

# Bachelor of Biomedical Science/Bachelor of Science 2020 Dual Program Structure

**It is important that you read and understand the following information about your dual program.**

It is your responsibility to ensure that you complete all the requirements for each section of this dual program in order to graduate with both degrees. The following information is designed to help you plan your enrolment to meet this goal. Further information can be found in the Official Rules and Course lists under the **Program Rules and Requirements** link for each program in the Programs and Courses website: <http://www.uq.edu.au/study/>

You are not required to submit this program plan for approval. However, if you have any questions or concerns about meeting program requirements, especially when you are nearing the end of your program, please contact the Faculty of Science for advice.

***Please note:*** Students exiting early with one component of a dual degree must complete the single degree requirements of that component. Students will then be required to follow the single degree rules to complete the remaining component from that dual degree.

## **PROGRAM GUIDELINES**

You must complete a total of 64 units for the program.

### ***Bachelor of Biomedical Science component requirements:***

- 32 units from Part A of the BBiomedSc course list.
- Recommended study plans for the Bachelor of Biomedical Science can be found at: <https://planner.science.uq.edu.au/>
- Please contact the Faculty of Science on (07) 3365 1888 for more information.

### ***Bachelor of Science component requirements:***

32 units towards the BSc component, comprised of:

- 6 units from Part A (excluding SCIE1000 and STAT1201/STAT1301);
- 14 units from Part B; and
- 12 units from Part A or Part B or a combination of both.
- Students must complete a single major (6 units Level 2 and 8 units Level 3), an extended major or a dual major (10 units Level 2 and 12 units Level 3).
- Students must complete at a minimum total of 12 units of late year (Level 3 or higher) courses from Part B of the BSc course list, of which at least 8 units will be from the major.
- Recommended study plans for each major can be found at: <https://planner.science.uq.edu.au/content/bachelor-of-science>
- Please contact the Faculty of Science on (07) 3365 1888 for more information.
