

Bachelor of Business Management/Bachelor of Science

2016 Dual Degree Program Structure

It is important that you read and understand the following information.

To be eligible to enrol in a dual degree program you must ensure that you satisfy the entry requirements for both programs.

Once enrolled it is your responsibility to ensure that you complete all the requirements for each section of this dual program in order to graduate with both degrees. The following information is designed to help you plan your enrolment to meet this goal. Further information can be found in the Official Rules and Course lists under the **Program Rules and Requirements** link for each program in the Programs and Courses website:

<http://www.uq.edu.au/study/>

You are not required to submit this program plan for approval. However, if you have any questions or concerns about meeting program requirements, especially when you are nearing the end of your program, please contact the relevant Faculty for advice.

Please note: Students exiting early with one component of a dual degree must complete the single degree requirements of that component. Students will then be required to follow the single degree rules to complete the remaining component from that dual degree.

PROGRAM GUIDELINES

You must complete a total of #68 for the program.

Bachelor of Business Management Section Requirements:

- ❖ #36 from the BBusMan List including –
 - #24 of compulsory courses from Group 1; and
 - #12 from one major in Group 2 (#6 must be at level 3); or
 - #12 of elective courses from Group 3 (#6 must be at level 3, and only #2 may be at level 1).

Bachelor of Science Section Requirements:
