NHMRC – European Union Collaborative Research Grants – Opening of Applications

Applications are now open for NHMRC – EU Scheme Grant for funding commencing in 2017.

The NHMRC-European Union (EU) Collaborative Research Grants scheme aims to provide assistance to Australian researchers to participate in multinational research collaborative projects with international researchers that have been selected for funding under the European Commission’s Horizon 2020 Health, Demographic Change and Wellbeing or the Seventh Framework Programme (FP7) calls. More information on Horizon 2020 is available from the European Commission Horizon 2020 website.

Please refer to the NHMRC-EU Collaborative Research Grant website for scheme-specific advice and instructions to applicants.

Important dates are as follows:

UQ internal close for full applications: Wednesday 22 February 2017

NHMRC external close: 4pm Wednesday 1 March 2017

Eligibility

Projects involving Australian researchers based in Australia that are chosen by the European Commission (EC) for funding, may be eligible for NHMRC support. Australian CIs may apply for up to $500,000 over a maximum of five years for each application.

It is intended that all eligible applications will receive funding through the NHMRC-EU scheme.

Full details of Eligibility can be found on the NHMRC-EU Collaborative Research Grant website.

Details of Eligible Horizon 2020 Calls - NHMRC-EU Scheme for funding commencing in 2017 and in 2018 can be found on the UQ Research & Innovation webpage for NHMRC - EU Collaborative Research Grants.

Queries on the schemes may be directed to nhmrc@research.uq.edu.au
