Discover the advantages of an education from The University of Queensland (UQ). UQ is one of Australia’s premier learning and research institutions. Internationally renowned for its highly awarded teaching staff, world-class facilities and superior campus environment, UQ is home to over 37,500 students, including 6607 international students from around 120 countries. Situated in Brisbane, a dynamic capital city known for its excellent climate, students enjoy a high standard of living and secure quality of life.

Global Reputation

UQ is a founding member of the Group of Eight (Go8), an elite group of Australian universities that undertakes 70 percent of all Australian university research.

UQ is one of only three Australian members of Universitas 21, a select international alliance of leading research-intensive universities.

In 2006, UQ was ranked 45th in a list of the world’s top universities compiled by the prestigious Times Higher Education Supplement.

Quality Programs

UQ offers a comprehensive range of high-quality programs, with 380 programs and 4,000 courses available, including:

- Arts—Humanities
- Linguistics
- Business, Economics & Tourism
- Engineering & IT
- Geographical Sciences
- Science
- Biotechnology
- Health
- Law
- Social & Behavioural Sciences
- Agriculture, Animal Studies & Veterinary Science

Excellence in Teaching

UQ excels in teaching and was recently ranked in the top five by an Australian Government table ranking Australian teaching quality. In addition, UQ has won more Australian Awards for University Teaching (AAUT) than any other university.

Leading Research

UQ is one of the leading research universities in Australia and leads industry collaboration and research funding. UQ researchers constantly push the boundaries of research to achieve world-acclaimed research breakthroughs.

UQ hosts over 130 research centres, including:

- Queensland Brain Institute
- Sustainable Minerals Institute
- Institute for Molecular Bioscience
- Australian Institute for Bioengineering and Nanotechnology
- Institute for Social Science Research
- Diamantina Institute for Cancer, Immunology and Metabolic Medicine
UQ students benefit from world-class facilities, academic and personal support, and a great mix of sporting, recreational, and social activities.

Campus lifestyle

UQ has three main campuses – St Lucia, Ipswich and Gatton – and teaching and research sites throughout Queensland. While all share UQ’s tradition of excellence, each is an outstanding environment in its own right.

UQ’s St Lucia campus is renowned as one of Australia’s most attractive campuses and is just seven kilometres from Brisbane’s vibrant city heart. UQ Ipswich offers students a unique learning environment, combining a tradition of quality education with a new and dynamic campus. UQ Gatton delivers excellence in agricultural and natural resource sciences.

University of Queensland Indonesian Students Association (UQISA)

UQISA is one of the clubs and societies at the University of Queensland. It is an ethnic based club/society which belongs to Indonesian students studying at UQ. Its membership is also open to all UQ communities. UQISA aims at promoting and facilitating academic, personal and social developments of Indonesian students at UQ.

Muslim Students Association of UQ (MSAUQ)

The MSAUQ was the first Muslim Students Association in Australia. It was formed in 1978 with the aim of providing a platform for Muslim students at UQ to interact, exchange ideas and create rapport. Some of the activities organised by MSAUQ include student and family social events, public lectures, Islamic discussion groups and Eids celebration. UQ produces a Handbook for Muslim students which contains information about contacts for Islamic groups, a list of Halal food products, medical and health contacts and a prayer schedule. There is a library that is stocked with Islamic books and magazines for your reading pleasure.

“I am so grateful to AusAID, without which I wouldn’t be here. UQ offers huge support, and being a postgraduate at UQ will be valuable for applying my skills and my knowledge in Indonesia.”

**Climate and clothing**

Brisbane has a subtropical climate which greatly influences the lifestyle of its residents. During summer (December to February), maximum average temperatures hover around 29ºC, featuring some hot, very humid days. The winter months are mild and very pleasant with mostly crisp, clear, sunny days, blue skies, and average maximum daytime temperatures of around 21ºC.

---

Queensland’s tropical coastal strip includes sandy white beaches, coral islands, and plenty of sunshine. The Daintree Rainforest, the oldest rainforest on Earth, nurtures spectacular wildlife. The Great Barrier Reef is one of the “Natural Wonders of the World”, stretching more than 2000 kilometres along the coast, and home to around 1500 species of fish and 350 types of corals. The unique landscapes of Queensland’s outback span 800,000 square kilometres. Some of the largest sand dunes in the world attract travellers to Stradbroke, Moreton and Fraser Islands. Students who explore further afield in Queensland will enjoy many wonderful and unique experiences.

---

**Brisbane city**

Brisbane is the capital of Queensland, Australia’s “Smart State”, and is widely known as Australia’s most liveable city. It is Australia’s fastest-growing capital with a population of more than 1.7 million and offers a safe, friendly, multicultural environment. The inner city is characterised by the Brisbane River, parklands and botanical gardens, recreation areas, convention facilities, museums, art galleries, a casino, malls, shopping districts, and a host of cosmopolitan restaurants and cafés. Brisbane’s reputation as a friendly, modern city makes it a popular tourist destination.

---

**Brisbane weather**

Temperatures at the UQ Ipswich and UQ Gatton campuses can be up to five degrees hotter in summer and five degrees colder in winter than Brisbane temperatures.

---

**UQ is located** in a part of the world known for its relaxed lifestyle, scenic subtropical surrounds & access to world-renowned tourist attractions.
**STUDENT SERVICES**

The University understands the concerns that may confront international students who are far from home and often separated from family and friends; thus, UQ has a support structure in place to assist students during the settling-in period and throughout their stay.

Student Services’ dedicated International Student Advisers assist students to settle in and adjust to the Australian and UQ culture; provide information on practical issues related to living in Brisbane (e.g. cost of living, banking, transportation etc); assist students to negotiate university processes and access government & community resources; and provide culturally sensitive counselling and support for families. Student Services also includes careers, employment, and personal counselling, as well as disability support. Other priorities include:

♦ Learning support: There are a range of initiatives available to help students get the most out of study at UQ, including the Introductory Academic Program (IAP) and learning assistance.

♦ Getting Started and Orientation: A two-part Orientation is compulsory for new international students and takes place before classes begin.

♦ Diversity: Cultural and religious diversity is valued at UQ, which is committed to ensuring all members of its community work and study in a positive, safe and respectful environment free from harassment and discrimination.

♦ Personal safety: The University maintains high levels of personal safety for all students on campus by providing a 24-hour security presence.

♦ UQ Union: UQ students can voluntarily join the UQ Union (UQU), a student-run organisation that aims to provide representation on University and educational bodies, and social welfare, recreational and commercial services.

---

**FAMILIES**

**Housing & Accommodation**

UQ’s Accommodation Services Unit provides an airport reception and temporary accommodation services, information about housing options at all UQ locations, and advice and services to help students secure the housing that is most suitable to their needs: on-campus residential colleges, off-campus housing, or rental houses or units. AusAID Scholarship students can opt to book their airport reception and temporary accommodation online (more details can be found in the AusAID Supplementary Handbook) or allow UQ to arrange on their behalf. Students can then attend an Accommodation Information Session (run every weekday before and during the IAP). To learn more, go to www.accommodation.uq.edu.au.

**Accompanying Partners**

Volunteer tutors provide free and informal conversational English classes for spouses of international students at the St Lucia and Gatton campuses. UQ’s Institute of Continuing and TESOL Education on the St Lucia campus also offers a comprehensive range of English language programs for a fee.

**School Fees**

In Queensland, children of Australian government scholarship holders will be eligible for a waiver of State school tuition fees for prep-year and grades one to 12. However, parents should budget for school books, uniforms and school outings. University staff will assist you to organise this.

**Childcare Assistance**

Students sponsored by the Australian Government, such as Australian Development Scholarship and Australian Partnership Scholarship students, may be eligible for financial assistance to help with the cost of childcare. A range of childcare services is also available for primary age children (before/after school/vacation care), for which you may also apply for assistance. You will receive more information about this during the IAP.

---

**Student Services**

UQ’s Scholarships Unit is located within the International Education Directorate (IED). This unit manages all AusAID scholarship matters. Prospective and current AusAID students can contact the Scholarships Unit about future study at the University or about any aspect of their current scholarship. The Scholarships Unit produces a Supplementary Information for AusAID Students handbook which is sent to students prior to their departure from Indonesia. This handbook provides comprehensive information specifically for AusAID students. It includes information on pre-arrival, post arrival and other scholarship and study related aspects.

ENGLISH-LANGUAGE ADMISSION REQUIREMENTS

Any of the following tests and scores also fulfill the English proficiency requirements for entry to most* UQ programs. Test scores are valid for two years from the date of the test to the date of commencement of the UQ program.

### Academic Admission Requirements

#### Postgraduate Coursework Programs

For admission into a postgraduate coursework program at UQ, applicants must have:

- Successfully completed a previous, and in some cases relevant Bachelor degree (usually required)
- Satisfied individual program entry requirements - Some disciplines may have additional requirements for admission; for more information contact the relevant school, institute or centre: www.uq.edu.au/gradschool/pgcontacts
- Satisfied English-language requirements

#### Postgraduate Research Degree Programs

UQ offers Master of Philosophy and Doctor of Philosophy postgraduate research degree programs in all research fields available at The University of Queensland.

**Master of Philosophy (MPhil)**

**Entry requirements** A bachelor degree with honours I or II A (or equivalent) is required for entry. A graduate diploma or masters qualifying program may be accepted if it includes a substantial research component.

**Duration** 2-4 semesters full-time (duration can vary).

**Doctor of Philosophy (PhD)**

**Entry requirements** A bachelor degree with honours I or II A, or a masters degree, is normally required for entry. Other qualifications may be considered but these must be endorsed by the head of school as equivalent to at least honours II A at The University of Queensland.

**Duration** 6-8 semesters full-time (duration can vary).

#### Test / system | Overall score | Plus additional score
---|---|---
**International English Language Testing System (IELTS)** | 6.5 | 6 (Writing)
**Test of English as a Foreign Language (TOEFL), paper-based** | 570 | 5 (TWE – Test of Written English)
**TOEFL, computerised** | 237 | 4.5 (Essay rating)
**TOEFL, internet-based** | 90 | 21 (Writing)
**University of Cambridge English Language Proficiency Exams** | A grade of C or better in Certificate of Proficiency in English (CPE); or, a grade of A in Certificate of Advanced English (CAE). | —

*For entry to all occupational therapy, dental science, applied health science, physiotherapy, nursing, pharmacy and veterinary science coursework programs

**International English Language Testing System (IELTS) test** | 7 | 6 (Writing) and 7 (Speaking)

*For entry to all audiology and speech pathology coursework programs

**International English Language Testing System (IELTS) test** | 7 | 6 (Writing) and 8 (Speaking)
Full details on degrees are available at: www.uq.edu.au/study

Below is a list of coursework Master’s programs available at The University of Queensland that are applicable to the ADS priority development areas. Some Master’s programs offer an advanced option which takes an additional semester to complete. A one-semester Graduate Certificate and a two-semester Graduate Diploma are also available in most areas. The Master’s programs listed below are called coursework degrees; however, there is an opportunity to undertake a research component within most programs.

DEMOCRATIC INSTITUTIONS AND PRACTICE
PROGRAMS ALIGNED TO HELP STRENGTHEN THE INSTITUTIONS AND PRACTICES OF DEMOCRACY THROUGH ASSISTANCE FOR LEGAL AND JUDICIAL REFORM AND DEMOCRATIC INSTITUTIONS.

Master of Applied Law
- Intellectual Property Law
- International Trade
- Litigation and Dispute Resolution

The Graduate Certificate in Applied Law (GCAppLaw), Graduate Diploma in Applied Law (GDAppLaw) and Master of Applied Law (MApplLaw) programs are designed for non-law graduates who would find some legal background useful in their careers, or who have a special interest in law, but who do not seek admission to law school.

Duration: 1.5 year(s) full-time
Commencing Semester: 1 & 2
Campus: St Lucia, Ipswich, Gatton
Units: 24
Program Code: 5334
CRICOS Code: 049208B

Master of Governance and Public Policy
This program focuses on issues of good governance and how society deals with challenges and policy problems, often by combining the resources of government, private and community sectors. Students develop practical knowledge combined with high level research skills and a critical, enquiring approach to questions of governance and policy development in the new millennium. Students will be exposed to leading thinkers and debates in the public, private and community sectors, and will develop capacities to enhance effectiveness in the workplace and gain a better understanding of the way governments operate as well as the major public issues confronting our society.

Duration: 1.5 year(s) full-time
Commencing Semester: 1 & 2
Campus: St Lucia
Units: 24
Program Code: 5346 / 5347
CRICOS Code: 053341G / 053342F

Master of International Studies
- standard and advanced

- International Relations
- Peace and Conflict Resolution

International Relations (IR) is one of the most exciting components of political science. Increasingly, professional opportunities are linked to, and pursued within, a shrinking and more complex world. Traditionally, dimensions of IR remain central to international peace and prosperity. These include: international diplomacy, arms control, alliance politics, institutionalism and development studies at both the regional and globalisation in newly industrialising countries and developing economies.

Duration: 1.5 year(s) full-time
 or 2 years for advanced program
Commencing Semester: 1 & 2
Campus: St Lucia
Units: 24 or 32 for advanced program
Program Code: 5346 / 5347
CRICOS Code: 053341G / 053342F

Master of Communication
This program is designed to enhance the skills of existing communication graduates and professionals. Courses are designed to increase understanding of the application of communication theory and research to health promotion, business, public relations, policy and politics, intercultural relations and globalisation.

Duration: 1.5 year(s) full-time
Commencing Semester: 1 & 2
Campus: St Lucia, Ipswich, Gatton
Units: 24
Program Code: 5314
CRICOS Code: 034017K

Master of Communication
- Communication for Social Change
- Health Communication
- Organisational Communication
- Public Relations & Professional Communication
- Science Communication

This program provides students with the knowledge and skills required to excel in the ever-expanding communication industries. The program is designed to enhance the skills of existing communication graduates and professionals. Courses are designed to increase understanding of the application of communication theory and research to health promotion, business, public relations, policy and politics, intercultural relations and globalisation.

Duration: 1.5 year(s) full-time
Commencing Semester: 1 & 2
Campus: St Lucia
Units: 24
Program Code: 5154
CRICOS Code: 009390M

Master of Development Practice
- standard and advanced

- Community Development
- Development Planning
- International Political Development
- Planning for Social Development

The program is aimed at those who wish to obtain a better knowledge of the dilemmas of social, political and economic development and of the means to develop solutions to these problems. The International Political Development field is concerned with the relationship between governance and development. Courses in this concentration focus on the capacity to implement and maintain systems of ethical governance and extend civil society through participatory programs in the context of

Programs Available at UQ

www.uq.edu.au/international
global levels. Newer dimensions of IR however are also moving toward centre-stage, becoming integral components of the field. These include international political economics, environmental politics, refugee and migration problems, human rights and human security. The rapidly expanding and diverse array of issue-areas that can be studied under the IR rubric establishes the field as a dynamic and important part of our daily lives. The School of Political Science and International Studies at The University of Queensland has strong and growing research and teaching profile in the field of International Relations. It has close ties with several Commonwealth government agencies (including the Department of Foreign Affairs and Trade and the Department of Defence) as well as with a number of overseas institutions and research centres in Asia, Europe and North America.

Duration: 1.5 year(s) full-time or 2 years for advanced program
Commencing Semester: 1 & 2
Units: 24 or 32 for advanced program
Program Code: 5339 / 5312
CRICOS Code: 022718A

Master of Laws
- standard and advanced

• Intellectual Property Law
• International Trade
• Litigation & Dispute Resolution

The Master of Laws (LLM) and Master of Laws (Advanced) (LLM(Adv)) provide law graduates with the opportunity to further enhance their theoretical and practical expertise through advanced legal and interdisciplinary courses.

Duration: 1 year for LLM; 1.5 years for LLM (Adv)
Commencing Semester: 1 & 2
Units: 16 for LLM; 24 for LLM (Adv)
Program Code: LLM – 5191; LLM (Adv) - 5192
CRICOS Code: LLM - 024644K; LLM (Adv) - 026007A

Master of Regional Development
Regional development is the study of regions and processes of regional change. The postgraduate programs in Regional Development encourage the creation of tools, methods and theories of regional analysis, from concepts and techniques of component disciplines such as economics; geography; government; sociology; engineering; agriculture; regional and town planning; and environmental science.

Duration: 1.5 year(s) full-time Commericing Semester: 1 & 2
Units: 24
Program Code: 5305
CRICOS Code: 002048A

Master of Social Science
- standard and advanced

• Criminology
• Health Practice
• Social Planning

The suite of programs in the Master of Social Science will equip students with skills in social research methods as well as providing advanced knowledge in one of the substantive areas of social planning, health practice, and criminology.

Duration: 1.5 year(s) full-time or 2 years for advanced program
Commencing Semester: 1 & 2
Units: 24 or 32 for advanced program
Program Code: 5363 / 5374
CRICOS Code: 035580G / 054288K

Master of Urban and Regional Planning

The Master of Urban and Regional Planning was the first masters level program in Queensland to be recognised by the Planning Institute of Australia (PIA). It produces professionally competent graduates, familiar with the concepts, ideas and techniques of planning. Courses typically emphasise the acquisition of skills through small scale exercises or practical project work. Opportunities are available for larger scale project work and/or research investigation through one or two advanced research project courses.

Duration: 1.5 year(s) full-time Commericing Semester: 1
Units: 24
Program Code: 5219
CRICOS Code: 002061D

BASIC SOCIAL SERVICES

PROGRAMS ALIGNED TO HELP INCREASE THE ACCESSIBILITY AND QUALITY OF BASIC SOCIAL SERVICES, PARTICULARLY IN EDUCATION & HEALTH.

Master of Integrated Water Management

The program aims to build future leaders in water resource management with an emphasis on working in developing countries. The program draws on the expertise in teaching and research across a wide breadth of disciplines, taking a multi-disciplinary “whole-of-water-cycle” approach that equips students with practical tools and skills for addressing water problems.

Duration: 1.5 year(s) full-time Commericing Semester: 1 & 2
Units: 24
Program Code: 5410
CRICOS Code: 059263A

This program is aimed at mid-career water professionals and those wishing to pursue a career in the field of water management. The first semester is a foundation semester of 4 courses which introduce the principles of water resource management. This semester will involve a series of case study exercises which will enable students to develop the practical skills and understanding of how water resources are managed through which they will practice integrated water resource management. The second semester allows students to specialise in their chosen stream:

• Water Supply and Wastewater Treatment
• Water and Development
• Water Governance and Water Planning
• Aquatic and Ecosystem Health

In the third semester the students undertake a project in their chosen field.

Master of Food Studies

The food studies program provides postgraduate opportunities to build on specific knowledge of the sciences and technologies related to commercial food-processing and/or human nutrition. Students select from a range of courses to meet individual needs and specialisation preferences, and also undertake a research project within the broad areas of food industry, food science, technology and engineering, or nutrition. Agriculture graduates will be responsible for the production and quality of food, while food science graduates will understand the principles of managing food supply, and food engineering graduates will focus on the design and quality of food processing systems.

Duration: 1.5 year(s) full-time Commericing Semester: 1 & 2
Units: 24
Program Code: 5176
CRICOS Code: 033988M

Master of Arts

Teaching English as a Second Language

Teaching English to Speakers of Other Languages (TESOL) is a dynamic, global profession. The TESOL Program is a program providing professional development in teaching English as a Second Language (ESL) to speakers of other languages. This program is designed for educators in both secondary and tertiary education settings, as well as for professionals in a range of fields including corporate English, adult education, community education, and private tutoring.

Duration: 1.5 year(s) full-time Commericing Semester: 1
Units: 24
Program Code: 5176
CRICOS Code: 033988M
Audiology. Basic and clinical sciences are combined with practical experience to equip graduates to play a professional role in hearing healthcare.

Duration: 2 year(s) full-time
Commencing Semester: 1
Campus: St Lucia
Units: 32
Program Code: 5145
CRICOS Code: 013038A

**Master of Clinical Pharmacy**

This program provides students with knowledge, skills and abilities to practise effectively as a clinical pharmacy practitioner involved in medicine use and pharmaceutical care; individualise, review and monitor a patient’s medication regimen; demonstrate clear communication skills in clinical and non-clinical scenarios; critique and apply research methodologies relevant to clinical pharmacy practice; understand management issues in pharmacy and their relevance to clinical pharmacy practice; and describe social issues relating to medicine use.

Duration: 1.5 year(s) full-time
Commencing Semester: 1
Campus: St Lucia
Units: 24
Program Code: 5146
CRICOS Code: 026351G

**Master of Clinical Psychology**

Clinical psychologists promote optimal levels of psychological functioning, to decrease levels of psychological distress. This program provides knowledge and professional skills in the area of clinical psychology through a combination of coursework, supervised practice, and research.

Duration: 2 year(s) full-time
Commencing Semester: 1
Campus: St Lucia
Units: 32
Program Code: 5164
CRICOS Code: 02600XG

Applicants need Australian Psychology Society (APS) accredited undergraduate degree.

**Master of Counselling**

The Master of Counselling provides graduate students with an in-depth knowledge base, and practice skills in professional counselling.

Duration: 2 year(s) full-time
Commencing Semester: 1
Campus: St Lucia
Units: 32

Program Code: 5333
CRICOS Code: 048816G

Places are competitive and applicants need an APS accredited undergraduate degree.

**Master of Development Practice**

- Community Development
- Development Planning
- International Political Development
- Planning for Social Development

The program focuses on issues associated with the planning and management of development. The program is aimed at those who wish to obtain a better knowledge of the dilemmas of social, political and economic development and of the means to develop solutions to these problems.

Duration: 1.5 year(s) full-time or 2 years for advanced program
Commencing Semester: 1 & 2
Campus: St Lucia
Units: 24 or 32 for advanced program
Program Code: 5346 / 5347
CRICOS Code: 053341G / 053342F

**Master of Educational Studies**

- Guidance and Counselling
- Leadership
- Learning Support
- Mathematics
- Science

This program provides advanced, professionally orientated studies for practising educators who wish to obtain a better knowledge and skills in higher education. It is designed to meet the needs of teachers and administrators.

Duration: 1.5 year(s) full-time
Commencing Semester: 1 & 2
Campus: St Lucia
Units: 16 or 24
Program Code: 5173
CRICOS Code: 034035G

**Master of Ergonomics**

This field is taught in Queensland Department of Agriculture, Health, Environment, Conservation and Land Management, and Quarantine. Urban pest control companies, manufacturers of agricultural and veterinary insecticides and biological control companies also employ entomologists. The program has access to one of Australia’s largest insect and mite collections, as well as modern facilities including digital imaging, computer interactive diagnostics, molecular techniques, modelling, and the study of insect mating, host seeking behaviour and field ecology.

Duration: 1 or 1.5 year(s) full-time
Commencing Semester: 1 & 2
Campus: St Lucia
Units: 16 or 24
Program Code: 5173
CRICOS Code: 034035G

**Master of Human Services**

- Child Protection
- Community Development
- Family Therapy Studies
- Management & Leadership
- Social Policy Analysis

The Master of Human Services program offers advanced knowledge and skills in human services practice and leadership. Core courses facilitate the development of advanced skills in program and policy design, analysis and evaluation.

Duration: 1.5 year(s) full-time
Commencing Semester: 1 & 2
Campus: St Lucia
Units: 24
Program Code: 5401
CRICOS Code: 058271J

**Master of International Public Health**

This program covers public health in the international context and emphasises a population and public health
approach to disease control and health improvement across populations and countries, from low to high income, in particular geographic and cultural contexts, and especially those experiencing socio-cultural and economic demographic, health transitions.

Duration: 1.5 year(s) full-time
Commencing Semester: 1 & 2
Campus: St Lucia
Units: 24
Program Code: 5395
CRICOS Code: 057432E

Master of Occupational Therapy Studies

This program equips graduate entry students with the theoretical knowledge, clinical skills and professional attributes necessary for a career in occupational therapy. In addition to a focus on clinical occupational therapy practice, emphasis is placed on the use of prior skills and knowledge to enhance the effectiveness of occupational therapy practice; and the development of advanced adult learning skills for ongoing professional development.

Duration: 2 year(s) full-time - six consecutive semesters, inclusive of 2 summer sessions full-time
Commencing Semester: Summer
Campus: St Lucia
Units: 40
Program Code: 5267
CRICOS Code: 039145A

Therapy Studies

There is a quota of 10 interna-
tional places available. Offers will be made to applicants with the highest academic rank.

Master of Public Health

- Nutrition
- Standard
- Tropical Health

This program prepares health professionals from a broad range of backgrounds, with knowledge and skills from a variety of disciplines, to define, critically assess and resolve public health and nutrition problems. Various fields of study allow students to focus on Australian public health issues or on international public health, including nutrition and tropical health in the Asia Pacific region.

Duration: 1.5 year(s) full-time
Commencing Semester: 1 & 2
Campus: St Lucia
Units: 24
Program Code: 5224
CRICOS Code: 003931K

Master of Science (Conservation Biology)

Conservation biology is an integrative discipline that focuses on the problems of restoring and maintaining viable populations of animal and plant species, and natural and managed ecosystems. The program aims to provide core theoretical and practical training in conservation biology. Many graduates work in environment-related fields in industry and government; others are secondary school teachers or consultants. Opportunities exist in zoos and with tourism enterprises. Flexible delivery courses are designed to suit those at remote locations and/or in full-time employment.

Duration: 1 or 1.5 year(s) full-time
Commencing Semester: 1 & 2
Campus: St Lucia
Units: 16 or 24
Program Code: 5389
CRICOS Code: 038548F

Master of Social Science

- Criminology
- Health Practice
- Social Planning

The suite of programs in social science will equip students with skills in social research methods as well as providing advanced knowledge in one of the substantive areas of social planning, health practice, and criminology. The program contributes to skill formation via the study of research methods. It provides a critical understanding of the problems encountered by communities in a globalising world, and develop solutions to the problems.

Duration: 1.5 year(s) full-time
Commencing Semester: 1 & 2
Campus: St Lucia
Units: 24
Program Code: 5363
CRICOS Code: 035580G

Master of Social Work

- Child & Family Practice
- Community Practice
- Interpersonal Practice
- Leadership & Management

The Master of Social Work provides social work practitioners with the opportunity to develop advanced knowledge and skills for professional practice in core social work fields and methods. It allows students the opportunity for in-depth study in fields of interpersonal helping, child and family practice, community practice, and leadership and organisational practice. The courses offer a theoretical and practice base for advanced professional practice and leadership in social work services.

Duration: 2 year(s) full-time
Commencing Semester: 1 & 2
Campus: St Lucia
Units: 24 or 32
Program Code: 5209
CRICOS Code: 024639G

Master of Speech Pathology Studies

This program equips graduate entry students with the theoretical knowledge, professional attributes, and clinical and research skills necessary for professional careers in speech pathology. In addition to focusing on clinical speech pathology practice, students’ prior skills and knowledge are examined to enhance effectiveness of their clinical practice and to allow ongoing professional development.

Duration: 2 year(s) full-time - six consecutive semesters, inclusive of 2 summer sessions full-time
Commencing Semester: Summer
Campus: St Lucia
Units: 40
Program Code: 5228
CRICOS Code: 002057M

ECONOMIC MANAGEMENT
PROGRAMS ALIGNED WITH SUPPORTING IMPROVED ECO-
NOMIC MANAGEMENT THROUGH AS-
SISTANCE FOR KEY STRUCTURAL REFORM MEASURES.

Master of Agribusiness

Agribusiness is the study of consumers, retailers, market- ers, and primary producers. This program meets the needs of three groups of professional- es: those working in agribusi-
ness who wish to upgrade their management skills; those wishing to redirect their ca-
reers into agribusiness; and new graduates in either busi-
ess or agricultural/sci-
ence.

Duration: 1.5 year(s) full-time
Commencing Semester: 1 & 2
Campus: St Lucia & Gatton
Units: 24
Program Code: 5155
CRICOS Code: 030142D

Master of Business Administration

The MBA is a world-class pro-
gram covering the key areas of contemporary manage-
ment practice. Students can select electives from courses in market- ing, international business, business economics, accounting, finance, public administration, or several other fields in business related fields. Graduates possess a comprehensive working knowledge of management operations; have an inte-
grated view of contemporary Australian and international
business issues; and demonstrate the communication and leadership skills essential to the management role.

Duration: 1 year full-time
Commercing Semester: 1
Campus: St Lucia
Units: 24
Program Code: 5355
CRICOS Code: 029981G

**Master of Business Economics – standard and advanced**

The Master of Business Economics provides an in-depth knowledge of economic principles, and meets the needs of decision-makers and policy advisors in business and related areas. This program does not presume prior knowledge or training in economics. It is designed for exercising and aspiring middle and upper managers, and develops the economic skills and problem-solving competencies necessary to deal with the management challenges of rapid change and increasing business complexity.

Duration: 1.5 year(s) full-time or 2 years for advanced program
Commercing Semester: 1 & 2
Campus: St Lucia
Units: 24 or 32 for advanced program
Program Code: 5245 / 5376
CRICOS Code: 046493E / 056198G

**Master of Technology and Innovation Management (Biotechnology)**

Innovation and technology are key drivers of competitive advantage in today’s global knowledge economy. Harnessing this advantage requires highly developed specialist skills in technology and innovation management. This program builds on previous tertiary qualifications or relevant work experience. Students gain the knowledge and skills to effectively manage innovation and technology in both public and private sector organisations. The broad aim of the program is to understand, integrate and promote the management of technology in industry, thereby improving business productivity and global competitiveness. Develop the skills and knowledge to access the power of innovation, technology, research, new product/service development and commercialisation in your organisation.

Duration: 1.5 year full time
Commercing semester: 1 & 2
Campus: St Lucia
Units: 24
Program Code: 5355
CRICOS Code: 029981G

**Master of Health Economics – standard and advanced**

This program provides graduate training in all aspects of health economics, meeting the clear need for comprehensive programs in Australia and internationally. A joint initiative of UQ’s School of Economics and School of Population Health, this program is designed for people intending to work in the health sector. This program is accessible to those with undergraduate qualifications in economics or other disciplines. The program offers strong analytical skills and is a pathway which enables career opportunities in national and international health agencies.

Duration: 1.5 year(s) full-time or 2 years for advanced program
Commercing Semester: 1 & 2
Campus: St Lucia
Units: 24 or 32 for advanced program
Program Code: 5418 / 5419
CRICOS Code: 059494G / 059498D

**Master of International Economics and Finance – standard and advanced**

Globalisation is rapidly changing the scope and nature of international finance, business and trade, and business success is highly dependent on the ability to understand and respond to economic issues and forces. Designed for students from any academic discipline, to advance the level of understanding of economics across finance and investment companies, banks, businesses and the public sector.

The program is founded upon a platform of microeconomics, macroeconomics and statistics, as applied to the finance and business sector, and the range of electives enables students to focus on their specific needs and interests.

Duration: 1.5 year(s) full-time or 2 years for advanced program
Commercing Semester: 1 & 2
Campus: St Lucia
Units: 24 or 32 units for advanced program
Program Code: 5165 / 5324
CRICOS Code: 0022028 / 022720G
Master of Project Management

The postgraduate programs in Project Management are based on the nine core knowledge areas of the international institutes of project management. Students are introduced to the principles and applications of project management in either asset or operations mode. They also have the option to undertake an industry mentored research project.

Duration: 1.5 year(s) full-time
Commencing Semester: 1 & 2
Campus: St Lucia
Units: 24
Program Code: 5152
CRICOS Code: 030143C

Master of Business Administration

The Master of Business Administration is designed to upgrade and extend the skills of existing professionals wanting to improve their abilities in management processes and enhance their skills and knowledge in the fields of marketing, finance, human resource management, and strategy. The program improves the skills of students with no undergraduate background in business. It is a full-time program with on-campus and online components.

Duration: 1.5 year(s) full-time
Commencing Semester: 1 & 2
Campus: St Lucia
Units: 24
Program Code: 5152
CRICOS Code: 030143C

Master of Information Technology

This program is designed for students with backgrounds in disciplines other than information technology, who wish to acquire skills in this rapidly advancing field.

Duration: 1.5 year(s) full-time
Commencing Semester: 1 & 2
Campus: St Lucia
Units: 24
Program Code: 5182
CRICOS Code: 031139E

Master of Arts

History

History: Students have the opportunity to examine in depth the history of America, Asia, Australia, Europe, and the Pacific. History teaches students to interrogate the past and to enter into dialogue with forces that have shaped the world. Areas of study include social change, international affairs, warfare, gender, race relations, crime, popular culture, and sexuality.

Philosophy: This program provides a thorough grounding in the problems, methods and history of philosophy. Students may develop a general knowledge of philosophy or pursue specific interests, and can tailor the program to meet their individual needs.

Studies in Religion

The aim of studies in religion is to encourage an understanding of the phenomenon of religion by applying methods developed by historians, philosophers, psychologists, sociologists and linguists.

Ethics: Ethics programs are suitable for students with little or no undergraduate background in the discipline. Students can tailor their study to acquire a general understanding of ethics, or to develop knowledge in a particular area of interest.

Duration: 1.5 year(s) full-time
Commencing Semester: 1 & 2
Campus: St Lucia
Units: 24
Program Code: 5154
CRICOS Code: 034017K

Master of Geographic Information Science

The postgraduate programs in Geographic Information Science produce high-quality graduates with both technical and research skills in advanced areas of geographic information science. Graduates are competent in basic and advanced computing skills, especially in Geographic Information Systems (GIS) software; various GIS and remote sensing operations; and implementation and management of GIS projects. The program also covers applications of GIS and remote sensing technologies in various areas; resource analysis through remote sensing and air photo interpretation; expert systems and decision support systems; and research, both applied and theoretical, in the field of spatial information systems.

Duration: 1.5 year(s) full-time
Commencing Semester: 1
Campus: St Lucia
Units: 24
Program Code: 5177
CRICOS Code: 003927F

Master of Development Practice

- standard and advanced

- Community Development
- Development Planning
- International Political Development
- Planning for Social Development

The program focuses on issues associated with the planning and management of development. The program is aimed at those who wish to obtain a better knowledge of the dilemmas of social, political and economic development and of the means to develop solutions to these problems. The program aims to equip students with hands-on skills associated with the planning and management of development. It incorporates elements that contribute to both knowledge development and practical application of both theoretical and comparative context and skills development (techniques and practical application).

Duration: 1.5 year(s) full-time or 2 years for advanced program
Commencing Semester: 1 & 2
Campus: St Lucia
Units: 24
Program Code: 5346 / 5347
CRICOS Code: 053341G / 053342F

Master of International Studies

- standard and advanced

- International Relations
- Peace and Conflict Resolution

This program combines coursework and research elements to provide highly competitive professional qualifications in the International Relations sector.

Duration: 1.5 year(s) full-time or 2 years for advanced program
Commencing Semester: 1 & 2
Campus: St Lucia
Units: 24
Program Code: 5339 / 5312
CRICOS Code: 022718B

The University of Queensland
Study for Australian Development Scholarships 2008
Master of Social Science

- Criminology
- Social Planning

The program contributes to skill formation via the study of research techniques. It provides a critical understanding of the problems encountered by communities in a globalising world, & develops solutions to the problems.

Criminology: In this plan specialisation, the program draws from a number of disciplines to provide students with the opportunity to develop an understanding of the extent of crime and how criminal justice agencies respond to crime, as well as knowledge of contemporary issues in policy decision-making on crime and its control.

Social Planning: In this field students will gain skills and knowledge expected from a professional social planner for constructing a social plan to guide resource allocation & service/facility planning; ensuring that social needs, as well as economic & environmental concerns are carefully considered; & inclusive measures for maintaining social justice are developed.

Duration: 1.5 year(s) full-time
Commencing Semester: 1 & 2
Campus: St Lucia
Units: 24
Program Code: 5363
CRICOS Code: 035580G

Master of Biotechnology (Advanced)

Duration: 1.5 or 2 year(s) full-time
Commencing Semester: 1 & 2
Campus: St Lucia
Units: 24 or 32
Program Code: 5402
CRICOS Code: 058539G

Master of Molecular Biology – students can conduct research into emerging infectious disease

Molecular biology is the study of the structure and function of genes and the proteins they encode, including extraordinarily rapid advances in genome sequencing, recombinant DNA technology and macromolecular structure determination. This program provides advanced theoretical and practical training in molecular biology through lectures, workshops, extended projects and directed study. Students gain training in research methodology in molecular biology and have the opportunity to undertake major individual research.

Duration: 1 or 1.5 year(s) full-time
Commencing Semester: 1 & 2
Campus: St Lucia
Units: 24
Program Code: 5388
CRICOS Code: 034037F

Master of Technology and Innovation Management (Biotechnology)

Innovation and technology are key drivers of competitive advantage in today’s global knowledge economy. Harnessing this advantage requires highly developed specialist skills in technology and innovation management. This program builds on previous tertiary qualifications or relevant work experience.

Duration: 1 or 1.5 year(s) full-time
Commencing Semester: 1 & 2
Campus: St Lucia
Units: 24
Program Code: 5388 / 5244
CRICOS Code: 038548F

Master of Science

- Computer Science
- Conservation Biology
- Financial Mathematics
- Materials Science
- Mathematics
- Physics
- Statistics

This program provides advanced theoretical and practical knowledge in a range of specialised scientific fields, through lectures, workshops, projects and directed study.

Duration: 1.5 year(s) full-time
Commencing Semester: 1 & 2
Campus: St Lucia
Units: 16 or 24
Program Code: 5389 / 5244
CRICOS Code: 038548F

BIOSECURITY

Master of Biotechnology – students can conduct research into emerging infectious diseases

There is currently a tremendous growth in the international biotechnology industry and allied service sector. This program is designed for scientists who want to update their technical skills in core areas such as molecular biology, protein technology or bioinformatics, or who wish to acquire research laboratory experience.

Duration: 1 or 1.5 year(s) full-time
Commencing Semester: 1 & 2
Campus: St Lucia
Units: 16 or 24
Program Code: 5159
CRICOS Code: 034034J
