It is important that you read and understand the following information.

To be eligible to enrol in a dual degree program you must ensure that you satisfy the entry requirements for both programs.

Once enrolled it is your responsibility to ensure that you complete all the requirements for each section of this dual program in order to graduate with both degrees. The following information is designed to help you plan your enrolment to meet this goal. Further information can be found in the Official rules and program lists under the Program Rules and Requirements link for each program in the Programs and courses website:

You are not required to submit this program plan for approval. However, if you have any questions or concerns about meeting degree requirements, especially when you are nearing the end of your program, please contact the relevant Faculty for advice.

**Please note:** Students exiting early with one component of a dual degree must complete the single degree requirements of that component. Students will then be required to follow the single degree rules to complete the remaining component from that dual degree.

**PROGRAM GUIDELINES**

- You must complete a total of #88 for the program.

**Bachelor of Engineering Section Requirements**

- BE Dual Degree students are not permitted to enrol in courses offered by other Faculties where there is an equivalent BE course. Restrictions apply to enrolment in ECON1050, ECON1310, MGTS1201, STAT1201. Details of specific course restrictions are available at:
  http://www.eait.uq.edu.au/be-dual-program

- #52 from the BE List including #50 as defined for the chosen single major and #2 from Part B Electives, or other courses approved by the Executive Dean.

- Study in any dual or extended major or major + minor in Engineering is not available under the dual degree rules. Students pursuing study in the dual BE/BBusMan in these fields will need to enrol in concurrent dual degrees; it is strongly recommended that Centrelink be consulted about enrolment in the concurrent combination as entitlements or allowances may be affected.

- Students should include as much program specific nomenclature as possible (e.g., compulsory (c) introductory elective, advanced process elective, etc).

- BE/BBusMan students should discuss their enrolment plan with an academic adviser.

- The list of academic advisers is available at - http://www.eait.uq.edu.au/eng-academic-advice

**Bachelor of Business Management Section Requirements:**

- #36 from the BBusMan List including –
  - #24 of compulsory courses from Group 1; and
  - Either:
    - #12 from one major in Group 2 (minimum #6 must be at level 3); OR
    - #12 of elective courses from Group 3 (minimum #6 must be at level 3, and maximum #2 may be at level 1).

**Note:**

A) In constructing a course plan, students should pay particular attention to BE/BBusMan Rule 6.1 and 6.2.

B) Depending on your BE major and whether you have completed Maths C (or equivalent), or other subject pre-requisites you may not be able to follow this program plan exactly. Please contact the First Year Engineering Advisor (yr1eng@uq.edu.au) for advice.
# BACHELOR OF ENGINEERING/BACHELOR OF BUSINESS MANAGEMENT DUAL DEGREE PROGRAM STRUCTURE

You can use this outline to plan your program structure.

## BACHELOR OF ENGINEERING

<table>
<thead>
<tr>
<th>Year One</th>
<th>Semester 1</th>
<th>2</th>
<th>Introduction to Management</th>
<th>2</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Semester 2</td>
<td>2</td>
<td>ECON1010</td>
<td>2</td>
</tr>
</tbody>
</table>

## BACHELOR OF BUSINESS MANAGEMENT

<table>
<thead>
<tr>
<th>Year One</th>
<th>Semester 1</th>
<th>2</th>
<th>Introductory Macroeconomics</th>
<th>2</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Semester 2</td>
<td>2</td>
<td>Organisational Behaviour</td>
<td>2</td>
</tr>
</tbody>
</table>

## Total (refer to BE/BBusMan rules and p.1 of this document) #52

**Notes:**
- If you undertake INFS1200 in the BE component, please substitute MGTS1201 with a BBusMan Group 3 elective.
- It is not possible to study more than #8 in semester one of year one.
- Please ensure that an Engineering, Architecture & Information Technology Adviser has approved your plan. (These plans do not need to be submitted to a Business, Economics & Law Adviser.)

Please ensure your BE and BBusMan Majors are correctly listed on mySI-net.
