

## Bachelor of Biomedical Science / Bachelor of Science

### 1 Definitions

In these rules—

*BSc dual major* means a dual major as defined in the BSc rules;

*BSc extended major* means an extended major as defined in the BSc rules;

*BSc major* means a major as defined in the BSc rules;

*late year course* means a course at level 3 or higher.

### 2 Field of study

- (1) A student must undertake the BSc part of the dual program in an approved BSc major or BSc extended major or BSc dual major.

### 3 Program requirements

- (1) To complete the program, a student must complete 64 units comprising—
  - (a) 32 units from part A of the BBiomedSc course list; and
  - (b) 32 units under parts A and B of the BSc course list comprising—
    - (i) 6 units from part A;
    - (ii) 14 units from part B; and
    - (iii) 12 units from part A or part B or a combination of both.
- (2) In meeting subrule (1)(b), the student must complete at least 12 units of late year courses from the BSc course list.
- (3) Unless a different intention appears in these rules, a student must comply with the program rules for both degrees.

### 4 Concurrent enrolment

A student must maintain concurrent enrolment in both constituent degree programs.

*Note* A dual degree is a single program of study leading to the award of two degrees. A student is not permitted to graduate with one degree and continue enrolment in the program.
