

## Bachelor of Computer Science

### 1 Definitions

In these rules—

*approved combination* means a combination of courses approved by the executive dean;

*electives* means courses from parts B, C or D of the BCompSc course list or other courses approved by the executive dean;

*major* means an approved combination of 12 units from part E of the BCompSc course list.

### 2 Field of study

A student may undertake the program in an approved field.

### 3 Program requirements

- (1) To complete the program, a student must complete 48 units from the BCompSc course list, comprising—
  - (a) 24 units from part A; and
  - (b) either—
    - (i) 12 units for a major; or
    - (ii) for a program undertaken with no major, both:
      - (A) 6 units from part B; and
      - (B) 6 units from part C; and
  - (c) the balance from electives.
- (2) Of the 48 units required for the program as set out in rule 3(1), a student must complete—
  - (a) no more than 20 units of level 1 courses; and
  - (b) at least 12 units of courses at level 3 or higher.

### 4 Special rules

#### 4.1 Supplementary assessment

The associate dean (academic) may grant supplementary assessment in a single course in which the student gains a grade of 3 and where the student—

- (a) gains that grade—
  - (i) on the first occasion in the first two semesters of study in a program following admission to undergraduate study at the university; or
  - (ii) in the penultimate semester of the program when—
    - (A) a failing grade would mean the student is unable to complete the program in the following semester; and
    - (B) a higher grade would allow completion of the program with enrolment in 8 units or fewer in the following semester; and
    - (C) the student has not previously been granted supplementary assessment under rule 4.1(a)(ii); or
  - (iii) in the final semester of the program when a higher grade would complete the program requirements; and
- (b) makes an application within 5 days of the release of results.
