

Master of Occupational Health and Safety Science (32 units)

1 Definitions

In these rules—

first year university level science means two or more university level courses that cover human anatomy, human physiology, organic chemistry, inorganic chemistry and/or physics.

2 Enrolment requirements

To enrol in the program, a person must—

- (a) hold an approved degree in any discipline; and
- (b) have covered first year university level science; and
- (c) satisfy the executive dean that the applicant is suitably qualified for admission.

3 Program requirements

To complete the program, a student must complete 32 units from the MOHSSc course list comprising—

- (a) 30 units for part A; and
- (b) 2 units from part B or other lists as approved by the associate dean (academic).

4 Maximum credit for other study

The maximum credit that the associate dean (academic) may grant to a student for other study is 8 units.

Note see [PPL 3.50.03 Credit for Previous Studies and Recognised Prior Learning](#).
