NHMRC-NIH BRAIN Initiative Collaborative Research Grants for funding commencing 2017 - Round Open

The NHMRC-NIH BRAIN scheme provides a contribution to Australian institutions and researchers who are participating in leading international collaborative research that has been selected for funding through the NIH BRAIN Initiative. Applications will be peer reviewed by the NIH and NHMRC will consider funding the Australian component of collaborative applications deemed fundable.

Further information on the BRAIN Initiative is available from the NIH and NHMRC websites.

Eligibility

The specific NIH BRAIN Initiative topics that NHMRC intends to support through the 2016 NHMRC-NIH BRAIN scheme for funding in 2017 are:

- RFA-EB-17-001 BRAIN Initiative: Proof of Concept Development of Early Stage Next Generation Human Brain Imaging (R01)
- RFA-MH-17-235 Foundations of Non-Invasive Functional Human Brain Imaging and Recording - Bridging Scales and Modalities

To be eligible for NHMRC-NIH BRAIN scheme funding, Australian researchers must apply to the NIH BRAIN Initiative as part of a collaborative Australia-US application, for which the NIH application must be submitted by the key dates below.

Key Dates

NHMRC applications open in RGMS: 26 October 2016
NIH external deadline for RFA-MH-17-235 and RFA-MH-17-240: 23 November 2016
NIH external deadline for RFA-EB-17-001): 20 January 2017
NHMRC applications (internal UQR&I deadline): 25 January 2017
NHMRC applications (external NHMRC deadline): 4pm, 8 February 2017

Please contact Taina Lloyd, Research Management Office (nhmrc@research.uq.edu.au) should you have any questions about the NHMRC-NIH BRAIN scheme and for advice on the NIH application process.

UQR&I
7 November 2016
