2B Fees for post-2015 overseas students

- (1) For post-2015 students, the overseas tuition fee for each program is to be set by the Fees Reviewing Committee on the basis of the fee for one EFTSL for that program recommended by the executive dean and the charging rate per unit (or *rate*) for each program is to be set by dividing the fee for one EFTSL, for that program, by 16.
- (2) The Fees Reviewing Committee must refer matters of academic significance to the provost prior to setting a program fee.
- (3) The amount for each program in Tables 2 and 3 for 2016 and later years will be subject to cost indexation on a basis to be determined by the Fees Reviewing Committee.
- (4) A post-2015 overseas student who enrolls in an undergraduate coursework degree must pay fees for courses at the rate per unit for their program of enrolment as set out in Table 2.
- (5) A post-2015 overseas student who enrolls in a postgraduate coursework degree must pay fees for courses at the rate per unit for their program of enrolment as set out in Table 3.

3. Non-award

- (1) An overseas student enrolled in a study abroad program, or the study program for international students, must pay \$11,700 per semester.
- (2) STEM short course/intensive research experience \$1,462.50 per unit (SCIE3040)

4 Fees for post-2015 overseas students enrolled in a professional doctorate

- (1) An overseas student who enrolls in a course in a professional doctorate must pay the tuition fees determined for that program. The annual overseas tuition fee for each program is to be set by the Fees Reviewing Committee on the recommendation of the executive dean and the charging rate per unit (in this schedule *the rate*) for each program is to be set by dividing the annual program fee by the number of standard units per annum for the program.
- (2) The Fees Reviewing Committee must refer matters of academic significance to the provost prior to setting a program fee.
- (3) The amount for each program in Table 4 for 2016 and later years will be subject to cost indexation on a basis to be determined by the Fees Reviewing Committee.
- (4) If an overseas student enrolls in a non-award course concurrently with the courses in their professional doctorate, they will not pay the tuition fee determined for that program for the non-award course; they will pay the course-based fee determined by the subject area of the course, as per schedule 4, rule 1B.
