About the UvA

World-class education  Founded on a tradition of highly integrated academics, the University of Amsterdam enjoys a global reputation for cutting-edge research, high-quality teaching and a broad range of degree programmes. Our open, tolerant and international academic tradition dates back to 1632, and continues strong today thanks to our thriving community of independent thinkers. Now, with more than 31,000 students, we are considered one of the best research universities in the world. We strive for excellence in teaching and research, and are proud to offer you one of the largest selections of English-taught programmes in continental Europe.

Studying in Amsterdam  Amsterdam provides an ideal environment for academic study. As the capital city with a population over 790,000 inhabitants Amsterdam is the financial, creative and cultural heart of the Netherlands. It is also home to numerous (international) companies, institutions and museums. The city boasts beautiful architecture and more than 150 canals, lending Amsterdam its unique and charming historical ambience. The people of Amsterdam are easy going and welcoming to foreigners since English is the city’s second language. Getting around is easy using the extensive public transport system, or you can explore the city by bike, discovering places no cars, buses or trams can take you.

Exchange  The Global Exchange Programme is an extensive network of 90 non-European partner universities facilitating student exchanges. Ambitious students at one of our partner universities are encouraged to participate in a challenging and inspiring academic exchange programme at the UvA.

Course placement

All incoming students are advised to be as flexible as possible with their course selection. We aim to register students for preferred courses but we cannot guaranteed course placement. Placement is generally not confirmed until right before the start of the semester.

Course selection

Students are advised to select courses from one academic department at the UvA. In certain cases it is possible to take one or two courses in another department, but this can only be arranged on a case-by-case basis by your academic advisor and is dependent on availability of courses.
Limited enrolment | Due to a high demand and space constraints, Amsterdam University College (Liberal Arts & Science) has limited access and therefore reserves the right to review applications on motivation, background, study progress and GPA.

Not open | Medicine, Dentistry, Graduate School of Social Science, MSc. Business Studies.

Dutch language

Dutch Language courses | Each semester, the Institute for Dutch Language Education (INTT) of the UvA offers extensive Dutch courses (non-credit baring) for international students at absolute beginners, beginners, intermediate and advanced level.

Costs & reimbursement | The costs for the semi-intensive course (recommended) is €290* and need to be paid in advance. All Global Exchange students may apply for a reimbursement of €290* upon successful completion of the course. However, Intensive Dutch summer courses are not eligible for this scholarship and has to be financed by the student. *Price is based on last year’s costs and is subject to change.

Application | Applications go through the Office of International Student Affairs. The application form can be found on the INTT website

Dutch culture and society + Dutch language | Each semester the Faculty of Humanities and INTT offer a combined course, consisting of a Dutch language component and a culture and society component. The combined course is worth 12 EC.

Credits, grading & transcripts

Full time course load | A full time workload for UvA students is 30 EC (European Credits). Exchange students generally take between 24 EC and 30 EC. If students wish to take less than 24 EC, permission is needed from the home university and their UvA academic advisor.

Course requirements | According to Dutch immigration guidelines, students need to be enrolled in at least 18 EC per semester in order to be eligible for the student’s residence permit.
**Early leave**  
If students finish a fulltime course load before the end of the semester (eg. in the first two blocks of the semester), they are allowed to return home earlier. Although the lease contracts cannot be shortened and cover (almost) the entire semester.

**Credits per course**  
Generally 6 or 12 EC per course

**Grading system**  
Most faculties at UvA use a grading system ranging from 1-10 (5.5 is a pass), Amsterdam University College uses the US letter system. Some courses may also be taken on a pass/non-pass basis.

**Re-sits**  
All students at the UvA are allowed to re-sit exams if the initial grade is not sufficient to pass the course. Re-sitting an exam to improve a grade that already counts as a pass (>5.5) is not possible. For more information about rules & regulations please consult the host faculty at the UvA.

**Transcripts**  
Official transcripts are automatically send to the exchange office of the home university approximately 6 weeks after the end of the semester.

We work with different housing corporations whom offers various type of rooms, including shared rooms, private rooms with shared facilities and private rooms with private facilities.

  We would like to emphasize that there are not enough rooms available to accommodate all students within the city centre. 50% of the students is placed outside of the city centre. Housing prices in Amsterdam are not based on location instead based on a so-called point system, it measures the quality of the room, for instance state and type of sanitary, room surface.
