

# Application for exemption from Assessment

Due date: within 14 days of the due date of assessment item

There are no Supplementary or Special exams available for intra-semester assessment in the School of Biomedical Sciences. If a student is unable to complete a piece of assessment for valid reasons then Marks will be awarded on a pro rata basis if a student presents documentary evidence that explains their absence. Valid reasons for missing a piece of assessment might include, but are not limited to:

- a) Illness - supported by a medical certificate, preferably with an indication that the student was so ill as to be unable to complete the assessment
- b) Religious reasons - supported by a letter from the student's priest (or equivalent)
- c) Sporting Event - only representation at State or National level is recognised as valid

If the piece of assessment instructions and guidelines were given out within a significant time period prior to the due date (ie essays, assignments) please talk to your coordinator about an extension before applying for exemption.

All applications must be presented to one of the School Offices for processing. **DO NOT present to your course coordinator.**
