The tuition fee for a course is determined by multiplying the number of units for the course by the unit fee.

For example, from 1 January 2011, an international student commencing in 2011 would be charged AUD\$3,460 to undertake a 2 unit Law course: 2 x AUD\$1,730 (Fee Band C rate per unit) = AUD\$3,460.

Tuition fees are subject to annual review and cost indexation. Use the Fee Calculator found via the 'What it costs' link at www.uq.edu.au/study, to obtain an estimate of fees.

Information is accurate as at December 2009. It is the responsibility of students to check and confirm their liability for fees when they enrol or change their enrolment.
