1 Definitions
In these rules –

approved combination means a combination approved by the executive dean;
BInfTech major means an approved combination from the BInfTech list;
pre-2008 student means a student who first enrolled in the program before 1 January 2008.

2 Field of study
A student must undertake the BSc part of the dual program in an approved major or extended major.

3 Program requirements
(1) To complete the program, a student must complete 64 units comprising –
   (a) 32 units under the BInfTech course list that may include a major; and
   (b) 32 units under Parts A and B of the BSc course list, comprising –
      (i) 6 units from Part A; and
      (ii) 14 units from Part B; and
      (iii) 12 units from Part A or Part B or a combination of both.
(2) For rule 3(1)(b), a student must gain 12 units for late year courses.
(3) Unless a different intention appears in these rules, a student must comply with the program rules for both degrees.

4 Special rules
4.1 BSc major: A student enrolled under these rules may not undertake the BSc with a –
   (a) major in computer science; or
   (b) dual major in computational science and computer science.

5 Transitional
(1) A pre-2008 student must complete the program under the rules in force on 31 December 2007.
(2) For students entering the program after 1 January 2008 with credit for other study, the executive dean may enrol that student in the current rules or the rules in force on 31 December 2007.
