

Guideline

Hearing Testing

All new employees who may be required to work in or in the vicinity of excessive noise are required to undergo a hearing test within 2 months of their appointment.

All current employees who work in or in the vicinity of excessive noise are also required to undertake a hearing test on (initially) a two year basis. These tests are conducted at the University's expense.

To refer an employee for a hearing test, a Hearing Test Referral Form should be completed and forwarded to the Occupational Health and Safety Unit. These forms are attached to the Hearing Conservation Policy document at <http://www.uq.edu.au/ohs/hearin.pdf>.
