# Dual Degree Study Planner
## Bachelor of Computer Science / Bachelor of Laws (Honours)

THE UNIVERSITY OF QUEENSLAND AUSTRALIA | CREATE CHANGE

## Important Information

It is your responsibility to ensure that you complete all the requirements for each component of this dual program in order to graduate with both degrees. The following information is designed to help you plan your enrolment to meet this goal.

### Selecting Plans in mySI-net

A plan is a prescribed combination of courses within a program being either a field of study, major, extended major, specialisation, minor or extended minor.

Ensure the plans for your program are correctly listed in mySI-net. If you require assistance selecting your plan(s), follow these instructions.

You may need to amend this study planner depending on the plan(s) that you have chosen to study. To assist you with this, you may wish to refer to the recommended study planners for the plans that are available within the relevant program component:

- Bachelor of Computer Science

- Bachelor of Laws (Hons)

If you require assistance planning your program or have concerns about meeting program requirements, contact the relevant Faculty for advice:

| Program | Faculty | Contact Information |
|---|---|---|
| **Bachelor of Computer Science** | EAIT Faculty | enquiries@eait.uq.edu.au |
| **Bachelor of Laws (Honours)** | BEL Faculty | bel@uq.edu.au |

### Exiting Early

Students exiting early with one component of a dual degree must complete the single degree requirements of that component. Students will then be required to follow the single degree rules to complete the remaining component from that dual degree.

## Program Requirements

1. To complete the program, a student must complete 80 units comprising—
    (a) 32 units from the BCompSc component, comprising—
        (i) 16 units from Compulsory courses; and
        (ii) 16 units for either:
            (A) a BCompSc major; or
            (B) no major comprising—
                (a) 2 units for the Computer Science Extension course; and
                (b) 8 units from Computer Science Introductory Electives; and
                (c) 6 units from Computer Science Advanced Electives; and
    (b) 48 units from the LLB(Hons) component comprising—
        (i) 36 units for part A; and
        (ii) 12 units from part B.

    To ensure you are meeting the requirements, you should refer to the Program Rules found on UQ's Programs and Courses website for the program, under the 'Program Requirements' heading.

    BCompSc students should discuss their enrolment plan with an academic adviser. A list of academic advisers is available at: http://www.itee.uq.edu.au/academic-advice.
