   (b) satisfy the executive dean that the student is qualified for admission.

3. Program requirements
(1) To complete the 24 unit program, a student must complete 24 units from the MFinMath course list comprising —
   (a) for those students entering with a mathematics background
      (i) 8 units from part A; and
      (ii) 8 units from part C; and
      (iii) 4 units from part D; and
      (iv) 4 units from part E.
   (b) for those students entering with an economics background
      (i) 8 units from part B; and
      (ii) 8 units from part C; and
      (iii) 4 units from part D; and
      (iv) 4 units from part E.

(2) To complete the 32 unit program, a student must complete 32 units from the MFinMath course list comprising —
   (a) for those students entering with a mathematics background –
      (i) 8 units from part A; and
      (ii) 8 units from part C; and
      (iii) 8 units from part D; and
      (iv) 8 units from part E
   (b) for those students entering with an economics background -
      (i) 8 units from part B; and
      (ii) 8 units from part C; and
      (iii) 8 units from part D; and
      (iv) 8 units from part E.
