

Supplementary Assessment is granted in accordance with General Award Rule (GAR) 1A. Applications are to be lodged with the Faculty (or School for Health Science Faculty only) that administers your program, regardless of which course the supplementary assessment application is for. Applications must be submitted within five (5) days of the finalisation of results for that semester (GAR1A).

Once granted supplementary assessment cannot be rescinded. Please check the course profile of the course for which you are applying as not all courses are able to have supplementary assessment applied.
