Teacher preparation programs

# EDUCATION 2012

# THE UQ ADVANTAGE

The University of Queensland enjoys a long tradition of success – here are some excellent reasons to make UQ your university in 2012.

## CHOICE OF PROGRAMS

You will find one of the most comprehensive ranges of high quality programs in Australia at The University of Queensland, with around 375 programs and more than 4000 courses offered at undergraduate and postgraduate level.

## SUCCESSFUL GRADUATES

UQ has a tradition of leadership in all spheres of society, both here and overseas: we include a Nobel Laureate, an Oscar winner, two Governor-Generals, several governors, scores of politicians and Olympic athletes, and countless businesspeople, researchers, and inventors among our graduates.

## INTERNATIONAL REPUTATION

In 2010, QS World University Rankings placed UQ in the top 50 universities in the world. *Times Higher Education rankings 2010* placed UQ in the top one percent worldwide. The University is also one of only three Australian members of Universitas 21, a select international network of comprehensive, research-intensive universities.

## TOP FACILITIES

UQ is constantly upgrading its teaching facilities to meet the needs of both students and industry. Our building program provides access to industry and research professionals in facilities like the recently completed Pharmacy Australia Centre for Excellence at Woollongabba and the \$100m Veterinary School at UQ Gatton.

## EXCELLENT TEACHERS

UQ has won more national teaching awards than any other university in the country. The University has more than 2600 highly-qualified academic staff dedicated to teaching and research, many of whom are recognised internationally as leaders in their fields.

## LEADING RESEARCH

UQ boasts some of Australia's best and brightest inquiring minds and is one of the country's top research universities across any measures, including annual PhD graduations, commercialisation of discoveries, industry collaboration, Excellence in Research for Australia survey results, and funds received from both government and the private sector.

## GREAT CAREERS

UQ qualifications are highly regarded by Australian and international employers, and the employment rate for UQ graduates is considerably higher than the national average. The multitude of programs reflects the diversity of career opportunities available to graduates, and the industry links ensure success.

## COMPLETE PACKAGE

You will enjoy the sense of community that pervades UQ's cosmopolitan campuses at St Lucia, Ipswich, Gatton and Herston. The campuses are renowned as being among the most beautiful and well-equipped in Australia, and offer excellent sporting and cultural facilities plus a broad range of social activities.

# WHAT DO WE MEAN?

You will hear a lot of new terms at University: here is an explanation of some of them...

## Australian (domestic) student

A student who is an Australian citizen or permanent resident, or a New Zealand citizen.

## Bachelor degree

A qualification awarded for the first level of study undertaken at university, generally requiring three to five years of study, depending on the bachelor degree studied.

## Course (formerly known as subject)

A component of study within a program, similar to a subject at school. Full-time students usually study four courses per semester.

## Dual program

A combination of two UQ degree programs undertaken at the same time. These are sometimes called dual degrees, parallel degrees, combined degrees, or double degrees.

## Elective

A course that you can choose to study from a set of options. Some UQ programs allow electives from outside your main area of study.

## Entry scores

Undergraduate students are given an entry score based on high school studies or other post-secondary studies. If you complete high school studies in Queensland you are assigned an Overall Position (OP). Year 12 students in other Australian states are assigned an Interstate Transfer Index (ITI). All other students are assigned a rank. Once you have completed a full year of study at UQ, your OP or ITI is converted to a rank based on Grade Point Average (GPA).

## Grade point average (GPA)

The average grade of your results, weighted by the unit value of each course. GPA is determined on a semester basis and ranges from 1 (lowest) to 7 (highest).

## Faculty

A major organisational unit within UQ, with responsibility for academic programs, e.g., Faculty of Arts. Faculties may have a number of sub-faculty academic units called Schools, e.g., School of ... The head of a faculty is called an Executive Dean.

## Honours

If you are enrolled in a three-year degree, you must undertake additional study to be considered for honours. For four- or five-year bachelor degrees, honours is awarded based on academic performance during the program.

## International student

A student who is not an Australian citizen or permanent resident, nor a New Zealand citizen, and is enrolled or proposes to enrol at an institution in Australia. Temporary residents of Australia are also classified as international students.

## Major/Extended/Dual Major

A major or extended major is an area of specialised study within a program, for example, chemistry. A major, extended major, or dual major may be a formal requirement in a program.

## Minor

A small group of courses in a discipline. A minor is worth approximately half the value of a major.

## Overall Position (OP)

Overall Positions, or OPs, provide a State-wide rank order of students (on a 1 to 25 scale, 1 being the highest) based on your achievement in Authority subjects studied for the Queensland Senior Certificate. Your OP shows how well you have performed in your senior studies when compared with the performances of all other OP-eligible students in Queensland.

## Postgraduate programs

Programs studied after graduating from undergraduate degrees which include graduate certificates, graduate diplomas, masters, and doctorates.

## Program (formerly known as course)

A sequence of study involving enrolment, study and graduation, normally awarded with a qualification such as a bachelors degree, graduate diploma, or certificate.

## Program code

A unique identifying number assigned by the University to a program.

## QTAC

The Queensland Tertiary Admissions Centre (QTAC), the central admissions body for all Queensland undergraduate programs.

## Semester

The University teaching year is divided into three semesters: Semester 1, Semester 2, and Summer Semester. Most programs only require enrolment in Semesters 1 and 2 each year.

## Study Abroad

A program where students enrolled at an overseas university study at UQ for one or two semesters as part of their home university degrees.

## Undergraduate programs

Usually refers to first-time university programs including diplomas and bachelors degrees.

## Unit

The value of a course (#). Most courses at UQ are worth two units but some are higher.

## UQ Terminology

[www.uq.edu.au/study](http://www.uq.edu.au/study) (see UQ Toolkit)

Mai Takamoto Languages Teacher, Iona College

# WHY CHOOSE EDUCATION AT UQ?

## Go global

Graduates can teach interstate and overseas and there is a demand for graduates in rural and remote locations in Queensland and across Australia. International agencies regularly recruit graduates for positions overseas, particularly in the UK.

## Multiple pathways to teaching

We offer a number of pathways into teaching through four-year undergraduate programs, dual degree programs and one-year graduate diplomas for those who have already completed a degree.

## Learn from the best

Our teaching staff have won multiple national teaching awards, meaning that you will be learning from some of Australia's best and most highly regarded teachers.

## Links with leading researchers from across the University

You will draw on the vast resources and expertise from across the University to help develop your content knowledge. For example, if you are studying science education, you will be studying alongside other science students, accessing international standard laboratories and leading international academics.

## Great job prospects

Employment opportunities for graduate teachers are very good. Our graduates have established an excellent track record for gaining full-time employment straight after completing their program. Our programs are very well respected by employers and our reputation is very helpful for graduates when they seek their first professional position.

## Extended practicum experience

All of our teacher preparation programs are built around extensive practical experiences in schools with real students, alongside professional teachers. The practicum experience is an essential part of your journey as a teacher, and a central part of every teacher preparation program.

## Excellent links with teacher participation schools

We work alongside teachers and school communities to improve learning and development of students across the State. Professional partnerships have opened doors for our students to engage in schools on important projects while they are studying.

## Australia's leading education school

The School of Education at UQ is Australia's leading education school. We are a thriving community of academic staff and students who have rich connections with colleagues in a wide range of government and community settings.

Forgan Smith Building, St Lucia campus

# A passion for teaching

Mai Takamoto thinks teaching is one of the most challenging but rewarding jobs in the world.

As a teacher at Iona College, Mai facilitates student learning to allow students from years five to nine to communicate effectively in Japanese and to increase their appreciation for another language and culture.

The Bachelor of Education (Secondary) graduate said one of her career aspirations is to help as many students as possible experience the Japanese culture and language.

"You need to be passionate about what you teach because if you don't love what you are doing it is very difficult to inspire others. Every day is different and you are always learning something new."

Mai's interest in hospitality first led her to choose a Bachelor of Business at UQ as she wanted to study a university degree with a hospitality speciality.

"It was towards the end of my first year of study that I started thinking of becoming a teacher in Australia," she said.

Impressed by the academic strengths, facilities and teaching style at The University of Queensland, Mai enrolled in a Bachelor of Education (Secondary) and Bachelor of Business dual program for her second year of study.

Mai said the structure of the Bachelor of Education (Secondary) was what she really enjoyed.

"I thought the program was well structured as there were many different elective courses to choose from to develop your knowledge and interest in that area.

"I particularly enjoyed my final year of study where I completed two practicum blocks at a school in preparation for becoming a teacher. I felt this helped me concentrate in making the transition from university student to teacher," Mai said.

The UQ experience that Mai said helped her prepare most for work as a teacher within Australia was final year sessions held by UQ academic Dr Kerry McCluskey.

The sessions were held once a week for teacher education students from non-English speaking backgrounds and covered topics such as developing knowledge within a workplace and education systems in Queensland, understanding school and work cultures, as well as visa information for work within Australia.

"UQ offered many opportunities to prepare for life after university. The content of some courses included concepts and practical skills that applied to real life situations."

Mai said her UQ qualifications were highly recognised by her employer and helped her secure a teaching position before graduation.

"One of the memorable experiences of my time at UQ was meeting people from different cultural backgrounds, different study areas and making new friends. I made some good friends over the four years of study and we still catch up regularly. These friends had a great influence on me as we were studying the same program and were able to talk about similar future and career goals."

Mai moved from Japan to Australia when she was 17 to complete her high school studies.

"I chose Australia because of its warm climate, its multiculturalism, and the friendly and outgoing people."

Because of its international ranking in the world's top 50 universities Mai said UQ was well recognised within her home country of Japan.

Mai said her study at UQ helped improve her English language skills.

"The lecturers and tutors at UQ had a great awareness of students from non-English speaking backgrounds and made me feel very welcome to ask questions and ask for help when there was something I didn't understand.

"It also helped my English language skills to make friends with people from different cultural backgrounds.

"I feel that studying and living in Australia is one of the best experiences of my life and I strongly recommend it to others," Mai said.

## SCHOOL EXPERIENCE

Our teacher preparation programs are built around extensive practical experiences in schools with real students, alongside professional teachers.

**Practicum experience is a vital component for development as a teacher, and is designed to link directly with your on-campus learning. This link is managed by a team of UQ facilitators who will mentor you as you progress through your program.**

Students in each of the programs will participate in a variety of professional experiences. These will range from a one day a week program to an eight week full-time practicum, where immersion in the school setting prepares pre-service teachers for the transition to teacher.

Practicum blocks are organised by the School of Education. You will be placed in Queensland schools based on your teaching areas (secondary) or in a variety of age group settings (primary and middle years) and within a reasonable travelling time from your place of residence. There is the opportunity to nominate a rural setting, if desired, and successful applicants may qualify for financial assistance.

Your pre-service experience may include different types of schools, different school communities and different class groupings. The practicum experience is an essential part of your journey as a teacher and a central part of every teacher preparation program offered in The University of Queensland's School of Education.

# EDUCATION (PRIMARY)

## HOW CAN I STUDY PRIMARY EDUCATION?

You can study Primary Education at UQ in the following way:

### – Bachelor of Education (Primary)

**Duration:** 4 years full-time

**Location:** St Lucia

**2011 entry score:** Qld – OP 11/Rank 79; ITI 77.10

**QTAC code:** 742401

### What is Primary Education?

The primary years of schooling are a crucial stage of learning for all children. From the early years to the later years of primary school, teachers need specialist preparation as they are required to teach across key learning areas and to have the skills and knowledge to understand and manage the diverse issues related to early and middle childhood. UQ's Primary program prepares students for teaching across years Prep to 7, through a four-year undergraduate degree.

Studying the Bachelor of Education (Primary) will enable you to teach in the following key learning areas across years P-7:

- Arts (including Drama, Dance, Media, Music and Visual Arts)
- English
- Mathematics
- Science
- Study of Society and Environment
- Health and Physical Education
- Technology.

### What will I study?

The Bachelor of Education (Primary) offers practical school-based learning and draws on the latest research into effective teaching methods, ensuring graduates are well-equipped to meet the challenges of a teaching career. The program is built around a framework for leadership development, ability to respond to diversity and differentiated learning, literacy and numeracy, and effective educational uses of information and communication technologies. In addition, students will have the flexibility to choose a minor from across the University to further develop their content knowledge in a specific area. These include mathematics, sciences, English, history, music or languages.

School practicum (observation) placements commence in the first year of the program so that students gain early experience in classrooms, interacting with children in these age groups. Progressively, school practicum experiences become more extensive with students gradually taking more responsibility for planning and implementing lessons. In the final year of the program, students take on an eight week internship where they take full responsibility for teaching a class with minimal input from their teacher or mentor. The internship enables students to gain a real perspective of teaching. Students also undertake a major project in their final year that combines theory with reflection upon practice.

### What job can I get?

Graduates are eligible to apply for teacher registration in Queensland and employment in both State and non-State schools, interstate and overseas. Our Primary teaching program is a starting point for many different careers working with people in the early and middle years of childhood. The University of Queensland has been preparing teachers for the world's classrooms, for industry, for media and community leadership for nearly 40 years, and our programs and academics remain at the leading-edge of the field. Studying education at The University of Queensland gives you the edge to design your own future on the world stage.

The program is accredited with the Queensland College of Teachers and enables graduates to apply for teacher registration in Australia and overseas.

# EDUCATION (MIDDLE YEARS OF SCHOOLING)

## HOW CAN I STUDY MIDDLE YEARS OF SCHOOLING EDUCATION?

For students without a previous degree:

### – Bachelor of Education (Middle Years of Schooling)

**Duration:** 4 years full-time

**Location:** St Lucia

**2011 entry score:** Qld – OP 11/Rank 79; ITI 77.10

**QTAC code:** 742501

### – Bachelor of Arts/Bachelor of Education (Middle Years of Schooling)

**Duration:** 4 years full-time

**Location:** St Lucia

**2011 entry score:** Qld – OP 10/Rank 81; ITI 77.10

**QTAC code:** 707601

For students who have already completed a degree:

### – Graduate Diploma in Education (Middle Years of Schooling) – see information on page 10

**Duration:** 1 year full-time

**Location:** St Lucia

**2011 entry score:** Qld – OP n/a / Rank 88; ITI n/a

**QTAC code:** 742602

### What is Middle Years of Schooling Education?

Years 4 to 9 are typically known as the middle years, although the term is sometimes applied to a narrower range of ages. The middle years are increasingly recognised as a crucial stage of schooling with significant consequences for ongoing educational success and participation of young people in our future society. Those who study in UQ's Middle Years of Schooling teacher preparation programs are able to teach in the following key learning areas: Arts (including Drama, Dance, Media, Music and Visual Arts); English; Mathematics; Science; Study of Society and Environment; Health and Physical Education; and Technology. Teachers in the middle years need specialist

preparation as they are required to teach across key learning areas and to have the skills and knowledge to understand and manage the diverse issues related to young adolescents.

### What will I study?

The courses you will study as a Middle Years of Schooling Education student are interdisciplinary and issues-based, focusing on the nature of teachers' work. You will work with a highly competent and dedicated team of academics on campus and a range of leading professionals in schools and community organisations. Practice teaching and internships provide the kind of experience and familiarity with classroom activities that will allow the beginning teacher to cope

successfully with initial teaching and to learn on the job. Graduates will be equipped to empower students to engage in lifelong learning, to develop in students the ability to ask questions and to engage in critical dialogue between self and society.

### What job can I get?

An education degree opens up a vast range of career opportunities within educational settings such as classroom teacher, department head, deputy principal, principal, guidance officer, learning support teacher or student advisor. The program is accredited with the Queensland College of Teachers and enables graduates to apply for teacher registration in Australia and overseas.

# EDUCATION (SECONDARY)

## HOW CAN I STUDY SECONDARY EDUCATION?

For students without a previous degree:

### – Bachelor of Arts/Bachelor of Education (Secondary)

**Duration:** 4 years full-time  
**Location:** St Lucia  
**2011 entry score:** Qld – OP 10/Rank 81; ITI 77.10  
**QTAC code:** 707202

### – Bachelor of Business Management/Bachelor of Education (Secondary)

**Duration:** 4.25 years full-time  
**Location:** St Lucia  
**2011 entry score:** Qld – OP 9/Rank 83; ITI 79.35  
**QTAC code:** 710301

### – Bachelor of Creative Arts/Bachelor of Education (Secondary)

**Duration:** 4 years full-time  
**Location:** St Lucia  
**2011 entry score:** Qld – OP 10 /Rank 81; ITI 77.10  
**QTAC code:** 707901

### – Bachelor of Music/Bachelor of Education (Secondary)

**Duration:** 5 years full-time  
**Location:** St Lucia  
**2011 entry score:** Qld – OP n/a / Rank n/a; ITI n/a  
**QTAC code:** 723202

### – Bachelor of Science/Bachelor of Education (Secondary)

**Duration:** 4 years full-time  
**Location:** St Lucia  
**2011 entry score:** Qld – OP 10/Rank 81; ITI 77.10  
**QTAC code:** 731302

For students who have already completed a degree:

### – Graduate Diploma in Education (Secondary) – see information on page 10

**Duration:** 1 year full-time  
**Location:** St Lucia  
**2011 entry score:** Qld – OP n/a / Rank 88; ITI n/a  
**QTAC code:** 742702

## What is Secondary Education?

The University of Queensland's Bachelor of Education (Secondary) dual programs provide students with the opportunity to explore, create and develop new knowledge through practical, school-based learning.

Our programs cover the latest developments, theories, policies and practices in the education arena. Students draw upon the recent research into effective teaching

methods, ensuring they are well-equipped to meet the challenges of a teaching career.

Students completing a dual program with Education are qualified to teach in at least two teaching areas with our flexible options as listed below.

Select from one of these dual Bachelor programs	With senior teaching areas of (select two from within the same program)		
Arts/Education (Secondary)	<ul style="list-style-type: none"> <li>– Chinese</li> <li>– Drama</li> <li>– Economics</li> <li>– English</li> <li>– English as a Second Language</li> <li>– French</li> <li>– Geography</li> <li>– German</li> </ul>	<ul style="list-style-type: none"> <li>– History</li> <li>– Indonesian</li> <li>– Information Processing and Technology</li> <li>– Italian</li> <li>– Japanese</li> <li>– Learning Support</li> <li>– Legal Studies</li> <li>– Mathematics</li> </ul>	<ul style="list-style-type: none"> <li>– Media Studies</li> <li>– Music</li> <li>– Philosophy</li> <li>– Spanish</li> <li>– Studies of Aboriginal and Torres Strait Islander People</li> <li>– Studies in Religion</li> <li>– Study of Society</li> </ul>

Bachelor of Arts/Bachelor of Education (Secondary) graduate, Ryan Caldwell.

## What will I study?

**Bachelor of Education (Secondary)**  
 The Bachelor of Education (Secondary) dual program consists of two parts:

**Part A** – Focuses on issues in teaching and schooling and is completed in conjunction with the requirements of the non-education degree, which provides the content knowledge for two teaching areas. Part A of the Bachelor of Education (Secondary) dual programs requires completion of eight core courses.

**Part B** – Develops the necessary skills, knowledge and practical experience required for application for teacher registration and employment. It is completed during the final Professional Year, and is composed of on-campus lectures, tutorials and workshops which are alternated with blocks of teaching in schools.

Some of the courses you will study as a Secondary Education student include:

- Introduction to Education
- Learning Tools for the 21st Century
- Learning, Mind and Education
- Diversity and Inclusive Education
- Becoming a Professional Educator
- Multicultural and Indigenous Knowledge and Education
- Identity, Youth Cultures and Education.

## Features of our Bachelor of Education (Secondary) dual programs include:

- A wide range of teaching areas from which students may select two.
- At least three years of concentrated studies in the content knowledge for teaching areas and educational theory.

- A final Professional Year, concentrating on teaching practice and preparing pre-service teachers for their professional roles, including 15 weeks of practicum experience.
- Additional preparation and career enhancement programs offering further professional development and insights.
- A supportive environment that values the individual.
- The opportunity to complete two degrees in less time than it would take to complete the two programs separately.

## What job can I get?

UQ Education degrees are recognised worldwide and many graduates seek employment overseas. Secondary school teachers are in demand, especially in the fields of mathematics, science, information technology, and languages other than English. Graduates are eligible to apply for teacher registration in Queensland and employment in both State and non-State schools. Music and language specialists may also seek employment in primary schools. An Education degree opens up a vast range of career opportunities within educational settings such as head of department, deputy principal and principal. The development of key competencies throughout the Bachelor of Education provides knowledge and skills that are also sought by employers in business and industry, especially in areas where an understanding of program development and training are required. The programs are accredited with the Queensland College of Teachers and enable application for teacher registration in Australia and overseas.

“UQ was a great place to study. The feeling of being in a community of learning and research was very strong. The academic staff were very supportive and you had the feeling that they were trying to bring out the best in their students. My peers were full of excellent ideas – it was a very exciting time. Also, the campus itself is so distinctive and beautiful.”

“The Secondary Education Program contained a significant practical component, which was very important. The school I attended during my practicum was certainly very different from the school at which I currently teach, but my teaching is much richer for that experience.”

Greg says that although he doesn't think that any tertiary program can prepare somebody 100% to be a teacher, he felt that the UQ program struck the right balance of theory and practice.

GREG BLAND  
 DIRECTOR OF MATHEMATICS AT  
 BRISBANE GIRLS GRAMMAR SCHOOL  
 BACHELOR OF ARTS/BACHELOR OF  
 EDUCATION (SECONDARY)

# GRADUATE DIPLOMAS IN EDUCATION

Do you already have a degree?  
Become a teacher with one year of study.

For students who have already completed a degree:

**– Graduate Diploma in Education (Middle Years of Schooling)**

**Duration:** 1 year full-time

**Location:** St Lucia

**2011 entry score:** Qld – OP n/a / Rank 88; ITI n/a

**QTAC code:** 742602

**– Graduate Diploma in Education (Secondary)**

**Duration:** 1 year full-time

**Location:** St Lucia

**2011 entry score:** Qld – OP n/a / Rank 88; ITI n/a

**QTAC code:** 742702

**What is the Graduate Diploma in Education?**

The Graduate Diploma in Education programs are teacher preparation programs for students who already hold an appropriate tertiary qualification. The programs consist of periods of on-campus lectures, tutorials and workshops, alternated with blocks of practicum in schools.

**Graduate Diploma in Education (Middle Years of Schooling)**

This program prepares students for teaching across years 4-9 and involves one year professional education study, with focused preparation in:

- English
- Mathematics
- Science
- Study of Society and Environment.

Students also gain broader coverage of the remaining three key learning areas within the general studies component of the program.

**Graduate Diploma in Education (Secondary)**

This program prepares students for employment as secondary school teachers (years 8-12). It provides the skills and knowledge necessary for teaching to complement the current knowledge and skills gained in the first degree. Students will be qualified to teach in at least one of the following curriculum areas:

- Accounting
- Agriculture
- Biology
- Business Organisation and Management
- Chemistry

- Chinese
- Drama
- Economics
- English
- English as a Second Language
- French
- Geography
- German
- Health and Physical Education
- History
- Indonesian
- Information Processing and Technology
- Italian
- Japanese
- Learning Support
- Legal Studies
- Mathematics
- Media studies
- Music
- Philosophy
- Physics
- Science 21, Earth and Environmental Science
- Spanish
- Studies of Aboriginal and Torres Strait Islander People
- Studies in Religion
- Study of Society.

**Entry Requirements**

Entry requirements include the completion of an appropriate Bachelor degree from an approved tertiary institution. This degree must also provide the necessary prerequisites for at least two of the key learning areas of the Middle Years of Schooling stream or for the two nominated teaching areas for the Secondary stream. An interview is also required in the cases where the applicant is applying to study the teaching of a language other than English, or applying to study on a part-time basis.

UQ graduate Jennifer Bergstrum, was recently awarded an Australian Government National Award for Quality Schooling: Excellence as a Beginning Teacher (Highly Commended) for her work as a music teacher at St Aidan's Anglican Girls' School in Brisbane.

Finding employment only a month after graduating, Jennifer believes that the opportunities she was given at UQ contributed to the value of her qualifications.

"The music education subjects were invaluable, in that they offered practical teaching strategies, firmly grounded in solid educational philosophy, delivered by some of Queensland's best educators," she said.

Jennifer says she firmly subscribes to the philosophy that "music should belong to everyone".

"I also continually endeavour to make people aware of the fact that music is a rigorous and academic subject, and that involvement with music enriches lives," she said.

JENNIFER BERGSTRUM  
BACHELOR OF MUSIC (HONS II)  
/BACHELOR OF EDUCATION (SECONDARY)

# UNDERGRADUATE DIPLOMAS

Once you are enrolled at UQ, you may decide to undertake a Diploma in either Music, Languages, or Global Studies at the same time as you complete your bachelor degree.

At UQ, you can now study one of three undergraduate diplomas concurrently with your bachelor degree. You may choose to undertake this over an accelerated period, or spread the load across the duration of your degree.

**Music**

If you love music, this is the diploma for you – no matter what your main academic interest. You can choose between Music Studies and Ensemble in which you can practise performance skills in an orchestral setting, as well as develop other musical techniques and knowledge; or Popular Music and Music Technology which focuses on the technologies of performance, recording, and distribution of popular music's different genres.

**Languages**

If you are keen to learn a new language, whether for personal interest or to enhance your career prospects in the global economy, you can study the Diploma in Languages. This diploma will suit you if you studied a language at high school and want to maintain your proficiency. But it will also suit you if you have never studied a foreign language: you don't need any prior experience. The diploma is available in French, German, Indonesian, Japanese, Korean, Russian and Spanish.

**Global Issues**

The Diploma in Global Issues will appeal to you if you wish to pursue a career in an area where having a global perspective on the environment, economics, politics, and social change will be of advantage. In this program, you will learn how individuals, societies and countries are all interconnected. One exciting feature of this program is the opportunity to make the most of UQ's extensive international connections through study at one of our partner universities.

**How to enrol in a diploma**

If you are interested in the Diploma in Music or the Diploma in Languages, you can apply for these programs directly to UQ once you have been offered a place at UQ through QTAC. If the Graduate Diploma in Global Issues is your area of interest, you will need to complete one year (16 units) of undergraduate studies before applying.

To find out more about undergraduate diplomas, please contact the UQ Admissions Team.

# ADMISSION INFORMATION

## Admission requirements

To gain admission to undergraduate programs, you must satisfy prerequisites and have a sufficient entry score.

Alternative entry pathways are available if you do not have a sufficient entry score or are missing prerequisites. See *Alternative entry or Improving an entry score (upgrading)* in the next column.

See *What do we mean?* on page 2 for definitions of Australian (domestic) and international applicants.

## Prerequisites

Subject prerequisites are the Queensland Year 12 subjects required for individual programs. You may also gain admission to programs with subject equivalents from interstate or overseas schooling, external senior studies, or tertiary studies. Some programs have additional prerequisites, e.g., the Undergraduate Medicine and Health Sciences Admission Test (UMAT).

## Entry scores

Eligible applicants are selected for admission to a program in order of merit, based on entry scores. Those with the highest entry score are selected first, and so on until the program quota is filled.

Entry scores include Overall Positions (OP) and ranks. Current Queensland Year 12 students receive an OP — expressed in a scale extending from 1 to 25.

All other applicants are allocated a rank — expressed in a scale extending from 99.90 to 1. This common ranking scale allows different qualifications to be compared, for example:

- interstate Year 12 students are allocated a Nationally Agreed Common Index called the Australian Tertiary Admissions Rank (ATAR), which is used to calculate a rank
- Australian students who complete the International Baccalaureate (IB) are allocated a Nationally Agreed Common Index called the Combined Rank by QTAC, which is used to calculate a rank
- non-school leavers (including previous Queensland Year 12 students who qualified for an OP) and OP-ineligible Year 12 school leavers are allocated a rank when they apply through QTAC based on previous secondary, tertiary, bridging and preparatory studies, and/or work experience.

The minimum OP or rank required for quota places varies from year to year and is determined once quota applications have been processed and places allocated.

## English language requirements

If you are from a non-English speaking background, you must provide evidence of English proficiency. This may be achieved through a pass in Queensland Year 12 English (or interstate equivalent) or by other means, as outlined in the Entry Options booklet available from UQ Admissions.

## Alternative entry

If you did not complete Year 12, did not achieve a high enough entry score for your preferred program, or are a mature-aged applicant, there are alternative entry pathways to UQ. Contact UQ Admissions for advice on these alternatives.

## Improving an entry score (upgrading)

You can try to improve your entry score and/or meet program prerequisites by accepting an offer in a lower preference program. You can then be allocated a new entry rank that, depending on factors such as academic performance, and your history of previous studies, may be higher than your previous rank.

## Special entry programs

If you are of Australian Aboriginal and/or Torres Strait Islander descent, or have suffered financial hardship or severe disadvantage beyond your control that has affected previously satisfactory results, you may be eligible for special entry to UQ. Contact UQ Admissions for more information.

UQ's Bonus Rank Scheme gives current Year 12 high school students bonus points towards their entry score for completing certain approved subjects. Contact UQ Admissions for more information.

## Programs for High School students

UQ's Enhanced Studies Program (ESP) provides high-achieving secondary school students with an opportunity to extend their studies in an area of interest and to 'test drive' university life. Students accepted into the program can study one UQ course (subject) during Semester One of Year 12. ESP students who successfully complete the program will be eligible to receive one bonus point towards their University entrance rank through UQ's Bonus Scheme. In addition, most ESP students who later enrol in a relevant UQ degree also receive credit for their completed course. ESP study also counts towards your Queensland Certificate of Education (QCE).

For more information, visit [www.uq.edu.au/guidance/esp](http://www.uq.edu.au/guidance/esp)

## How to apply

You can apply for admission to undergraduate programs at UQ through the Queensland Tertiary Admissions Centre (QTAC).

The *QTAC Guide* provides essential information on the application process and explains the entry requirements for all programs offered through QTAC. Free copies are given to all current Queensland Year 12 students and some interstate schools. You can also buy a copy from newsagents or through QTAC.

For 2012 programs, the deadline for on-time applications is 30 September 2011. Contact QTAC for more information.

## Current Year 12 students

- lodge an application online through QTAC's Twelve to Tertiary (TTT) Web application service at [www.qtac.edu.au](http://www.qtac.edu.au)

## International students studying

### Year 12 in Australia

- visit [www.uq.edu.au/international/ausyear12](http://www.uq.edu.au/international/ausyear12) for more information on application procedures and entry requirements

## Other prospective students

- lodge an online application using QTAC's *Apply by Web* service at [www.qtac.edu.au](http://www.qtac.edu.au)

## Enrolment

Once you have been offered a place in a UQ program, you can formally accept the offer by lodging a response with QTAC. You can then enrol at UQ by using the UQ link from QTAC's Current Applicant online service. The UQ enrolment website ([www.uq.edu.au/enrolment](http://www.uq.edu.au/enrolment)) provides information about the enrolment process to help you get started.

# MONEY MATTERS

When planning your study experience, consider the following financial options.

## Fees and charges

When you study at university, you will have to pay fees for each course in which you enrol. Most undergraduate places at UQ are funded partly by the federal government (Commonwealth-supported) and partly by you, and the amount you pay depends on the band level of your course. National priority courses (Mathematics, Science, Statistics) attract the lowest charges.

You are eligible for Commonwealth-supported (CSP) funding if you are an Australian or New Zealand citizen, or an Australian permanent resident. International students must pay full tuition fees.

At UQ, fees are charged according to the courses you undertake, not the program in which you enrol. Because charges will be levied according to your exact enrolment, it is not possible to publish a fixed annual fee.

## Fee Calculator

To help you work out your fees for a semester, UQ has developed an online Fee Calculator, available on the Courses and Programs website.

The Fee Calculator shows individual course fees and allows you to add them to a list to calculate the overall fee for your enrolment. Before you enrol, Academic Advisors can help you develop a study plan.

## Fees information

[www.uq.edu.au/study](http://www.uq.edu.au/study)

## Fee Calculator

[www.uq.edu.au/study](http://www.uq.edu.au/study) (see UQ Toolkit)

## Living costs

As a university student, you will also need to consider other costs of living, especially if you are living away from home for the first time. These include accommodation, books and study requirements, transport, and parking. Fortunately, a wide range of assistance is available.

UQU, the Student Union, has a secondhand bookshop, and provides many low-cost entertainment activities. UQ's Student Services offers help with accommodation and finding a job. And the federal government provides financial support for low-income earners; as well as fee repayment options for students.

## University of Queensland Union

[www.uqu.uq.edu.au](http://www.uqu.uq.edu.au)

## UQ Student Services

[www.uq.edu.au/student-services](http://www.uq.edu.au/student-services)

## Financial assistance

### Centrelink student services

The Federal Government's Centrelink provides three income-support payments for Australian tertiary students: Youth Allowance, Austudy, and Abstudy. You can apply for these payments at any Centrelink Customer Service Centre.

Other schemes include:

- an interest-free advance loan for students, where you are paid part of your allowance as a lump-sum advance
- the Pensioner Education Supplement (PES), which is a payment to certain categories of pensioners commencing study
- the Health Care Card, which enables Commonwealth health concessions, such as low-cost pharmaceuticals, under the Pharmaceutical Benefits Scheme (PBS).

## Centrelink

[www.centrelink.gov.au](http://www.centrelink.gov.au)

## Youth and Student Services

Phone 13 2490

## Abstudy

Phone 13 2317

## HECS-HELP

If you are a domestic student in a Commonwealth-supported place, you are eligible to receive HECS-HELP. HECS-HELP

allows Australian citizens or holders of an Australian permanent resident humanitarian visa to defer all or part of their student contribution amounts for repayment when they meet specific income thresholds. This means that you do not start repaying your HECS debt until you earn a certain income level (currently \$44,912 per tax year), when it is then taken out of your pay as additional tax.

If you pay "up-front", i.e. at the time of enrolment, you will receive a 20% discount on your fees. Please note that New Zealand citizens or Australian permanent residents without a humanitarian visa must pay up-front without the discount.

## FEE-HELP

FEE-HELP is a loan scheme available to Australian citizens or holders of an Australian permanent resident humanitarian visa to help meet tuition fee liability for courses that are not Commonwealth-supported. FEE-HELP can cover all or part of your tuition fees, up to a lifetime limit of \$108,029 for Medicine, Dentistry and Veterinary Science, and \$86,422 for all other programs (indexed annually).

## HECS-HELP/FEE-HELP information

[www.goingtouni.gov.au](http://www.goingtouni.gov.au)

## Scholarships

See page 14.

UQ students Purity Chelangat Goj (front, from Kenya) and Hong Yu Emmanuel Chan (right, from Singapore) outside the Great Court, UQ St Lucia

Kelsey Chambers and Joseph Burton, Vice-Chancellor's Scholarship awardees

Bachelor of Medicine/Bachelor of Surgery student Catherine Roth, recipient of an Indigenous Access Scholarship

Caitlin Sargent, physiotherapy student and recipient of a UQ Sports Achievement Scholarship

## SCHOLARSHIPS

Study at university is much easier when you don't have to worry about money. Find out what's on offer before you enrol at [www.uq.edu.au/scholarships](http://www.uq.edu.au/scholarships)

UQ awards hundreds of scholarships worth millions of dollars each year to students.

Scholarships at UQ are awarded for academic excellence, for research purposes, to help you if you have financial difficulty, to assist elite athletes, and to help with the costs of overseas study. They are made possible with the generous support of our donors, external agencies and industry providers.

### Academic scholarships

UQ wants to encourage and attract high-achieving school leavers who also demonstrate the potential to be future leaders, and so has a generous academic scholarship program in place. You will be selected for one of the three scholarships — UQ Vice-Chancellor's, UQ Excellence, UQ Merit — based on your academic achievement in Year 12, your demonstrated leadership potential, and other achievements.

### Equity scholarships

UQ has a strong commitment to providing support for you if you are financially disadvantaged and offers a range of equity scholarships to Commonwealth-supported students. These include the UQ-Link Access Scholarships and Indigenous Access Scholarships (IAS).

For more information about these scholarships, eligibility criteria, terms and conditions, and the application process, please visit the UQ Scholarships website and click on the *Scholarships for Australian Undergraduate Students* button and select the *Equity* link.

### Scholarships for Indigenous students

As an Indigenous student you have many scholarships from which to choose, including the Indigenous Access Scholarship (IAS), UQ Economics Scholarship, and the Pearl Duncan Teaching Scholarship. See [www.uq.edu.au/atsis/scholarships](http://www.uq.edu.au/atsis/scholarships) for full details.

### International opportunities

If you complete part of your studies as an exchange student through UQ Abroad, you may be eligible for a UQ Student Exchange Scholarship, Jubilee Scholarships as well as the Australian University Mobility in Asia and the Pacific Program (UMAP) are also available.

### Sporting scholarships

If you are a talented sportsperson you may be interested in applying for a UQ Sports Achievement Scholarship or the Clem Jones Sporting Scholarship. Apply online via the UQ Sport website under *High Performance Sport*.

# INTERNATIONAL STUDENTS

More than 10,000 international students from over 100 countries currently call UQ home.

You are an International student if you are a:

- Temporary Resident (visa status) of Australia
- Permanent Resident (visa status) of New Zealand, or
- Resident or Citizen of any other country.

### Eligibility for UQ study

For admission into undergraduate programs at UQ, you must have:

- completed recognised upper secondary or equivalent Year 12 studies to the required standard
- satisfied individual program requirements (e.g., specific subject prerequisites, auditions or interviews)
- satisfied English language requirements.

If you do not meet these criteria, you might consider taking the foundation year bridging course offered by International Education Services (IES) or English language training offered by the Institute of Continuing and TESOL Education (ICTE).

**More information**  
[www.uq.edu.au/international](http://www.uq.edu.au/international)  
[www.foundationyear.com](http://www.foundationyear.com)  
[www.icte.uq.edu.au](http://www.icte.uq.edu.au)

### Study Abroad and exchange

If you are an international student currently studying overseas at an accredited university, you can study at UQ for one or two semesters as part of the Study Abroad program. If another university has an exchange agreement with UQ, you can study at UQ as an exchange student for one or two semesters.

**More information**  
[www.uq.edu.au/international/exchange](http://www.uq.edu.au/international/exchange)  
[www.uq.edu.au/studyabroad](http://www.uq.edu.au/studyabroad)

### Expenses

When you apply for a student visa, the Department of Immigration and Citizenship (DIAC) may ask you for evidence that you have sufficient funds to complete your studies. Expenses to be considered include visa and medical (pre-departure) fees, tuition fees (for full degree or study abroad fees), general living expenses (around \$18,000 - \$22,000 a year), return airfares, and Overseas Student Health Cover (OSHC).

**More information**  
[www.uq.edu.au/international/fees](http://www.uq.edu.au/international/fees)

### Services for international students

International Student Advisors can help you quickly settle into life as a UQ student. These include picking you up at the airport, helping you find temporary accommodation, organising your orientation, and scheduling your academic preparation sessions. They can also answer your questions about health services, family matters, schooling or childcare, social events, and cultural or religious organisations.

**More information**  
[www.uq.edu.au/international-guide](http://www.uq.edu.au/international-guide)

### Fees and charges

Fee-paying students pay tuition fees based on the courses they undertake, regardless of the program in which they enrol.

**Fee information**  
[www.uq.edu.au/international/fees](http://www.uq.edu.au/international/fees)  
**Fee calculator**

## OVERSEAS OPPORTUNITIES

Studying in another country is a great way to learn about the world and broaden your horizons. UQ can help with costs and give you credit towards your degree.

The UQ Abroad program offers you the exciting chance to study overseas for up to a year on exchange, while at the same time gaining credit towards your UQ degree.

Having exchange agreements with more than 150 universities in 35 countries — including the US, UK and France — UQ offers a diverse choice and recommends that all students try the experience.

You can also take advantage of the many internship opportunities that allow you to live and work in another country while gaining valuable experience that may possibly help you find future employment.

### Why go overseas?

Spending part of your program overseas opens up an exciting array of opportunities you may never have thought possible and is especially beneficial when combined with foreign language skills that you have learnt.

Some benefits of having an overseas study or work-experience include:

#### Gain academically

- broaden the scope of your degree
- gain a different perspective on your field of study
- discover new career opportunities
- improve your foreign language skills.

#### Personally rewarding

- experience a different culture first-hand
- increase your understanding of the world and gain a global outlook — a quality highly regarded by employers
- make life-long friends from different parts of the world
- learn more about yourself and your capabilities
- study and gain employment overseas.

## UQ CAMPUSES

UQ's campuses are renowned as being among the most beautiful and well-equipped in Australia.

### UQ ST LUCIA

Situated on the Brisbane River just 10 minutes' drive from the central business district, UQ St Lucia is one of Australia's most attractive campuses. With its striking sandstone buildings and beautiful parklands, it is the ideal setting for both study and recreation. Students can find just about everything they need, including excellent sporting venues, shops and cafés.

### UQ IPSWICH

The Ipswich campus offers a personalised learning environment with a unique community feel. Students benefit from small classes held in purpose-designed teaching spaces and also enjoy a range of support, amenities, and recreational services, including a bookshop, cafés, sports court, oval and gym.

### UQ GATTON

UQ Gatton delivers excellence in agricultural and natural resource sciences in a relaxed, friendly atmosphere. Just over an hour's drive west of Brisbane, the campus offers a unique blend of recreational amenities, support services, modern teaching facilities, state-of-the-art laboratories and historic buildings, along with the \$100 million School of Veterinary Science.

### UQ HERSTON

Herston is UQ's core clinical health teaching and research site. The campus is close to Brisbane city and is located alongside the Royal Brisbane and Women's Hospital and the Royal Children's Hospital. This co-location demonstrates UQ's commitment to working closely with health professionals and researchers to deliver innovative and contemporary health education programs.
