Bachelor of Environmental Science (Honours)

1 Definitions
In these rules—

*major* means an approved combination of 16 units from Part B of the BEnvSc(Hons) course list.

2 Field of study
A student must undertake the program in a major.

3 Program requirements
(1) To complete the program, a student must complete 64 units from the BEnvSc(Hons) course list comprising—
   (a) 18 units from part A; and
   (b) 16 units for a major from part B; and
   (c) 16 units from part H; and
   (d) the remaining units from part B.

(2) A student must gain 12 units for late year courses from part A and part B.

(3) A student must gain no more than 24 units of level 1 courses in the program.

4 Maximum credit for other study
The maximum credit that the associate dean (academic) may grant to a student for other study is 32 units.

*Note* see PPL 3.50.03 Credit for Previous Studies and Recognised Prior Learning

5 Class of honours
The class of honours is calculated on the basis of the GPA of results obtained by a student in their first attempt for courses in part H of the BEnvSc(Hons) course list.

*Note* see PPL 3.50.12 Bachelor Honours Degrees

6 Special rules
6.1 Progression through program
A student must complete courses in part A and part B before enrolling in courses in part H.

6.2 Award of the bachelor of science
A student who withdraws from the program having completed the requirements of the bachelor of science degree may be awarded that degree.

6.3 Supplementary assessment
In addition to PPL 3.10.09 Supplementary Assessment, the associate dean (academic) may grant supplementary assessment in a single course in which the student gains a grade of 3 and where the student—
   (a) gains that grade in any semester of study; and
   (b) has not been granted supplementary assessment in any other course in that semester; and
   (c) has not previously been granted supplementary assessment under this rule; and makes an application for supplementary assessment within 5 days of the release of results.
