Research Intention Form for Honours Thesis

Name: _______________________________________________________________

Email: _______________________________________________________________

Topic Area: __________________________________________________________
____________________________________________________________________
____________________________________________________________________

Please be as specific as possible regarding the topic area. We only need an indication at this time of the research topic you are considering. The information you provide is not binding but only to provide us with information regarding your intended area of research.

Thesis Topic (if known): ______________________________________________
____________________________________________________________________
____________________________________________________________________

Proposed Supervisor(s): ______________________________________________
(usually one only but may be two)
____________________________________________________________________

If you have agreement from a staff member to act as supervisor please have them complete the following:

Supervisors’ name:

______________________________________________    ______________________
(name)                                                 (signature of supervisor)    (date)

______________________________________________    ______________________
(name)                                                 (signature of supervisor)    (date)

(or attach a copy of email correspondence with your intended supervisor to this form)

If you require some guidance on possible topics and supervisors please contact either Rodney Beard (3365 6569) or Bruce Littleboy (3365 6573) or by email: r.beard@economics.uq.edu.au or b.littleboy@economics.uq.edu.au

Please complete this form and return to Rodney Beard as soon as possible. Thesis topics and supervisors are required to be finalized by the due date specified in the ECON6910 course-outline for 2004. The course-outline will be made available in the 1sst week of semester.
