Bachelor of Biotechnology (Honours)

1 Definitions
In these rules—

dual major means an approved combination of 44 units from Part A of the BBiotech(Hons) list;
major means an approved combination of 32 units from Part A of the BBiotech(Hons) list.

2 Field of study
A student must undertake the program in a major or a dual major.

3 Program requirements
(1) To complete the program, a student must complete 64 units from the BBiotech(Hons) course list, comprising—
   (a) 44 units from part A; and
   (b) 4 units from part A of the list or from the course list for another program offered by the university; and
   (c) either—
        (i) 16 units from part B; or
        (ii) 16 units from part C.
(2) A student must gain 12 units for late year courses from part A.

4 Maximum credit for other study
Note see GAR 1.6 of the General Award Rules.
(1) The maximum credit that the associate dean (academic) may grant to a student for other study towards the 12 units required for rule 3(2) is 8 units.
(2) The maximum credit that the associate dean (academic) may grant to a student for other study is 32 units.

5 Class of honours
The class of honours is calculated on the basis of the GPA of the results obtained by a student in the first attempt at courses in part B or part C of the program.
Note see GAR 2.4 of the General Award Rules.

6 Special rules
6.1 Progression through program
(1) A student must complete part A before enrolling in part B or part C.
(2) To enrol in part C, a student must—
   (a) have completed the requirements of rules 3(1)(a) and 3(1)(b) with a GPA of 4.0; and
   (b) gained a GPA of 4.5 for 8 units of late year courses, approved by the executive dean.
6.2 Award of the bachelor of science
A student who withdraws from the program having completed the requirements for the bachelor of science degree, may be awarded that degree.

6.3 Supplementary assessment
In addition to GAR 1A.17, the associate dean (academic) may grant supplementary assessment in a single course in which the student gains a grade of 3 and where the student—
(a) gains that grade in any semester of study; and
(b) has not been granted supplementary assessment in any course in that semester; and
(c) has not previously been granted supplementary assessment under this rule; and
(d) makes an application for supplementary assessment within 5 days of the release of results.

7 Transitional
A student enrolled in the bachelor of biotechnology as at 31 December 2014 may be permitted to enrol in this program.
