WELCOME TO THE GRADUATE SCHOOL OF MANAGEMENT!

Dear International Students—

On behalf of all of us at the Saint Petersburg University Graduate School of Management, I would like to welcome you to what we hope will be a period of your life that can only be described as a life-changing experience: one which gives you a new perspective on the world, a valuable new international network of friends and future business contacts and especially – those moments to remember, where you discover wonderful things that you otherwise never would have experienced.

Study abroad will always bring challenges: from discovering how to get the courses you need to figuring out how to get just about everything practical to work in your life in this new setting - from public transportation to relations between the sexes. And on top of all of this, you have chosen to “think out of the box” by choosing to do your student exchange in a country, which is still unknown territory for many and by wrestling with a very different new language. You have made a strong move which, by the way, just might be what catches the eye of a future employer when you are looking for that exciting international job after graduation.

In the meanwhile, all of this will not come easily and there might well be times when you feel like pulling out your hair and shouting “What am I doing here?” If that happens, we want you to know that you are welcome to come in to the office and have a talk with us – we are here to help.

Our international program is a work in progress and one which we hope, with your help - to make even better as we go along. So please let us know if something is not working well or if you have a good idea that could make life for our international students even better.

Добро пожаловать в Санкт-Петербург! (‘Welcome to Saint Petersburg!’)

Robin Jensen
Director of International Programs

This Student Guide is dedicated to the many GSOM students who have either worked on it as interns, served as buddies or buddy coordinators and all of those who just take time out of their normal daily routines to make our international students feel welcome here

1.3 | GSOM locations

GSOM is located in two locations:

- Volkhovsky pereulok, 3 (also written as Volkhovsky per.) - Main building & Master programs

- Mikhalovskaya Dacha, Sankt Peterburgskoe shosse, 109, Peterhof

**NB!** There are number of locations in St. Petersburg having the same core name, alongside with a different second word. The ‘pereulok’ word is for a smaller street or a lane in Russian, while ‘ulitsa’ is for a street and ‘prospekt’ is for a larger street or Boulevard. Volkhovsky Pr. Is in a very different part of the city.

Make sure you pay enough attention to this Russian location-naming peculiarity before using your navigator, since the slight difference in the name may cost you a good hour of riding the Metro back and forth — as in the ‘Volkhovsky’ example.

2| DOCUMENTATION ISSUES

2.1| General information

All citizens of non-CIS (Commonwealth of Independent States) countries are required to have a valid visa when entering Russia. Your international passport serves as your primary ID on the territory of the country.

Here is a summary of the things you should not forget to bring with you once you depart from home and while in the process of applying:

<table>
<thead>
<tr>
<th>Document</th>
<th>Things to check and bring with you</th>
</tr>
</thead>
<tbody>
<tr>
<td>□ International Passport</td>
<td>□ It must be valid for <strong>at least 18 months</strong> beyond your stay in Russia</td>
</tr>
<tr>
<td>□ Valid Russian Visa</td>
<td>□ Your name must be in the visa written properly</td>
</tr>
<tr>
<td></td>
<td>□ The class of the visa must be Student: <strong>УЧЁБА</strong></td>
</tr>
<tr>
<td></td>
<td>□ Valid for 90 days</td>
</tr>
<tr>
<td></td>
<td>□ Validity period must start <strong>not later</strong> than the date of your arrival</td>
</tr>
<tr>
<td>□ Migration Card</td>
<td>□ If you arrive by plane, you will receive it upon passing through immigration. Check that the card is filled in properly. If you arrive by bus, train or car, you will have to do it yourself.</td>
</tr>
<tr>
<td></td>
<td>□ Check that the date of your arrival is stamped on the card at the Passport Control</td>
</tr>
<tr>
<td></td>
<td>□ Be sure to put it in a safe place where you are not going to lose it until you depart from Russia</td>
</tr>
<tr>
<td>□ Photographs</td>
<td>□ 6 items (standard, 3x4cm, b&amp;w, matt)</td>
</tr>
</tbody>
</table>

2.2| Migration Card – Your Record of Entry

The purpose of this document is to verify your date of arrival, so you need to hand the paper over to the Passport Control officer and to make sure that you have got a stamp made in the ‘Въезд / Arrival’ section with the date of your arrival in the frame. Please, double-check you have gone through all the necessary steps and that you do have a stamped Migration Card by the airport exit, otherwise you will not be able to register yourself as a student upon arrival and will have to re-enter Russia once again (as strange as this might sound, yes).

Please do not get misled by seemingly casual appearance of this document. It is an important legal document and is required **both** for registering upon arrival, and also when leaving Russia — otherwise you may not be given a new visa in the future.
You need to fill in the document correctly (it is not too complicated and there are different types of Cards printed in many major foreign languages, so you should not have any problems with it).

NB! Note, however, that if you make a mistake, you should begin over on a new form rather than just writing over the mistake.

When you are already in Russia and obtain multiple entry visa, every time you go abroad the border police will take and keep your migration card. When you enter Russia again, you must make sure that:

- you have got a new migration card
- the border police have stamped it (on the day of crossing the border)

NB! In Russia it is possible that police might stop you in the street to check your documents. You should always have with you a copy of your passport and a copy of your migration and registration card!

2.4 | Local registration upon arrival

According to the Migration Legislation of Russian Federation you and your visa must be registered within 2 working days upon your arrival. We will organize that this happens on the first day of Introduction week, but if you arrive at some other time, please contact the International Office immediately after your arrival.

To register, you must submit the following to the GSOM International Office:

- Registration forms (will be given to you upon your arrival at GSOM)
- Passport with a visa and a stamped migration card
- 2 black and white, matte photos, size 3x4cm (can be taken upon your arrival to St. Petersburg)
- Health insurance policy (a copy)

2.5 | Multiple-entry visa

In order to enter Russia you will be granted a one-time visa valid for 90 days; this is a normal procedure as described by visa legislation. You will in any case further need to prolong your stay in the country and if you want to be able to go abroad to obtain a multi-visa.

As soon as you come to GSOM, you will be registered for the whole period of study (semester/academic year) and will be able to apply for a multiple entry visa valid till the end of your study at GSOM that replaces your single 90 day visa.

The process of getting a multiple entry visa takes up to 5 weeks, during which you will not be able to leave Russia and St. Petersburg particularly (please plan your stay in Russia accordingly). Please be aware that many documents are required by the Federal Migration Service for a multiple entry visa. And these documents can be issued only after your arrival to Russia. Therefore, the shortest period of getting a multiple visa cannot be less than 4 weeks upon your arrival to Russia. The cost of a multiple visa is 1600 rubles.
2.6 | Russian Student ID

On the first day of Introduction week you will also be registered as a student. Within about 2 weeks you will receive your Russian Student ID.

This student ID is crucial for your life in Saint Petersburg:

- You will be able to get the transportation card for students;
- You will be able to get a student discount in museums and other places;
- You will be able to use student sport facilities and enter the buildings of the university.
3 | YOUR FIRST DAYS IN SAINT PETERSBURG AND GSOM

3.1 | Arrival

Your buddy will meet you at the airport or at the train or bus station. Make sure that you and your buddy will be able to recognize each other. Make sure that you have received a migration card and have filled it in as soon as you have crossed the border!

The first thing you need to do after arrival is to register in the dormitory and get your place. The easiest way to get to the dorm is by taxi. It costs around 1000 rubles. Your buddy will order it after he or she meets you and you are sure that all of your luggage has arrived to Saint Petersburg. Do not use any offers of transport in the arrival hall except from the official taxi counter! Just in case, the address of the dorm for master program students is Kapitanskaya, 3.

You can also use public transport to get to the dorm, but it might become a challenge with a lot of luggage, as you will need to make 3 changes:

- From the airport take a bus 39 to metro station Moskovskaya
- On Moskovskaya metro station choose direction Parnas and go till metro station Nevsky prospect
- Change to another line – metro station Gostiny Dvor and choose direction Primorskaya – it’s your station to get off the metro
- From metro station Primorskaya you need a bus 7, 47, 151, 152 to get to the dorm, a stop is called Kapitanskaya ulitsa

3.2 | Dormitory

All arriving international students will be offered housing in a university student dormitory. If you for some reason choose not to make use of the space which has been reserved for you, please let us know immediately, as there is a long list of students waiting for rooms at dormitories located in St. Petersburg itself. The rooms and facilities are very basic, if you require more of your living space. But they give you easy access to social contact with other students and a real taste of student life in Russia.

Again, the address of the dorm all incoming master program students will stay in is Kapitanskaya, 3.

3.2.1 | Registration in the dormitory

To register in the dormitory you need to give your passport and a photograph to a lady at the “reception”. She will ask you to read few papers about safety and rules and sign that you are acquainted with them. After a while you will get a key and an entrance card with your photo that you need to present each time you enter the dorm.

They will also give you bed linen, a pillow, a towel, and a blanket.

To finish your registration within few days after arrival you will need to present your lung x-rays, it is a general rule for all students in Russia. You can make it in the city center, on Vosstaniya 1 (metro station Ploschad Vosstaniya). Do not forget to take your passport. This procedure costs 300 rubles. Give the report to the dorm’s administrator afterwards. The buddies will help you with this.
3.2.2 | Payments

The dorm costs 4890 rubles monthly (Spring Semester A.Y. 2015/2016 Price). You can pay either for each month separately or for several months at once and in advance. We recommend you not to pay for the last month of your stay until you have your return ticket and are sure about your date of departure, because they recalculate the fee according to the number of days you stayed. You can pay for the final month when you are sure when exactly you move out.

To get a receipt for the payment you have to go to Housing service office which is located Korabilestroiteley street, 20. You need your passport (later – Russian student ID) and the room number.

How to get there from the dorm: bus 7, 151, 152, trolleybus 10. Bus stop “Korablestroiteley 19”. You will see three twin buildings just next to the bus stop. You need the one in the middle, look for the white annex.

Working hours: Mon-Fri, 9.00-17.45

The payment can be done at the same place, at the dorms’ cashier with no commission. Please keep in mind, they do not accept bank cards, you must pay by cash. Save the receipt and show it to the dorms' administration on the 1st floor.

The payment can be also done near the dorm. There’s Sberbank office just across the street Kapitanskaya. However, note that there’s a small commission applied to this payment.

In any case, always keep your receipts for payment so that you can avoid misunderstandings.

3.2.3 | Rules of order in the dormitory

Guests can visit you but to let them in you need to come downstairs and show your entrance card. Your guest leaves a document at the entrance, which is given back when they exit. Guests cannot stay for a night unless previous permission is granted and payment made.

While staying in the dorm you must accept to abide by the rules of order in effect for all university buildings, as prescribed in the section on the university’s internal regulations section on “Providing order and security on the territory of the University”:

9.2. The following is prohibited on campus:

- Conduct which could prevent or disrupt normal operation of any unit
- Smoking outside places specially designated and equipped for this purpose
- Consumption of alcoholic beverages, including those with a low alcoholic content
- Storage, use or distribution of toxic substances or drugs or similar substances (the list of which is determined by the competent authorities)
- Gambling
- Appearing under the influence of drugs, toxic substance or drugs
- Bringing animals into the building
- Storage, distribution or use of explosives and pyrotechnics
- The disturbance of peace and quiet at night - from 23:00 to 07:00.

NB! Please read these carefully and be prepared to respect them to the letter. We know that part of student life is to enjoy yourself and the company of other students and we hope that doing exactly this will be part of the good memories that you take home with you. We must, however, ask you to do this outside of the university residences. We are aware that you might see other students, whether Russian or other international students, who break these rules, but this will not be accepted as an excuse, if a formal complaint is lodged against you. SPbU GSOM
has no authority over the dormitories and is greatly dependent on a good relationship with the Housing administration if we are to be able to continue to offer university housing to all of our arriving students who would like to have it. If you break these rules, you might find yourself involved in a very unpleasant formal procedure which could jeopardize your stay at the university and which certainly will involve reporting to your home university. There will be very little that we at GSOM can do to assist you if this happens.

3.2.4| Laundry
There are two laundries in the area close to the dorms for master program students.

- **Korablestroiteley, 20/3**
  This laundry is located in the building right next to the one you went to make a payment for the dorm. Look for the blue sign “ПРАЧЕЧНАЯ САМООБСЛУЖИВАНИЯ”. It’s called self-service, but you don’t need to stay there the whole time. You bring your clothes, pay right there via automate and leave your clothes there to the laundry staff. Your clothes would be ready in 2-3 hours depending on the queue.

- **Kapitanskaya, 3**
  There are laundromats in your dorm as well, but keep in mind that you have to pay at Korablestroiteley, 20/3.
  The cost for one load is 95 rubles and 75 rubles for drying (Spring 2015 Prices).

3.2.5| Internet access
There are two options to get internet in your room in the dorm: internet access provided by the University and mobile modem.

**SPbU internet**
To get SPbU internet you have to take your laptop and passport to the SPbU Telecommunications Center to sign a contract. This center is located behind the main university building (Universitetskaya nab, 7-9), in Rector’s wing, room 1. Keep in mind that you will need either an Ethernet cable or Wi-Fi router to connect to the Internet.

Working hours: Mon-Fri 10:30-16:30
Available Internet tariffs according to the year 2014:

<table>
<thead>
<tr>
<th>Cost</th>
<th>Speed</th>
<th>Limit of incoming traffic</th>
</tr>
</thead>
<tbody>
<tr>
<td>400 rubles</td>
<td>25 Mbit / s</td>
<td>2000 GB</td>
</tr>
<tr>
<td>650 rubles</td>
<td>50 Mbit / s</td>
<td>5000 GB</td>
</tr>
<tr>
<td>200 rubles</td>
<td>10 Mbit / s</td>
<td>1000 GB</td>
</tr>
</tbody>
</table>

Together with the contract you will get a 5-digit number that you will use for payment. The easiest way to pay for the internet is through terminals Unikassa. Please, keep in mind that Unikassa charges a 5% commission from your payment, so you always need to include this extra 5% in your payment.

There are 2 terminals close to the dorm on Kapitanskaya:
- Korablstroeiteley 40 (9:00 – 21:00)
- Odoevskogo 31, Ulybka Radugi shop (9:00 – 21:00)

Tech support: 326 4990, working hours Mon-Fri 09:00-18:00

**Mobile modem internet**

Another option for internet access in the dorm is mobile modem. You can buy it in any mobile provider office (MTS, Beeline, Megafon, Tele2 are major ones), but pay attention to the speed and cost of the internet tariff.

**3.3 | Introduction week**

Every semester begins with the Introduction Week. The first days in a new country is always a challenge, so in order to speed up the adaptation process at GSOM, the International Office together with the Buddy Team have plans for your first week in Saint Petersburg.

The introduction week usually consists of several parts:
- Registration process and sessions committed to important information from GSOM academical offices;
- Guest lectures or company visits to the leading Russian manufactures and service providers;
- Russian language crash course, which is now more intensive, to give you the best possible start;
- City tour, different excursions and a lot of fun!

**NB! On the first day all students (bachelors and masters) must come to the main building on Volkovskiy, 3 to go through registration process. Don’t forget your passport, migration card and photographs**

Attendance during the day is expected while social events are always optional, including those cultural and entertaining parts, organized by the Buddy Team that will cost some money. However, we assure you that attending the Introduction Week is the best way to create a social network and start exploring the unique Russian culture together with all exchange students and the Buddy Team!

During Introduction Week you will also register for your courses. Registration is expected to be in the end of August, but you will get an information letter from the office with all the details closer to this dates.

- Attendance is mandatory, especially for seminars
- Since in-class work counts as a part of your final grade you must complete homework and take part in in-class assignments
- Alcohol is prohibited in SPbU buildings as well as attendance while intoxicated
- Smoking in the university buildings is prohibited. You can only smoke outside but at a distance from the entrance
- Eating during classes is not allowed
• Sitting in overclothes in class is not allowed. You may take off the jacket and take it in class with you or leave it in the cloakroom

5.3| Exams
There are 2 kinds of exams: in-class and online. In-class exams may be either open book or closed book exams.

When you have an online exam, you should go to your personal account on the GSOM website, section “My exams”. There you will see the name of the exam and its status: Available. Online exams become available only at the scheduled time.

When you press the button «Available» to start the exam, you will see the guidelines for a specific exam. These guidelines contain the information about the duration of exam, its structure and instructions on how to submit your answers. Read these guidelines very carefully, if you fail to follow these instructions, your exam paper won’t be delivered to our system and it will be considered as Fail. Don’t forget that you have a limited time to complete the exam, so if you submit your answers later than necessary, it will also be considered as Fail.

When you open these guidelines, the exam has not started so do not waste time reading them.

The exam starts as soon as you press the button «Start the exam».

General online exams guidelines
1. An On-line exam starts at the time indicated in the official schedule. The duration of the test is indicated in the syllabus of the course.
2. You will have 1 hour (60 min.) to enter the on-line exam web-page, read detailed instructions (including specific rules for a particular exam) and find the link to the exam.
3. You may start the exam right after you finished reading the instruction or later (max. 60 min. after the time indicated in the schedule). If you start the exam later than in 60 min. you still have to finish it on time.
4. You have to take the exam during the time which is indicated in the syllabus. In most cases it is 2 academic hours (90 min.).
5. After you finish the test, you have to upload it to the system. If there are any problems with uploading the test you should immediately send an e-mail with your file and a screenshot (as a *.jpg file), displaying the problem and the time when it happens to the program manager within 10 minutes after the end of the test. If you upload or send the test after this limited period, the test would be graded as failed.
6. Transfer of the finished exam by a student to the professor directly is forbidden.
7. Please note that communication among students taken the exam or any other forms of cheating is strictly forbidden and will have serious consequences when discovered.
8. Plagarism – the use of another person’s text without indicating the source – is similarly considered to be cheating.

**NB!** Evaluation of each class is open before and only up to the exam.

5.4| Grading system
There are two grading systems at GSOM that are applied depending on the number of students enrolled for a course, there based on either a relative rating or an absolute scale.

The first one, the relative scale, is applied when there are more than 30 students enrolled for the course. The final course grades according to the Russian grading system are granted in accordance with
the students ranking in the following way (50 percent – passing grade): the students ranking in the upper 25% of the list get the “excellent” (5) grade; the next 50% get the “good” (4) grade and the last 25% get the “satisfactory” (3) grade. ECTS credits are granted according to the following scheme: the upper 10% of the students get “A”, the next 25% get “B”, the next 30% get “C”, the next 25% get “D” and the last 10% get “E”.

<table>

6.2 | Great cultural opportunities!

There are many great cultural opportunities to be had in St. Petersburg, both the classic and world famous Mariinsky Theatre—more on them in a minute, as well as concerts with local and international performers. One site where you can check your options which gives a pretty good overview is: http://www.inyourpocket.com/russia/st-petersburg/concerts-culture-events-entertainment

Cinema-freaks will have to make do with videos or streaming because in almost all of the commercial cinemas, ALL showings are dubbed in Russian (although you might be surprised about how much of an action film you understand even though it is in Russian!). Fortunately there is Dom Cinema, see http://www.domkino.spb.ru/ or http://www.rodinakino.ru/ (both sites are in Russian but you can see the titles in English or French etc of the non-Russian films and both venues generally show films in the original version with Russian subtitles.

The Angleterre Cinema Lounge, see: http://www.angleterrecinema.ru/en, shows all films in the original versions (a good selection in English) with Russian subtitles. The same is true for The Cinema (http://artpokaz.com/) which is by the way located at the Art Centre (http://www.loftprojectetagi.ru/en/) where you can attend a modern art exhibition or meet interesting people, and for Formula Kino http://www.formulakino.ru/raspisanie/kino/, where you can find films in the original shown on the silver screens in different parts of the city.

The Mariinsky gets its own billing

While studying at GSOM, you have access to both the Old and New Stages of one of the world’s greatest theatres with classic and contemporary opera and ballet, as well as concerts in the nearby concert Hall. Not only do you have access, but as a student with a visa allowing you to study in Russia, you can purchase tickets for personal use at substantial discounts. Go to the Mariinsky’s site at: http://www.mariinsky.ru/en/. The Russian operas generally have synchronised English supratitles on the electronic banner above the stage. Furthermore, as a student at GSOM, you will get a list early each month showing approximately 30 performances to be offered the following month with very good discounts for GSOM students and staff.

6.3 | Bridge schedules

Saint Petersburg is called the Venice of the North because of its many rivers and canals in the city. But every night during the navigation period the city is split into two parts, because 13 bridges, that cross Neva River, open at night for at least four hours to let large ships pass. This is why you must pay attention to the bridge schedules otherwise you may have to stay on the wrong side of the city for the whole night waiting for the opportunity to get home.

The bridges are drawn from May 5 till November 20 (approximately).

In the list below you can find St. Petersburg bridges opening and closing hours:

7| TRAVELING

The most memorable time of your exchange semester can be connected with traveling around Russia and Northern European countries. While travelling, it is important to keep up to date with the travel status of places you plan to visit.

7.1| Traveling regulations for international students

According to Russian laws, every person has to be registered in a city, if he or she stays there for more than 3 days. If you are staying at a hotel/hostel, its administration will do it for you.

It is crucially important that you notify the international office about your trip each time you leave the city, especially if your trip is abroad, as well as about the fact that you have returned back. Since the university is responsible for you and your safety, administration of GSOM must register the fact that you’re gone and when you are back in St. Petersburg. So to avoid fees and fines notify international office each time.

If you are traveling abroad, the border police will take and keep your migration card every time you leave the country. When you enter Russia again, you must:

- Be sure to get a new migration card
- The border police must stamp it (on the day of crossing the border)

**NB!** When you are back in Russia from abroad, don’t forget to send a scanned copy of your new migration card to Tatiana Skakunova (t.skakunova@gsom.pu.ru) within 1 working day after entering Russia.

**NB!** When you are back in St. Petersburg after traveling within Russia or after your stay in any hotel/hostel of St.Petersburg, send the address of a hotel/hostel you stayed in last time and dates of your trip also to Tatiana Skakunova.

**NB!** Each time you travel take your passport and migration card (or copy) with you!
