Bachelor of Engineering (Honours)/ Bachelor of Economics 2015 Dual Degree Program Structure

It is important that you read and understand the following information.

To be eligible to enrol in a dual degree program you must ensure that you satisfy the entry requirements for both programs.

Once enrolled it is your responsibility to ensure that you complete all the requirements for each section of this dual program in order to graduate with both degrees. The following information is designed to help you plan your enrolment to meet this goal. Further information can be found in the Official rules and Course lists under the **Program Rules and Requirements** link for each program in the Programs and Courses website: <u>http://www.uq.edu.au/study/</u>

You are not required to submit this program plan for approval. However, if you have any questions or concerns about meeting degree requirements, especially when you are nearing the end of your program, please contact the relevant Faculty for advice.

<u>Please note:</u> Students exiting early with one component of a dual degree must complete the single degree requirements of that component. Students will then be required to follow the single degree rules to complete the remaining component from that dual degree.

PROGRAM GUIDELINES

• You must complete a total of #88 to satisfy the dual program requirements

Bachelor of Engineering (Hons) Component Requirements

- BE (Hons) Dual Degree students are <u>not permitted</u> to enrol in courses offered by other Faculties where there is an equivalent BE (Hons) course. Restrictions apply to enrolment in ECON1050, ECON1310, MGTS1201, STAT1201. Details of specific course restrictions are available at : <u>http://www.eait.uq.edu.au/be-dual-programs</u>
- #52 from the BE (Hons) course list including courses as defined for the chosen single major and the remainder from Part B Electives or other courses approved by the Executive Dean.
- Study in any dual or extended major or major + minor in Engineering is not available under the dual degree rules. Students pursuing study in the dual BE (Hons)/BEcon in these engineering programs will need to enrol in concurrent dual degrees; it is strongly recommended that Centrelink be consulted about enrolment in the concurrent combination as entitlements or allowances may be affected.
- BE(Hons)/BEcon students should discuss their enrolment plan with an academic advisor (<u>http://www.eait.uq.edu.au/eng-academic-advice</u>)

Bachelor of Economics Component Requirements:

- ✤ #36 from the BEcon List including
 - #18 of compulsory courses from Group 1, not including ECON1050; and
 - #6 from Group 2; and
 - #6 from Group 3; and
 - #6 of elective courses from Groups 2 or 3.

Note:

- A) In constructing a course plan, students should pay particular attention to BE(Hons)/BEcon Rule 5.1 and 5.2.
- B) Depending on your BE (Hons) major and whether you have completed Maths C (or equivalent), or other subject pre-requisites you may not be able to follow this program plan exactly. Please contact the First Year Engineering Advisor (<u>yrleng@uq.edu.au</u>) for advice.

BACHELOR OF ENGINEERING (HONS)/BACHELOR OF ECONOMICS DUAL DEGREE PROGRAM STRUCTURE

You can use this outline to plan your program structure.

BACHELOR OF ENGINEERING(HONS)		BACHELOR OF ECONOMICS	
Please consult your academic adviser for course selection	Total Units #		Total Units #
YEAR ONE		YEAR ONE	
Semester 1		Semester 1	
	2 2	ECON1010 Introductory Microeconomics	2
	2		
Semester 2		Semester 2	•
	2	ECON1020 Introductory Macroeconomics	2
	2 2		
YEAR TWO	2	YEAR TWO	
Semester 1		Semester 1	
	2	ECON Group 2 Elective	2
	2	ECON1310* Quantitative Economics & Business Analysis A	2
Semester 2	-	Semester 2	
	2 2	ACCT1101 Accounting for Decision Making ECON Group 2 Elective	22
YEAR THREE	2	YEAR THREE	2
Semester 1		Semester 1

YEAR SIX		Total	#36
Semester 1			•
	2		
	2		
	2 2		
Total (refer to BE(Hons)/BEcon rules and p.1 of this document)	#52		

* If you undertake STAT1201 or STAT2201 or CHEE2010 or CHEE3010 or MINE3214 in the BE component, please substitute ECON1310 with a BEcon Group 2 or 3 elective.

It is not possible to study more than #8 in semester one of year one.

Please ensure that a Faculty of Engineering, Architecture & Information Technology Adviser has approved your plan. (These plans do <u>not</u> need to be submitted to a Business, Economics & Law Advisor.)

A major in BEcon requires careful planning; please contact your Academic Administration Officer in the Faculty of Business, Economics and Law for assistance.

Please ensure your BE(Hons) and BEcon majors are correctly listed on mySI-net (if applicable).
