Dear OHS community,

Our “UQSafe – Incident Reporting System” safety seminar on Monday 27 June is providing a worthwhile update about the pilot phase of implementing our new incident reporting database and system. Details of the seminar are as follows:

**Date:** Monday 27 June  
**Time:** 10:00am – 11:00am  
**Venue:** Terrace Room, Sir Llew Edwards Building, St Lucia

All are encouraged to come along to hear the outcome of the pilot phase and details on the system before it goes live across the University on Friday 1 July 2016

The success of implementing this key UQ OHS reporting system requires our OHS community’s active participation and all are encouraged to come along to this update.

Further information and updates about the UQSafe Incident Reporting System is provided at the UQ [OHS Division webpage](http://www.uq.edu.au/ohs).

Kind regards

---
