a grade point average of at least 4.5 on a 7-point scale. Students with a non-UQ degree are required to submit a design portfolio. Design portfolios should consist of a university study (no more than 20 pages) completed during a Bachelor degree, containing a minimum of two design projects, full documentation (site plan, floor plans, sections, elevations and/or 3D views) and a short description of each project (drawings should be submitted in Adobe PDF format).							Closing Date: See page 33

Community Relations	The program focuses on issues associated with the planning and management of development and is aimed at those who wish to obtain a better knowledge of the dilemmas of social, political and economic development and of the means to develop solutions to these problems.

	Admission requirements Approved minimum three-year Bachelor degree in relevant field from an internationally recognised institution, and three to five years practical work experience.							
Additional cost: Students are responsible for the cost of travel to attend intensive study blocks.								
Postgraduate Pathways to Masters	5531	Graduate Certificate		www.uq.edu.au/study/?int=5531				
	5534	Graduate Diploma		www.uq.edu.au/study/?int=5534				

Engineering (Honours)	The integrated Bachelor of Engineering (Honours) and Master of Engineering (BE(Hons)/ME) is the first five-year engineering degree in Australia to integrate a semester placement, either in industry or research, into a degree with the Masters level coursework. Learn how to generate ideas and adapt innovatively to changing environments; identify, formulate and investigate problems; create innovative solutions and improve current practice.							
	PROGRAM CODE	CRICOS CODE	PROGRAM DURATION	START SEMESTER	PROGRAM LOCATION	STUDY MODE	INDICATIVE SEMESTER FEE ^A	ENGLISH LANGUAGE PROFICIENCY
Integrated Bachelor (Honours) and Masters	2350	080724A	Ten semesters (but entering as a postgraduate student will generally only require four semesters of study)	1 (2 March 2015), 2 (27 July 2015)	St Lucia	Internal	\$16,640	IELTS overall 6.5 / 6 in each sub-band: see page 33
Placements The final two years of the BE(Hons)/ME are built around a placement semester where you can choose what type of placement you would like to do and where you would like to do it. You are supported during your placement by your host, a UQ academic, and a professional development program to get the most out of the placement.								Closing Date: See page 33
Fields of study: Chemical engineering • Chemical and biological engineering • Chemical and environmental engineering • Chemical and materials engineering • Chemical and metallurgical engineering • Electrical engineering • Electrical and biomedical engineering • Electrical and computer engineering • Mechanical engineering • Mechanical and aerospace engineering • Mechanical and materials engineering • Mechatronic engineering • Software engineering								

Engineering Science		With great global and local challenges looming – climate change and the greenhouse effect, clean energy, reliable water supplies, infrastructure for booming populations, sustainable resource development, and efficient and effective communications – engineers have many opportunities to be part of the solution at all scales from molecular to global.						
PROGRAM CODE	CRICOS CODE	PROGRAM DURATION	START SEMESTER	PROGRAM LOCATION	STUDY MODE	INDICATIVE SEMESTER FEE ^A	ENGLISH LANGUAGE PROFICIENCY	
Coursework Masters Fields of study: Electrical engineering • Software engineering • Systems engineering • Undeclared (incorporating a project in Chemical, Civil, Materials, Mechanical or Mechatronic Engineering)	5528	076003B	Two semesters	1 (2 March 2015), 2 (27 July 2015)	St Lucia	Internal	\$16,640	IELTS overall 6.5 / 6 in each sub-band: see page 33
	5529	075742G	Three semesters					
Admission requirements Bachelor degree in Engineering or related field.							Closing Date: See page 33	
Special note: This program is typically undertaken in two semesters by students with a recognised undergraduate engineering degree. If you do not have the necessary background studies but have significant, relevant work experience, you may be eligible to complete the Masters in three semesters or the Graduate Certificate in Engineering Science, with a view to proceeding to the Masters on completion. Additional costs may be incurred for field trips.								
Postgraduate Pathways to Masters	5527	Graduate Certificate	www.uq.edu.au/study/?int=5527					

Engineering Science (Management)		The Master of Engineering Science (Management) combines postgraduate studies in engineering with business, economics and management. Designed for engineering graduates without a prior formal management background, the program provides you with opportunities to develop business management skills, while also extending your technical engineering knowledge, research experience, technical expertise, and problem-solving, team-building and interpersonal skills.

	Admission requirements Honours degree in engineering or relevant science discipline such as geology, physics, chemistry or mathematics. Relevant industry experience will also be taken into consideration.							Closing Date: See page 33

*** External study**

If you are studying on a student visa you can not undertake this program on campus at UQ on a full-time basis; you can only study from your home country and will not be eligible for an Australian student visa.

^ Indicative fee

Indicative fees are calculated on the basis of average first-year, full-time study patterns. Actual fees may vary according to your choice of majors and electives and whether studying full-time or part-time.

UQ also charges a capped annual Student Services and Amenities Fee (SSAF) – see page 33 for more details.

HEALTH

Apply evidence-based health practice, gain clinical experience, and benefit from our leading research discoveries as you prepare for a career that changes lives.

Please check the following list for basic information about UQ's health postgraduate programs, including academic and English language entry requirements, indicative semester program fees, program duration, start semesters, and fields of study. For more detailed information, visit www.health.uq.edu.au or www.science.uq.edu.au.

Alcohol, Tobacco and Other Drug Studies		Within the field of Public Health, the use of alcohol, tobacco and other drugs is associated with a significant burden of illness and injury in populations around the globe. In addition, individuals, families and communities experience adverse social harms arising from specific patterns of intoxication, modes of drug use and illicit drug markets. This program will equip you with a comprehensive understanding of the political, social, economic and scientific factors that influence the development of alcohol and drug-related policies, services, treatment and prevention modalities.						
PROGRAM CODE	CRICOS CODE	PROGRAM DURATION	START SEMESTER	PROGRAM LOCATION	STUDY MODE	INDICATIVE SEMESTER FEE ^A	ENGLISH LANGUAGE PROFICIENCY	
Graduate Certificate	5508	N/A (online only)	Two semesters P/T (not available F/T)	1 (2 March 2015), 2 (27 July 2015)	Online	External*	\$13,680	IELTS overall 6.5 / 6 in each sub-band: see page 33
Admission requirements Approved degree; or post-secondary study and one year full-time equivalent of work experience in a healthcare or public health setting.							Closing Date: See page 33	

Audiology Studies		This program produces graduates with the conceptual base and skills necessary for entry-level employment in the clinical practice of audiology. Basic and clinical sciences are combined with practical experience to equip graduates to play a professional role in hearing health care. The program integrates the theoretical foundations of audiology with practical clinical skills in preparation for a career as a clinical audiologist. You will also gain the ability to contribute to the development of clinical audiology through research and scholarship.

Coursework Masters	5145	070265F	Four semesters	1 (2 March 2015)	St Lucia	Internal	\$19,290	IELTS overall 7; reading 7; writing 7; speaking 7; listening 7
Admission requirements Bachelor degree in fields such as health; education; or social, physical or biological science, with a grade point average of 4 on a 7-point scale (entry is competitive). Proof of immunisation required.*** Quota: As a guide, 10 places are available.							Closing Date: 30 September 2014	
Placements** Clinical placements begin in Semester 1 of Year 1: blue card and apply first aid certificate (including CPR) required. International clinical placements are not available to students (see www.shrs.uq.edu.au/clinical-placement-requirements).								
Additional cost: Placement costs**: Apply first aid certificate, including CPR (approximately \$155).								

Biostatistics		Biostatistics is the specialised application of statistics (involving study design, data collection, data analysis and interpretation) to the field of health. These programs aim to fill the gap between programs in public health and epidemiology (which train users of biostatistical methods, not professional biostatisticians) and general statistics programs (which do not cater for the diverse and specialised needs in health research). There is an ongoing worldwide shortage of skilled biostatisticians. Students will typically enrol in the three semester program. The two semester program is an accelerated offering for students with a Bachelor (Honours) degree in statistical sciences.

Clinical Dentistry	This program of full-time study and research within a specialist discipline provides you with the required qualification for registration as a specialist within the discipline.							
	PROGRAM CODE	CRICOS CODE	PROGRAM DURATION	START SEMESTER	PROGRAM LOCATION	STUDY MODE	INDICATIVE SEMESTER FEE ^A	ENGLISH LANGUAGE PROFICIENCY
Extended Masters	5404	058537K	Six semesters	1 (mid January 2015)	Herston	Internal	\$29,890	IELTS overall 7; reading 7; writing 7; speaking 7; listening 7
Field of study: Dento-maxillofacial radiology	Admission requirements Bachelor of Dental Science (Honours I or IIA) or equivalent and minimum two years of graduate clinical experience. Overseas trained applicants may be required to undertake a theory and clinical skills assessment (contact the School of Dentistry for further information). You must provide serological evidence that you do not carry blood-borne transmissible viruses (Hepatitis B, Hepatitis C, HIV). Quota: Up to two international students may be accepted.							Closing Date: 30 April 2014
Special note: Due to limited places, offers will only be made after the closing date of 30 April 2014. Dental Board of Australia policy prevents dentists carrying blood-borne viruses from undertaking invasive procedures, the definition of which includes most aspects of clinical dentistry. You must be registered with the Dental Board of Australia for the duration of the program. TB screening is also required in accordance with Queensland Health recommendations. You must complete an Apply first aid certificate and schedule of immunisations*** prior to your studies and a CPR competency recertification course prior to the second and third years of the program. Placements: Outplacement to hospitals such as the Royal Brisbane and Women's, and Royal Children's Hospitals, Brisbane Private Hospital, Queensland Health facilities and external healthcare establishments in Brisbane will occur as part of the discipline training. Additional costs: Annual CPR recertification (approximately \$55); Dental Board registration (approximate total \$2055 based on 2013 fees); Apply first aid certificate including CPR (approximately \$155); shortlisted applicants may undertake a clinical competency assessment as part of the selection process, an examination fee of \$3500 will be charged; successful applicants will have the fee deducted from their tuition fees; Digital SLR clinical camera (\$3000-\$4000) Graduates of the Master of Clinical Dentistry may use the title "Doctor of Clinical Dentistry"								

Clinical Exercise Physiology	Accredited with Exercise and Sport Sciences Australia (ESSA), the peak professional body for exercise and sports science in Australia, this program prepares you for work as an exercise physiologist, a profession that focuses on the use of physical activity and exercise to prevent and manage chronic health conditions, including cardiovascular disease (e.g. diabetes mellitus and coronary heart disease), musculoskeletal injury (e.g. lower back pain) and neurological impairment (e.g. spinal cord injury, brain injury).

Coursework Masters	5518	061814A	Three semesters	2 (27 July 2015)	St Lucia	Internal	\$16,640	IELTS overall 7; reading 7; writing 7; speaking 7; listening 7
	Admission requirements Hold an approved degree, gain a minimum grade point average of 4 on a 7-point scale in the most recently completed Bachelor degree and be recognised as an Exercise Scientist by ESSA or been assessed by ESSA through a Graduate Entry application as not being deficient in any other exercise science subjects, other than those that are covered in the first semester of the program.							Closing Date: 28 February 2015
Placements: Over 500 hours of supervised clinical practice: blue card with yellow card exemption, First Aid and CPR required**.								

Clinical Pharmacy	This program provides students with a broad range of knowledge, skills and resources to practise effectively as a clinical pharmacy practitioner involved in the quality use of medicines and pharmaceutical care. These skills include the capacity to individualise, review and monitor a patient's medication regimen; demonstrate effective communication skills in clinical and non-clinical scenarios; critically appraise medical and pharmaceutical literature, as well as to recognise and describe social issues relating to medicine use. In addition pharmacists will gain insight into contemporary management strategies for pharmacy and health care as well as explore research and evaluation of pharmacy services and practice. Regular updates of the course integrate emerging clinical evidence and current controversies. A major strength of the program is the emphasis on developing clinical practice and the integration of evidence based medicine.

Coursework Masters	5473	065374K	Three semesters	1 (2 March 2015)	St Lucia	Internal	\$19,290	IELTS overall 7; reading 7; writing 7; speaking 7; listening 7
	Admission requirements Approved degree with prior studies in public health nutrition at second year or higher; studies in nutrition science at second year level or higher; studies in physiology at second year level or higher, including human systems physiology; studies in biochemistry at second year level or higher; studies in research methods and/or statistics; studies in behavioural sciences such as psychology; studies in food science. Quota: As a guide, six places are available.							Closing Date: 31 October 2014
Placement: Several days per week in healthcare facility in Brisbane, Ipswich or elsewhere: blue card with yellow card exemption, and proof of immunisation*** required.								

e-Healthcare		The program is designed to provide knowledge and hands-on skills in e-healthcare and is suitable for both health professionals wishing to enhance their understanding of and ability to work effectively with information and communication technologies, and for graduates who wish to pursue careers in the healthcare field. The program explores the influence of technology in healthcare practice, advantages and potential challenges posed by the changes in healthcare delivery, clinical practice, education, administration and research. You will be able to critically evaluate developments in e-healthcare: analyse their effectiveness and possible trends for the future.

Doctor of Medicine		The postgraduate entry MD program produces highly skilled doctors capable of meeting future challenges in a wide variety of careers. Years 1 and 2 constitute Phase 1 of the program, designed to provide you with a strong foundation of knowledge and skills in preparation for clinical practice. Years 3 and 4 make up Phase 2 of the program – the clinical practice phase, consisting of 10 core clinical rotations. The curriculum emphasises case-based learning and group work. You will work cooperatively on a carefully planned series of patient-centred problems, each designed to highlight principles and issues in health and disease. The program's key features include the simultaneous learning of basic, clinical, biological and social sciences; the improved teaching of communication skills; the use of learning approaches that encourage lifelong learning skills; the incorporation of ethics and professional development as an integral part of the program; and the incorporation of information technology and computing skills to ensure that you can use technological advances to improve your learning skills and knowledge acquisition.					
PROGRAM CODE	CRICOS CODE	PROGRAM DURATION	START SEMESTER	PROGRAM LOCATION	STUDY MODE	INDICATIVE SEMESTER FEE [^]	ENGLISH LANGUAGE PROFICIENCY
Extended Masters	5578 (MD)	080921G	Eight semesters	St Lucia, clinical schools	Internal	\$29,920	IELTS overall 7 / 7 in each sub-band
	5579 (MD-Ochsner)	080920G (MD-Ochsner)				US\$29,200	
Admission requirements There are two pathways for entry: Direct entry for graduates and provisional entry for school leavers. Note: The provisional entry pathway does not apply to the MD-Ochsner cohort. Provisional Entry for School Leavers: Year 12 (or equivalent) in the year of application, including Year 12 English (or acceptable alternatives), OP 1 (or equivalent); and have taken either the Undergraduate Medicine and Health Sciences Admissions Test (UMAT) or the International Student Admissions Test (ISAT) in the year of application, achieving a minimum score of 50 in each section of the UMAT or 60 in each section of the ISAT. An offer is conditional on gaining admission to a bachelor degree program (first degree) at UQ in the year following completion of Year 12 and completing the first degree in the minimum time permitted with a grade point average of 5 on a 7-point scale. International applicants completing Year 12 in Australia may apply through QTAC. Direct Entry for Graduates: Grade point average of 5 on 7-point scale in most recently completed key degree (bachelor, postgraduate honours, graduate diploma, masters or PhD) and have taken either the Graduate Australian Medical School Admission Test (GAMSAT) or the North American Medical College Admission Test (MCAT), achieving a minimum score of 50 in each section of the GAMSAT or 8/8/8 for the MCAT. International students can apply via UQ International, or through an Educational Representative for the MD (5578) program. All enquiries regarding the MD-Ochsner (5579) program are to be sent to MedEdPath: Tel: +1 (877) 7770-155 or email info@mededpath.org. MedEdPath is a US-based agency who are the only agency nominated to assist with this program.					Further study options Master of Medicine (Skin Cancer), Master of Sports Medicine, Master of Public Health		Closing Date Applications to UQ International open from April each year and are waitlisted once full: see www.uq.edu.au/international . International applicants completing Year 12 in Australia may apply for provisional entry through QTAC.
Placements: Compulsory elective placement in Year 1. Clinical rotations in Years 3 and 4: apply first aid (including CPR), blue card and proof of immunisation** required							
Special note: All students attend the St Lucia campus in Years 1 and 2 of the MD program, and clinical schools in Years 3 and 4. Graduates of this level 9 Masters (Extended) degree may use the title "Doctor of Medicine".							

Mental Health		This program provides systematic training designed to develop knowledge, skills and attitudes relevant to contemporary mental health practice. You will receive advanced training in a variety of evidence-based interventions and the theoretical principles that underpin them. You will have the opportunity to undertake both structured and independent learning assignments and study in a flexible environment that respects concurrent professional commitments.					
PROGRAM CODE	CRICOS CODE	PROGRAM DURATION	START SEMESTER	PROGRAM LOCATION	STUDY MODE	INDICATIVE SEMESTER FEE [^]	ENGLISH LANGUAGE PROFICIENCY
Coursework Masters	5151	031212J	Three semesters	Herston	Internal/ External	\$13,660	IELTS overall 6.5 / 6 in each sub-band: see page 33
	Admission requirements Approved degree in the field of medicine, nursing, dietetics, rehabilitation sciences, psychology, social work or counselling with a grade point average of 5 on a 7-point scale; and one year full time equivalent of relevant employment experience in a mental health setting; and demonstrate capacity to meet practicum requirements (800 hours supervised clinical placements). Applicants with degrees in other fields may be considered if they possess relevant employment experience. Note: For art therapy, you must satisfy the Art Practice and Clinical Experience standards and undertake an interview.					Closing Date: See page 33	
Special note: The mode of study of courses and location of offering varies depending on the field of study chosen. Please check the entry for the particular field of study that you wish to study for more information. This is particularly important for international students as some courses are only offered externally and residential schools are required for some of these courses.							

Mental Health Nursing		This program enables you to systematically develop knowledge, skills and attitudes relevant to contemporary mental health nursing practice and gain experience in a variety of evidence-based interventions and the theoretical principles underpinning them. You will have the opportunity to undertake both structured and independent learning assignments and study in a flexible environment that respects concurrent professional commitments.					
PROGRAM CODE	CRICOS CODE	PROGRAM DURATION	START SEMESTER	PROGRAM LOCATION	STUDY MODE	INDICATIVE SEMESTER FEE [^]	ENGLISH LANGUAGE PROFICIENCY
Coursework Masters	5509	N/A (online only)	Three semesters	Online	External*	\$13,660	IELTS overall 7; reading 7; writing 7; speaking 7; listening 7
	Admission requirements Approved Bachelor degree or equivalent (as approved by Executive Dean) and current registration as Mental Health Nurse.					Closing Date: See page 33	
Special note: Compulsory residential schools may mean this program is unsuitable for international students.							

Midwifery		This program will enable you to further develop your midwifery knowledge and skills in general or in a specialty field. You will analyse contemporary midwifery practice from a variety of perspectives and develop skills and knowledge that will prepare you for educational leadership roles.						
PROGRAM CODE	CRICOS CODE	PROGRAM DURATION	START SEMESTER	PROGRAM LOCATION	STUDY MODE	INDICATIVE SEMESTER FEE ^A	ENGLISH LANGUAGE PROFICIENCY	
Coursework Masters Fields of study: Advanced practice midwifery • Complex midwifery care	5525	N/A (online only)	Three semesters	1 (2 March 2015), 2 (27 July 2015)	Online	External*	\$13,660	IELTS overall 7; reading 7; writing 7; speaking 7; listening 7
	Admission requirements Bachelor of Midwifery or equivalent and be registered to practise as a midwife.							Closing Date: See page 33
Postgraduate Pathways to Masters	5524	Graduate Certificate		www.uq.edu.au/study/?int=5524				

Nursing		These programs are specifically designed for graduates of approved Bachelor of Nursing degrees and aim to extend your nursing knowledge and skills to an advanced level of practice.						
PROGRAM CODE	CRICOS CODE	PROGRAM DURATION	START SEMESTER	PROGRAM LOCATION	STUDY MODE	INDICATIVE SEMESTER FEE ^A	ENGLISH LANGUAGE PROFICIENCY

Nursing Studies		This program has been specifically designed to prepare you to apply for work as a registered nurse within two years. The program follows a problem-based learning model. All problem-based learning tutorials, clinical laboratories and clinical practice will take place in clinical partner sites. This program will provide you with a professional qualification as a nurse.						
PROGRAM CODE	CRICOS CODE	PROGRAM DURATION	START SEMESTER	PROGRAM LOCATION	STUDY MODE	INDICATIVE SEMESTER FEE ^A	ENGLISH LANGUAGE PROFICIENCY	
Coursework Masters	5491	069418D	Four semesters	1 (2 March 2015)	Teaching hospital	Internal	\$13,660	IELTS overall 7; reading 7; writing 7; speaking 7; listening 7
	Admission requirements Bachelor degree in any other discipline; and meet special entry requirements as set out in program rules for clinical practice.							Closing Date: See page 33
Special note: You must comply with the School of Nursing and Midwifery Infectious Diseases and Immunisation Guidelines and provide serological evidence that you do not carry blood-borne transmissible viruses (Hepatitis B, Hepatitis C and HIV).								
Placements: 1010 hours of clinical practice throughout the program. You will be required to hold a current apply first aid certificate (including CPR) and undergo a National Criminal History Record check (police check) prior to clinical placement. Blue card also required.								

Occupational Therapy Studies		This program equips graduate entry students with the theoretical knowledge, clinical skills and professional attributes necessary for a career in occupational therapy. In addition to a focus on clinical occupational therapy practice, emphasis is placed on the use of prior skills and knowledge to enhance the effectiveness of occupational therapy practice; and the development of advanced adult learning skills for ongoing professional development. First year focuses on the practice of occupational therapy, interdisciplinary clinical studies in child health, psychiatry, and pathology, and directed study courses. Second year covers management, research, and advanced clinical practice. This program will provide you with a professional qualification as an occupational therapist.						
PROGRAM CODE	CRICOS CODE	PROGRAM DURATION	START SEMESTER	PROGRAM LOCATION	STUDY MODE	INDICATIVE SEMESTER FEE ^A	ENGLISH LANGUAGE PROFICIENCY	
Coursework Masters	5147	002041G	Six semesters: this program starts in summer semester and is a full two years duration, including a second summer semester	Summer (1 December 2014)	St Lucia	Internal	\$19,290	IELTS overall 7; reading 7; writing 7; speaking 7; listening 7
	Admission requirements Bachelor degree or equivalent in a field (other than occupational therapy) such as health; education; or social, physical or biological sciences, with a minimum grade point average of 4 on a 7-point scale. Entry is competitive based on grade point average. You must also have completed pre-requisite courses in statistics, human anatomy, social sciences and human physiology. Quota: As a guide, 10 places are available.							Closing Date: 31 May 2014
Special note: You must provide proof of immunisation.***								
Placements**: Full-time placements are of five or 10 weeks duration and occur in the summer and second year of the program: you can nominate your interest and preferred areas for placements; apply first aid certificate (including CPR) and blue card required. International students may be permitted to undertake a placement in their home country but must have an acceptable level of study performance.								
Additional cost: Placement costs**, apply first aid certificate including CPR (approximately \$155), clinical uniform (approximately \$25-\$100)								

Physiotherapy		This program will provide you with the skills and knowledge for advanced clinical practice; and how to critically evaluate and contribute to research in your clinical area (professional development in clinical speciality areas and research are major career demands for physiotherapists). If you undertake a Master of Physiotherapy in either Musculoskeletal or Sports Physiotherapy you could obtain a second masters degree in the alternate area through an additional semester of full-time coursework. Once you graduate, you are eligible to pursue the final stage training for clinical specialisation within the Australian College of Physiotherapists.

	5131	Graduate Diploma	www.uq.edu.au/study/?int=5131					

Speech Pathology Studies		This program equips graduate entry students with the theoretical knowledge, professional attributes, and clinical and research skills necessary for professional careers in speech pathology. As well as providing an understanding of the principles of scientific principles, critical analysis and research design as applied in professional practice, the program includes clinical practicums that focus on paediatric and adult assessment and rehabilitation. This program will provide you with a professional qualification as a speech pathologist.						
PROGRAM CODE	CRICOS CODE	PROGRAM DURATION	START SEMESTER	PROGRAM LOCATION	STUDY MODE	INDICATIVE SEMESTER FEE [^]	ENGLISH LANGUAGE PROFICIENCY	
Coursework Masters	5228	002057M	Five semesters	2 (27 July 2015)	St Lucia	Internal	\$19,290	IELTS overall 7; reading 7; writing 7; speaking 8; listening 7
Admission requirements Bachelor degree or equivalent in a field (other than speech pathology) such as health; education; social, biological or physical sciences; or humanities; with a minimum grade point average of 4 on a 7-point scale. Entry is competitive based on grade point average. You must also have completed pre-requisite courses in statistics and a course in either linguistics, psychology, or physiology. Quota: 10 international places, based on highest academic rank							Closing Date: 28 February 2015	
Special note: You must provide proof of immunisation.*** Placements**: A six-week full-time block of clinical practice occurs at the beginning of the second year of this program and you will be placed according to your previous clinical experiences. Overseas placements are not available. Apply first aid certificate (including CPR) and blue card required. Additional cost: Senior First Aid Certificate (including CPR) (approximately \$155); Clinical uniform (approximately \$25-\$100)								

Sports Coaching		These programs offer practising sports coaches the opportunity to develop their professional practice and prepare them for the world of high performance sport. You will be equipped with applied skills in leadership and management, as well as theoretical and applied knowledge of the principles of science and practice; and will engage in work-based learning experiences that promote and encourage analysis and critical reflection on current coaching practices and contexts.

*** External study**

If you are studying on a student visa you can not undertake this program on campus at UQ on a full-time basis; you can only study from your home country and will not be eligible for an Australian student visa.

**** Placements**

You will be expected to fund travel and living expenses associated with placements, some of which may be outside the Brisbane metropolitan area. Every effort is made to place students within a reasonable distance of the UQ campus but you can be expected to travel up to 60 minutes away. Students are generally placed at Ipswich, Brisbane and the south-east corner of Queensland.

Blue card with yellow card exemption

Working with children check: see glossary in *International UQ Guide 2015*. Schools within the Faculty can help you obtain one upon arrival.

***** Immunisation**

You must provide proof of immunisation against certain diseases, including Hepatitis B. See www.uq.edu.au/health/admissionsreqs for further details.

[^] Indicative fee

Indicative fees are calculated on the basis of average first-year, full-time study patterns. Actual fees may vary according to your choice of majors and electives and whether studying full-time or part-time.

UQ also charges a capped annual Student Services and Amenities Fee (SSAF) – see page 33 for more details.

HUMANITIES, EDUCATION, PSYCHOLOGY AND MUSIC

The focus of all our diverse programs is on people: how they live, work and interact in their families, communities and different societies.

Please check the following list for basic information about UQ's postgraduate programs in humanities, education, psychology and music, including academic and English language entry requirements, indicative semester program fees, program duration, start semesters and fields of study. For more detailed information, visit www.hass.uq.edu.au or www.health.uq.edu.au.

Applied Linguistics		Offering a solid foundation in linguistic theory and practice, these programs are a quality professional development opportunity for language teachers and language professionals in translation and interpreting. You will gain a strong understanding of concepts, current issues, and research methods in the core areas of applied linguistics, and will also have the opportunity to explore research options and develop specialisations for further study. (These programs do not provide entry qualifications for language teaching.)

Organisational Psychology		This program prepares you for organisational psychology practice, focusing on building skills such as critical analysis, problem-solving, communication, consultation and organisational change management. Organisational Psychology seeks knowledge of behaviour in organisational settings by systematically studying individual, group and organisational processes.						
PROGRAM CODE	CRICOS CODE	PROGRAM DURATION	START SEMESTER	PROGRAM LOCATION	STUDY MODE	INDICATIVE SEMESTER FEE ^A	ENGLISH LANGUAGE PROFICIENCY	
Coursework Masters	5199	002042G	Four semesters	1 (2 March 2015), 2 (27 July 2015)	St Lucia	Internal	\$16,640	IELTS overall 7; reading 7; writing 7; speaking 7; listening 7
Admission requirements Honours I or II degree in psychology or equivalent four-year Australian Psychology Accreditation Council (APAC) accredited program from a recognised tertiary institution. If your degree is non-Australian, your qualification must be assessed by the Australian Psychological Society (APS). Special note: You must nominate three referee reports, and include the <i>Psychology Additional Application</i> form with your online application. Shortlisted candidates must undertake an interview. Offers will be made to applicants on the basis of highest academic rank, referee reports and interview. *** See APS Registration note. Quota: 25 students.							Closing Date: 31 August 2014	
Placements**: 1000 hours of supervised practice over four semesters: blue card required.								

Psychology		This program entails a substantial empirical research thesis as well as advanced professionally oriented coursework, with opportunities for specialist concentration in areas such as child and family, health, and older adults. The focus is on gaining a foundation in the scientific bases and practice of clinical psychology. The training in clinical practice employs evidence-based best practice models in health and mental health settings.

Professional Doctorate	5614	084717A	Eight semesters	1 (2 March 2015)	St Lucia	Internal	\$16,640	IELTS overall 7; reading 7; writing 7; speaking 7; listening 7
Fields of study: Clinical neuropsychology and clinical psychology • Clinical psychology • Clinical psychology and clinical geropsychology		Admission requirements Honours I or IIA in psychology or equivalent approved by the Australian Psychological Society (APS). If you have a non-Australian degree your qualifications must be assessed by the APS. Special note: You must provide three referee reports, and include the <i>Psychology Additional Application form</i> with your online application. Shortlisted candidates must undertake an interview. Offers will be made to applicants on the basis of highest academic rank, referee reports and interview. *** See APS Registration note. Quota: 25 students.						Closing Date: 31 August 2014
Placements**: 1500 hours of supervised practice over eight semesters: blue card required. Additional cost: Psychology Board of Australia registration (approximately \$1000 over two years); travel and living costs for placements.								

Social Work Studies		Social work is an exciting and rewarding career for those interested in working with people, and in addressing social and community issues and problems. Social workers play a key role in developing a society based on social justice, and in alleviating disadvantage. Social workers stimulate action to change the social circumstances of individuals and groups who are socially excluded. They also work to reduce personal pain and distress, and provide direction for individual development and control over life situations. This program will provide you with a professional qualification as a social worker.

Coursework Masters	5458	063939E	Three semesters	1 (2 March 2015)	St Lucia	Internal	\$11,360	IELTS overall 7; reading 7; writing 7; speaking 7; listening 7
	5457		Four semesters					
		Admission requirements Bachelor degree with demonstrated study in Social and Behavioural Sciences. If you wish to apply for the three semester program you must produce a professional practice portfolio (independently verified by a qualified social worker) that demonstrates your achievement in your first degree of a series of practice competencies in line with the first placement requirements of the Australian Association of Social Workers (AASW). Guidelines are available from the School of Social Work and Human Services to help you complete the portfolio.						Closing Date: See page 33
Placements**: 1000 hours of supervised practice over two semesters: blue card required. Additional cost: Travel and living costs for placements.								

Teaching		Delivered over four semesters, including a compulsory summer semester, this program provides a teaching qualification in 18 months that enables you to help develop engaged learners and active citizens within a rapidly changing and increasingly global context. The program develops knowledge, classroom skills, research capacities and professional expertise for effective teaching of students from the Preparatory year to Year 7.						
PROGRAM CODE	CRICOS CODE	PROGRAM DURATION	START SEMESTER	PROGRAM LOCATION	STUDY MODE	INDICATIVE SEMESTER FEE [^]	ENGLISH LANGUAGE PROFICIENCY	
Coursework Masters	5556	078819A	Four semesters (includes compulsory summer semester)	1 (2 March 2015)	St Lucia	Internal	\$11,280	IELTS overall 7.5; reading 7; writing 7; speaking 8; listening 8
Field of study: Primary teaching		Admission requirements Bachelor degree (AQF Level 7) or equivalent from an approved tertiary institution that includes the equivalent of at least one full year of study in areas appropriate to the curriculum demands of primary teaching in Australian schools.						Closing Date: See page 33
Placements**: 60 days of work-based training: blue card required. Additional cost: Travel and living costs for placements. Special note: This program is one and a half years full time – the equivalent of two calendar years full time, offered intensively over 18 calendar months with a compulsory summer semester.								

*** External study**

If you are studying on a student visa you can not undertake this program on campus at UQ on a full-time basis; you can only study from your home country and will not be eligible for an Australian student visa.

**** Placements**

Every effort is made to place students within a reasonable distance of the UQ campus but you can be expected to travel up to 60 minutes away. Students are generally placed at Ipswich, Brisbane and the south-east corner of Queensland. You are required to have a current blue card (working with children check) before starting your practice. There will be no extra costs to you in addition to course fees except for incidentals such as travel and daily expenses.

The School of Psychology has a Clinical Program Practicum Handbook that provides additional information about its practicum and school experience requirements and is available from www.psy.uq.edu.au/

Blue card

Working with children check: see glossary in *International UQ Guide 2015*. Schools within the Faculty can help you obtain one upon arrival.

***** APS registration**

An offer in the program will be conditional on gaining probationary or full registration with the Psychologists Board of Queensland, which includes the Board's English Language Proficiency requirements. This registration must be maintained throughout the program.

^ Indicative fee

Indicative fees are calculated on the basis of average first-year, full-time study patterns. Actual fees may vary according to your choice of majors and electives and whether studying full-time or part-time.

UQ also charges a capped annual Student Services and Amenities Fee (SSAF) – see page 33 for more details.

ENGLISH LANGUAGE REQUIREMENTS

DEMONSTRATING ENGLISH LANGUAGE PROFICIENCY

To meet UQ's English language proficiency requirements and gain entry to most postgraduate programs, you must demonstrate one of the following:

- a score equivalent to four semesters with a minimum grade of Sound Achievement in Queensland Authority English or English for ESL Learners (see the *English language proficiency – Queensland Year 12 equivalent* table opposite); less than four semesters may be considered for some programs
- or
- at least 6.5 overall and 6.0 in each sub-band of IELTS (or equivalent test) (see the *English language proficiency – alternative tests and scores* table opposite). (**Please note:** some programs may require a higher IELTS score: see individual program requirements).
- or
- Where applicants cannot demonstrate their English Language Proficiency (ELP) via either of the above, they may still meet the University's ELP minimum requirements if they can provide additional, relevant evidence that satisfies the University's Admissions Units that they are proficient in each of the English language skills. Evidence which may be considered by the International Admissions Manager (for coursework applications) and the Admissions Manager of the Graduate School (for Research and Higher Degree applications) includes:
 - (i) successful completion of a bachelor or master's degree program, or evidence of at least two years full time (or part time equivalent) study, from an accredited university or institution which is recognised by The University of Queensland as one where:
 - English was the medium of instruction, and
 - English was the medium of assessment, and
 - the study has been undertaken during the five (5) years immediately prior to the commencement of study at the University; or
 - (ii) substantial work in an English-speaking professional environment has been undertaken for a period of at least five (5) years immediately prior to the commencement of study at the University; or

- (iii) residence in Australia for a period of ten (10) years or more prior to the commencement of studies.

Other equivalent tests such as TOEFL and Pearson Test of English (PTE) Academic are also accepted (see the *English language proficiency – alternative tests and scores* table opposite), and other qualifications and experience may also be considered. For details, go to ppl.app.uq.edu.au/content/3.40.14-english-language-proficiency-admission-and-concurrent-support#Procedures.

Documentation required

To demonstrate your English language proficiency, you must attach certified copies of all relevant academic transcripts and award certificates to your application. Specific arrangements apply to IELTS, TOEFL and Pearson Test of English (PTE) Academic (see following).

International English Language Testing System (IELTS) test

If you are demonstrating your English proficiency with an IELTS test score, you must attach a copy of the IELTS test result to your application. You can find more information about the IELTS test from IDP Education Australia offices, Australian Diplomatic Missions, and the University's official representatives at www.uq.edu.au/international/edureps.

Test of English as a Foreign Language (TOEFL)

If you are demonstrating your English proficiency with a TOEFL test score, you must arrange for UQ to receive an original copy of an official TOEFL score report for tests other than Internet-based. For Internet-based TOEFL tests, please provide a copy of the TOEFL results for verification purposes. Please ask the Educational Testing Service to send the Official Score Report directly to The University of Queensland, Institution Code 0987. Please note that The University of Queensland does not generally accept TOEFL results for quota-based programs, nor does it accept institutional TOEFL tests.

TOEFL
www.toefl.org

Pearson Test of English (PTE) Academic

If you wish to satisfy the English language proficiency requirement with your PTE result, you will need to send a copy of your results

through your online PTE Academic account so they can be verified.

To send your results, access your account at www.vue.com/pte. Click "Send Scores" and enter "UQ", then click "Send". Your scores will then be available for verification.

Pearson Test of English (PTE)
www.vue.com/pte

English language studies and IELTS at UQ

If you wish to improve your English language proficiency, you can undertake intensive English language studies at UQ's Institute of Continuing & TESOL Education (ICTE-UQ). English language training courses offered by ICTE-UQ are outlined in the *2015 UQ International Study Guide*.

If you wish to receive a package offer of English language studies at ICTE-UQ and a conditional offer of admission to a UQ academic program, you must first meet all other program entry requirements and provide UQ with evidence of your current level of English language proficiency.

ICTE-UQ has been an IELTS test administration centre since 1989.

English language proficiency for visa purposes

If you satisfy the University's English language proficiency requirements, you may still need to meet additional student visa requirements for English proficiency as required by the Department of Immigration and Border Protection (DIBP).

DIBP only accepts certain English tests for visa purposes where evidence of English language proficiency is required: please visit the website for details.

NOTE: * Test scores are valid for two years from the date of the test to the date of commencing the UQ program.

The information above outlines the standard English Language entry requirements for most UQ programs. Some programs, however, require a higher level: please see individual program entry requirements for specific English Language proficiency requirements. Where a higher IELTS is specified, TOEFL cannot be accepted. Information correct as at 30 September 2014 and is subject to change. Please refer to www.uq.edu.au/international/language-requirements for current English Language requirements.

CLOSING DATES

Visa application processing time varies according to whether your program is eligible for Streamlined Visa Processing: see www.uq.edu.au/international-students/svp. You should submit your application no later than the recommended deadline in the table to the right for each Assessment Level to ensure that you have enough time to apply for a student visa.

Some UQ programs have specific early deadline dates: see details on pages 2–31, or check www.uq.edu.au/study.

Department of Immigration and Border Protection (DIBP)
www.immi.gov.au

DEADLINE	SEMESTER 1	SEMESTER 2
SVP Eligible		
	November 30 of previous year	May 31 of same year
SVP Ineligible		
Assessment Levels 1 and 2	November 15 of previous year	May 15 of same year
Assessment Level 3	October 15 of previous year	April 15 of same year

STUDENT SERVICES AND AMENITIES FEE (SSAF)

In 2011 the Australian Parliament passed legislation allowing universities and other higher education providers to charge a fee for non-academic services such as sporting and recreation activities, employment and career advice, child care, financial advice, and food services. UQ levies the SSAF – which is capped at a maximum of \$286 for 2015 – according to whether you are an internal or external student, or enrolled full-time or part-time. The fee is indexed annually. Information about the SSAF for 2015 is available online.
