Bachelor of Environmental Science (Honours)

1. Definitions
   In these rules –
   - major means a combination of 16 units from Part B of the BEnvSc (Hons) course list that is approved by the executive dean;
   - the program means the Bachelor of Environmental Science Honours program.

2. Field of study
   A student must undertake the program in a major.

3. Program requirements
   (1) To complete the program, a student must complete 64 units from the BEnvSc (Hons) course list comprising —
       (a) 18 units from part A; and
       (b) 16 units for a major from part B; and
       (c) 16 units from part H; and
       (d) the remaining units from Part B.
   (2) A student must gain 12 units for late year courses from part A and part B.
   (3) A student must complete courses in part A and part B before enrolling in courses in part H.
   (4) A student must gain no more than 24 units of level 1 courses in the program.

4. Maximum credit for other study
   The maximum credit that the associate dean (academic) may grant to a student for other study is 32 units.
   Note See GAR 1.6 of the General Award Rules.

5. Special rules
   5.1 Bachelor of Science degree:
       A student who —
       (a) is enrolled in the Bachelor of Environmental Science (Honours) program; and
       (b) withdraws from the program having completed the requirements of the Bachelor of Science degree,
       may be awarded that degree.

6. Class of honours
   Note...See GAR 2.4 of the General Award Rules.
   A class of honours is awarded to a student on the basis of the student’s average weight percentage for courses in part H of the BEnvSc (Hons) course list.
