Bachelor of Computer Science

1 Definitions

In these rules—

approved combination means a combination of courses approved by the executive dean;
electives means courses from parts B, C or D of the BCompSc course list or other courses approved by the executive dean;

major means an approved combination of 12 units from part E of the BCompSc course list.

2 Field of study

A student may undertake the program in an approved field.

3 Program requirements

(1) To complete the program, a student must complete 48 units from the BCompSc course list, comprising—

(a) 24 units from part A; and

(b) either—

(i) 12 units for a major; or

(ii) for a program undertaken with no major, both:

(A) 6 units from part B; and

(B) 6 units from part C; and

(c) the balance from electives.

(2) Of the 48 units required for the program as set out in rule 3(1), a student must complete—

(a) no more than 20 units of level 1 courses; and

(b) at least 12 units of courses at level 3 or higher.

4 Special rules

4.1 Supplementary assessment

The associate dean (academic) may grant supplementary assessment in a single course in which the student gains a grade of 3 and where the student—

(a) gains that grade—

(i) on the first occasion in the first two semesters of study in a program following admission to undergraduate study at the university; or

(ii) in the penultimate semester of the program when—

(A) a failing grade would mean the student is unable to complete the program in the following semester; and

(B) a higher grade would allow completion of the program with enrolment in 8 units or fewer in the following semester; and

(C) the student has not previously been granted supplementary assessment under rule 4.1(a)(ii); or

(iii) in the final semester of the program when a higher grade would complete the program requirements; and

(b) makes an application within 5 days of the release of results.
