"Hello everyone, my name is Huynh Tu Linh and I am now a second-year B Econ (Bachelor of Economics) student at The University of Queensland. My Foundation Year studies have given me key skills and ideal university preparation.

I choose the B Econ because the program can provide me with basic understanding and strong foundations for further studies of Business or Commerce as well as economic applications in real life.

I am really enjoying my life here at UQ. The studying condition is wonderful, people are friendly and helpful, nature is beautiful and the fees and costs are acceptable. Good luck with your study.”
