

Bachelor of Mathematics / Bachelor of Science

1 Definitions

In these rules—

BMath major means a major as defined in the BMath rules;

BSc dual major means a dual major as defined in the BSc rules;

BSc extended major means an extended major as defined in the BSc rules;

BSc major means a major as defined in the BSc rules;

late year course means a course at level 3 or higher.

2 Field of study

- (1) A student must undertake the BSc part of the dual program in an approved BSc major or BSc extended major or BSc dual major.
- (2) A student may undertake the BMath in approved BMath major.
- (3) A student may not undertake the Mathematics major in the BSc part of the dual program.
- (4) A student may not undertake the same field in both the BMath and BSc part of the dual.

3 Program requirements

- (1) To complete the program, a student must complete 64 units comprising—
 - (a) 32 units towards the BMath component comprising—
 - (i) 14 units from part A of the BMath course list
 - (ii) 14 units from part B or part C of the BMath course list or a combination of both; and
 - (iii) 4 units from the BMath course list, or part A or part B of the BSc course list, or courses approved by the associate dean (academic); and
 - (b) 32 units under parts A and B of the BSc course list comprising—
 - (i) 6 units from part A;
 - (ii) 14 units from part B; and
 - (iii) 12 units from part A or part B or a combination of both.
- (2) In meeting rule 3(1)(a), a student must gain 8 units for late year courses from part A or part B of the BMath course list or a combination of both.
- (3) In meeting rule 3(1)(b), the student must complete at least 12 units of late year courses from the BSc course list.
- (4) Unless a different intention appears in these rules, a student must comply with the program rules for both degrees.

4 Concurrent enrolment

A student must maintain concurrent enrolment in both constituent degree programs.

Note A dual degree is a single program of study leading to the award of two degrees. A student is not permitted to graduate with one degree and continue enrolment in the program.

5 Special rules

5.1 Courses in both course lists

A student is required to complete STAT1301 for the BMath component and may not enrol in STAT1201. A student can credit STAT1301 to either the BMath or BSc component of the dual.
