Bachelor of Computer Science

1 Definitions
   In these rules—
   
   approved combination means a combination of courses approved by the executive dean;
   
electives means courses from parts B, C or D of the BCompSc course list or other courses
   approved by the executive dean;
   
   major means an approved combination of 12 units from part E of the BCompSc course list.

2 Field of study
   A student may undertake the program in an approved field.

3 Program requirements
   (1) To complete the program, a student must complete 48 units from the BCompSc course list,
       comprising—
       (a) 24 units from part A; and
       (b) either—
           (i) 12 units for a major; or
           (ii) for a program undertaken with no major, both:
               (A) 6 units from part B; and
               (B) 6 units from part C; and
           (c) the balance from electives.
   (2) Of the 48 units required for the program as set out in rule 3(1), a student must complete—
       (a) no more than 20 units of level 1 courses; and
       (b) at least 12 units of courses at level 3 or higher.

4 Special rules
   4.1 Supplementary assessment
   The associate dean (academic) may grant supplementary assessment in a single course in which the
   student gains a grade of 3 and where the student—
       (a) gains that grade—
           (i) on the first occasion in the first two semesters of study in a program following
               admission to undergraduate study at the university; or
           (ii) in the penultimate semester of the program when—
               (A) a failing grade would mean the student is unable to complete the program in
                   the following semester; and
               (B) a higher grade would allow completion of the program with enrolment in 8
                   units or fewer in the following semester; and
               (C) the student has not previously been granted supplementary assessment under
                   rule 4.1(a)(ii); or
           (iii) in the final semester of the program when a higher grade would complete the
                   program requirements; and
       (b) makes an application within 5 days of the release of results.
