Message from the Vice-Chancellor

The University of Queensland offers many varied and challenging opportunities during Summer Semester.

Importantly, anyone can participate.

Current students can accelerate their studies, professionals can upgrade their skills and other members of the community can experience University study for the first time.

The University offers courses from its undergraduate and postgraduate programs, as well as courses from the Institute of Continuing and TESOL Education and from the Institute of Modern Languages.

Enrolling in Summer Semester will provide you with access to the resources of a world-class, comprehensive and research-intensive University.

Whatever your reason for study, I look forward to welcoming you to The University of Queensland this Summer Semester.

Professor John Hay
VICE-CHANCELLOR

THE UNIVERSITY OF QUEENSLAND

The University of Queensland is one of the largest and most prestigious of the nation's 39 universities. It is internationally acclaimed for its strengths in teaching and research and its qualifications are recognised worldwide.

More than 38,000 students are enrolled across the most comprehensive range of high-quality programs in the State, including more than 4000 courses. UQ attracts high-achieving students from around Australia and more than 120 other countries.

In 2005, the Good Universities Guides awarded UQ the best possible rating of any university in Queensland and one of the very best in the country. The University received the maximum five star rating in eight major categories, including getting a job, prestige, non-government earnings, student demand, research grants, research intensiveness, positive graduate outcomes, and toughness to get in (St Lucia campus).

UQ is among the top three research universities in Australia and a leading institution for industry collaboration and research funding. The University places great importance on innovative teaching practices that meet the intellectual and professional needs of its students.

The University of Queensland graduates include some of Australia’s most influential and respected figures: a Nobel Prize winner, an Academy Award winner, a Governor-General, a State Governor and leaders in business, science, public service, law and the arts.

UQ’s three main campuses at St Lucia, Gatton and Ipswich include the largest library in the State, extensive teaching museums and collections, ultra-modern laboratories, computing, sporting and leisure facilities.

The University also operates more than 40 specialist teaching and research facilities elsewhere in Queensland. These facilities include medical and dental schools, marine research stations in Moreton Bay and on the Great Barrier Reef, agricultural farms, and an experimental mine.
What’s on over Summer

The University is again offering varied and flexible opportunities for all kinds of study and personal enrichment.

Anyone can participate, including:
> students from The University of Queensland and other universities wishing to accelerate or diversify their studies;
> professionals looking to advance or stay current;
> adults with an individual interest or seeking an educational experience; or
> high-school students.

We offer undergraduate and postgraduate award courses, courses from the Institute of Continuing and TESOL Education and from the Institute of Modern Languages, many of which are open to everyone.

All are encouraged to attend and enjoy the company of people with similar interests and the challenge of something new.

The Academic Summer Semester

The Academic Summer Semester provides for the intensive study of selected undergraduate and postgraduate courses from award programs, most of which would normally take at least one standard semester to complete. The Semester runs between November and February. See page 6 for more details.

Who can enrol?
> University of Queensland students wishing to accelerate progress towards their degrees or repeat failed courses.
> You do not have to be a University of Queensland student nor do you need to have tertiary studies or have completed Year 12 to enrol in the Academic Summer Semester.

The Academic Summer Semester is also open to:
- Summer Non-Award: students from other universities, high school students, adults seeking tertiary study for personal development, interest or pleasure; University graduates undertaking courses for interest or professional development;
- Cross-institutional students undertaking courses for credit towards a degree at another university.

Assessment and credit
All enrolled students are subject to full academic assessment to the same standard applicable to courses in regular semesters.

UQ students currently enrolled in an award program will be granted credit towards their program in accordance with the General Award Rules and the relevant program rules.

Cross-institutional students should seek approval for credit from their home institutions.

Summer Non-Award students who subsequently apply for and are accepted into an award program may apply for credit to be granted towards that program according to the relevant program rules and the General Award Rules.
The Institute of Continuing & TESOL Education (ICTE-UQ) Community Education Summer Semester

The ICTE-UQ Community Education program runs from January to February 2006 and provides short workshops and seminars in areas as diverse as art, creative writing, freelance journalism, computing and project management. Here you have the opportunity to study at University without the pressure of exams and assignments. Classes are held during the day, in the evenings, and on weekends, allowing you to sample a variety of fascinating study options, including class room study, practical workshops and field excursions. See page 50.

Who can enrol?
Enrolment in ICTE-UQ Community Education is open to all adult members of the community.

Assessment and credit
Courses are not assessed and cannot be used to gain credit towards any UQ program. A statement of course completion is available upon request.

The Institute of Modern Languages (IML) Summer Semester

The IML Summer Semester offers LOTE (Languages Other Than English) courses for beginners and intermediate students in selected languages. See page 51.

Who can enrol?
Enrolment in the IML is open to everyone. High-school students can enrol in a special one week program.

Assessment and credit
IML courses cannot be used to gain credit towards any UQ Program. Certificates of Attendance will be issued upon request and optional assessment is available for the accelerated evening classes.
Using the Cybrary (UQ Library)
The Cybrary is an integral part of your life at University. You can access its services in any of 13 branches during extended opening hours, or from home 24 hours a day, seven days a week at the website www.cybrary.uq.edu.au

In the Cybrary you can browse the web, find course materials, check your reading lists, locate information for your assignments, photocopy, meet for group study sessions, study individually, browse newspapers and journals in all courses, plus much more. Students can use one of over 1300 computers to find textbooks and references, search databases to locate additional information for assignments, access the Internet, email and word processing, look at past exam papers – both print and on the web – and learn new IT and information-finding skills.

You can consult with specialist librarians to find what you need. Your student ID card automatically entitles you to borrow material from any branch library. The standard loan period is 14 days.

How do I find out more about the Cybrary?
There are several information options provided by the Cybrary – brochures, guides to information sources, notice boards, but especially the Cybrary’s website. As well, the Cybrary’s friendly staff are trained to assist you. All new students are encouraged to attend tours and classes on information and research skills run by the Cybrary – see the website for details www.cybrary.uq.edu.au/training/

Summer Semester opening hours
See table on the left. Please check the website for opening hours of other branches.

Ask I.T., the University’s Information Technology Help and Training Service, assists students with their computer problems and provides training in a wide range of computer skills. Ask I.T. assistance is available from:

- Telephone Helpline (07) 3365 8811
- Website http://askit.uq.edu.au
- Email Inquiry Service help@askit.uq.edu.au

Ask I.T. service is available from:

- Help Desk Service: Level 2, Duhig Library (Building 2), St Lucia; iLC Lab 1, Old Computer Science Building (Building 69), St Lucia Level 2 UQ Ipswich Library (Building 8), Ipswich; Level 1, UQ Gatton Library, Gatton.

Information on Ask I.T. training is available via brochures, by asking an Ask I.T. staff member or via the website http://askit.uq.edu.au/classes

Full hours of operations for Ask I.T. can be found at: http://askit.uq.edu.au/locations/

* These hours may change when Summer Semester courses for Physiotherapy and Occupational Therapy are announced and when the starting date for the Bachelor of Medicine and Surgery (MBBS) Yr 1, 2006, is available.

# The Biological Sciences Library is being refurbished and has moved to a temporary location on Level 2 of the Richards Building (5). See www.library.uq.edu.au for full details of returns, collection locations and journal articles.
UQconnect Internet access

To help you with your study, UQ provides you with a free Internet Service, which includes an official UQ email address. Your account provides you with Internet access at computer terminals around campus, access to the UQconnect Wireless Network, and dial-up access from home. Even if you do not live in Brisbane, you can use UQconnect’s national dial-up number for access throughout Australia for the cost of a local call. Included in this account is 150MB of download per month, with unlimited downloads from UQ hosted sites, most Australian universities, and many other education and research institutions around the world. You can easily manage and track your download quota through my.UQ or by accessing http://login.uq.edu.au.

If you are an existing student at UQ, you should have received a letter that includes details of your email address, and UQ Sign In username and password, which you will need to access these services. You would have used these details to complete your UQ enrolment. If you are new to UQ, you will receive this information when your enrolment has been approved. You can also use your UQ Sign In to access a range of online services around the University. You can set up your free dial-up account by picking up a UQconnect Installation CD from an ITS Service Centre.

Your free Internet access account is intended for study purposes, so you may have restricted access to services such as MSN Messenger and online banking. However, you can choose from a range of competitively priced dial-up and ADSL plans that give you full access to these services. If your 150MB of free download is not enough, then you can simply purchase more. You can also buy discounted laptops, discounted Microsoft software, wireless adapters, web hosting products, calling cards, mobiles and a range of other IT products from the ITS Service Centre.

Please be aware the University uses your UQ student email address for the majority of its official communication. So you must check it regularly through my.UQ. Alternatively you can have all mail from your UQ email address forwarded to your personal email address. You can do this by visiting my.UQ, select the ‘Personalise’ tab, and then select ‘myMail’.

The recently developed IT Service Desk brings together the ITS HelpDesk, Ask IT. and TEDI. If you have questions regarding Internet access, or general computer queries or Blackboard issues, please call one of the numbers listed below.

IT Service Desk phone: (07) 3365 6000 (Brisbane), (07) 3381 1230 (Ipswich), (07) 5460 1316 (Gatton) or 1300 738 082 (Australia-wide)
Support: www.uqconnect.net/helpdesk
Email: help@uqconnect.net
UQconnect website: www.uqconnect.net/student
ITS Service Centres: Staff House Rd (St Lucia), room 114 Building 12 (Ipswich), lower level J.K. Murray Library (Gatton)

Student Centres
Friendly staff at the Student Centre on each campus provide information, forms and service regarding admissions, enrolment, examinations, prizes and scholarships, HECS-HELP and FEE-HELP tuition fees, graduations and parking, and provide referral to other services. They are open Monday to Friday.

Web: www.uq.edu.au/student-centre/
UQ Gatton: 8.30am to 4.30pm; phone (07) 5460 1276; (Bldg 8101A)
UQ Ipswich: 9.00am to 5.00pm; phone (07) 3381 1111; (Bldg 8)
St Lucia: 8.30am to 5.30pm (during teaching weeks); 8.30am to 5.00pm (during non-teaching weeks); 8.00am to 5.00pm (during Examination Period); JD Story Building; (Bldg 1)

Student Support Services

University Health Service

Chaplaincy Services

Services offered by Student Support Services, University Health Service and Chaplaincy Services are available to students during the Summer Semester.

Information can be obtained from:
Student Support Services: Relaxation Block, (07) 3365 1704; www.sss.uq.edu.au/
University Health Service: Gordon Greenwood Building, (07) 3365 6212; www.uq.edu.au/healthservice
Chaplaincy Services: Chaplaincy Centre, Social Sciences Annex, (07) 3365 6439; www.uq.edu.au/chaplaincy

Disability Program

The University is committed to providing equal opportunities for all students and to promoting inclusion through valuing diversity. In particular, the University has a longstanding commitment to assisting students with disabilities.

A University of Queensland Disability Action Plan has been developed to guide the University’s activities in providing equitable academic access for students with disabilities.

Policies and procedures have been developed to provide reasonable academic adjustments for students with disabilities to participate in their programs on the same basis as students without disabilities. These adjustments may include examination arrangements, alternative academic programs, alternative forms of assessment and part-time study.

A range of services and facilities is available for students with disabilities. It is strongly recommended you see a Disability Advisor at Student Support Services if you require academic adjustments and/or services so that an individual plan can be developed.

It is important you notify the University when you enrol to ensure you are sent more detailed information about the services provided by the University and to enable planning to accommodate your requirements if you choose to register with the Disability Program. If you develop a disability or medical condition, which affects your study and/or examination requirements during the course of the year, it is advisable for you to contact a Disability Advisor as soon as possible.

Information provided to Disability Program personnel is protected by the University’s Privacy Management Policy. The Department of Education, Science and Training (DEST) requires each university to report student numbers and disability category as part of the equity performance monitoring. This information is protected by the Privacy Act.

Appointments can be made to see a Disability Advisor by ringing the following numbers:
St Lucia: Phone (07) 3365 1704
TTY (07) 3365 1508
UQ Ipswich: Phone/TTY (07) 3381 1011
UQ Gatton: Phone/TTY (07) 5460 1046

Parking and parking permits

The Paid Parking Scheme applies between 7:00am and 9:00pm, Monday to Friday, all year round (including examination periods and vacations). Generally, students may park in Green zone areas (long-term flat rate fee), and Purple zone (short-term, pay by the hour fee), where payment for parking is made at pay & display machines. The parking permit from the pay & display machine must be clearly displayed on the dashboard of the vehicle. All other regulations apply on every day of the year.

For further and more detailed information on parking, telephone (07) 3365 1016, email traffic@uq.edu.au, or visit the website www.uq.edu.au/parking

Accommodation

Most colleges offer on-campus accommodation during Summer. For information regarding fees and applications, please contact the colleges directly or see the website www.accommodation.uq.edu.au. Further information about accommodation can be obtained from Accommodation Services on (07) 3365 3419.

The University of Queensland

Union and UQSPORT

The University of Queensland Union and UQSPORT are open during Summer Semester.

The University of Queensland Union, organised by students for students, is the peak representative body for students on campus and offers many important services. It is located next to Campbell Place and Student Support Services. For further information, phone (07) 3377 2200 or www.uqsu.uq.edu.au.

UQSPORT is responsible for the wide range of sporting and recreational activities and first class sporting facilities at The University of Queensland.

Having paid the Student Services Charge (or tuition fee in the case of international students), all UQ students are members of UQSPORT. Membership entitles you to discounted entry and services at all UQSPORT facilities and reduced rates for all activities.

Further information on UQSPORT is available online at www.uqsport.uq.edu.au or by telephone: (07) 3365 6612. UQSPORT Reception is located on Union Rd, opposite the UQ Centre.
Academic Summer Semester

STUDY INFORMATION

Information in this section applies only to enrolment in the Academic Summer Semester. It does not apply to ICTE Community Education or to IML Summer Languages Semester. For further information on these courses see pages 50 and 51. The course details that follow provide information about the prerequisites, course content, units, assessment, contact hours and the fee group. All courses offered in the Academic Summer Semester are listed alphabetically by discipline. Undergraduate and postgraduate courses are listed separately.

*Some courses commence prior to 28 November. Check timetable hours carefully.

Note: A student is not regarded as enrolled unless all fees and charges have been paid.

All enquiries in person should be directed in the first instance to Student Centres. See “Important Contact Information,” inside front cover.
Cross-institutional students

With approval from your home institution, you may apply to enrol as a cross-institutional student. Cross-institutional students undertake approved courses at The University of Queensland for credit towards their studies at their home institutions. To apply to enrol as a cross-institutional student, you must lodge an Application for Cross-institutional Enrolment with the appropriate faculty by 28 October to enable online enrolment via mySI-net by the due date, 14 November. Application information and forms can be obtained from Student Centres (see important contact information, inside front cover), by accessing the web www.uq.edu.au/study/?page=5779&pid=946 or by phoning 1300 132 882.

Current UQ International students

Why not take the opportunity to fast-track your degree? All courses on offer in the Academic Summer Semester are available for international students. The student visa restrictions regarding full-time enrolment do not apply to the Summer Semester, so you can enrol in just one or two courses.

Student cards

You need an ID card for identification on campus, library borrowing, attendance at some classes and to gain entry to examination rooms.

Students who already have a valid ID card in 2005 may continue to use this card. If you are a new student for Summer Semester, you can obtain your card one working day after enrolling via mySI-net. Take photo identification to the Unicard service desk on level 2 in the Social Sciences and Humanities Library (Duhig Building 2), St Lucia or to the Student Centre at the Ipswich campus (Bldg 8) or the Gatton campus (Bldg 8101A).

Examinations

Centrally administered examinations will be held in the period 6 to 11 February 2006. A timetable will be available two weeks prior to the commencement of the examinations on the myUQ (https://student.my.uq.edu.au) and mySI-net (https://www.sinet.uq.edu.au) websites. The University’s rules relating to examinations/assessment will apply. Student ID card, driver’s licence or passport must be brought to examinations. Students are reminded that they must remain in Brisbane to take their examinations at the scheduled times.

Special arrangements will be made for students with documented disabilities or who face short-term difficulties affecting their examination performances. It is important that these needs be communicated to the Examinations Section at least two weeks before the relevant examination date. Students with a disability or medical condition who require special examination arrangements and have not previously seen a Disability Advisor at Student Support Services should do so before contacting the Examinations Section.

Special examinations approved on medical or other grounds for students unable to sit during the scheduled examination period will be held in March.

Results will be available in late February. See myAdvisor www.uq.edu.au/myadvisor for further information or visit a Student Centre.

Prerequisites and eligibility for courses

Some courses are only available to UQ award students and have compulsory prerequisite and corequisite requirements (see right for explanation). Read the Course Details carefully before enrolling.

In some cases, consideration may be given for prerequisite and corequisite requirements to be waived, for example, students from other universities may have undertaken equivalent studies or non-award students who may have relevant experience or background. Any student interested in enrolling in a course for which they lack the specific prerequisite should contact the relevant School for advice on eligibility.

**Fees and Charges**

All fee enquiries in person should be directed in the first instance to Student Centres. Otherwise phone (07) 3365 2328 or email fees@uq.edu.au.

**Fees**

Commonwealth-supported students and full-fee-paying students may undertake courses in Academic Summer Semester.

1. **Commonwealth-supported students**

From 2005, HECS was replaced by HECS-HELP and HECS places are known as Commonwealth-supported places. The booklet, *HECS-HELP Information*, available from Student Centres, explains the HECS-HELP scheme. This information is also available online at the Department of Education Science and Training’s Going to Uni website at www.goingtouni.gov.au/

Tuition fee-liable students are exempted from HECS.

HECS-HELP assists eligible Commonwealth-supported students to pay their student contributions. Most students can either defer payment through the tax system or pay it upfront and receive a 20% discount.

If you are currently a Commonwealth-supported student in a program at UQ, you may be eligible to enrol in Academic Summer Semester courses as a Commonwealth-supported student if:

- The course is available on a Commonwealth-supported basis (check availability section);
- You are eligible to enrol in the course; and
- The course will count for credit towards your program.

If a Commonwealth-supported student wishes to study a course that is only offered on a full-fee basis, then they can apply for FEE-HELP. However, the Government will charge a 20% loan fee on top of the deferred tuition fee. To access FEE-HELP, obtain and submit the FEE-HELP form from a Student Centre.

Students approved for cross institutional enrolment may similarly be eligible to enrol in Summer Semester courses on a Commonwealth-supported basis.

**How much to Pay**

See information on the Fees Calculator in point 3, page 9, to determine your student contribution amount for specific courses.

**HECS-HELP Assistance Form**

University of Queensland Commonwealth-supported HECS-HELP liable students must lodge a new *HECS-HELP Assistance* form if changing from the previously nominated option or if enrolling in a different program in summer.

Students selecting the Deferred Through Tax option must provide their Tax File Number.

You can submit your *HECS-HELP Assistance* form online on mySI-net from your home page. Click on the HECS-HELP Assistance Form Quick Link at the bottom of the screen. You may need to scroll down to access the link. Forms are also available at Student Centres.

If you select the Upfront Payment option, you must pay your student contribution amount by 28 November 2005. Click on View/Pay fees via mySI-net from mid-November to view your online invoice.

Student contribution amounts and HECS-HELP charges are finalised on the basis of your program and course enrolment as at 22 December – the Census Date. Cancellation of courses after 22 December will not remove your HECS-HELP liability.

Notice of HECS-HELP liability: Within 30 days of the census date you will be advised via your UQ student email of the availability of your electronic Commonwealth Assistance Notice. Click on the View/Pay fees Quick Link. If you do not have Internet access and require a copy sent to you, please write to the HECS-HELP and FEE-HELP Office, The University of Queensland, Qld 4072, when you enrol.

2. **Full-fee-paying Students**

Any student, including international students, domestic postgraduate fee-paying students, undergraduate domestic fee-paying students and undergraduate domestic Commonwealth-supported students (who are unable to or do not wish to enrol in summer courses as Commonwealth-supported students) are required to pay fees in accordance with the University of Queensland’s Fee Rules.

A Fee Rules booklet may be obtained from Student Centres or online at http://www.uq.edu.au/student/GeneralRules2005/2005FeeRules.htm

- International students
  - University of Queensland Full-fee-paying international students pay fees in accordance with Part B of the Fee Rules.
- International students from other universities pay a fee attached to the most appropriate program as set out in Part B of the Fee Rules.
- Domestic undergraduate Full-fee-paying and postgraduate students
  - University of Queensland domestic Full-fee-paying undergraduate students who commenced their program prior to 2005 and postgraduate award students who are liable for tuition fees pay the fee relevant to the program in which they are enrolled. University of Queensland domestic Full-fee-paying undergraduate students who commenced their program in 2005 pay the normal course fee.
- Domestic cross-institutional postgraduate students enrolled in postgraduate programs pay a fee attached to the most appropriate program as set out in Part A of the Fee Rules.

**FEE-HELP Assistance**

FEE-HELP is assistance available to Australian citizens or holders of an Australian permanent humanitarian visa to meet a student’s tuition fee liability for units of study that are not for Commonwealth-supported places. FEE-HELP can cover all or part of a student’s tuition fees, up to a lifetime limit of $50,000.

The booklet, *FEE-HELP Information*, available from Student Centres, explains the FEE-HELP scheme. This information is also available online at the Department of Education Science and Training’s Going to Uni website at www.goingtouni.gov.au/

Check your eligibility – international students, New Zealand citizens and some Australian permanent residents are not eligible for FEE-HELP. See Section 3 of the FEE-HELP information booklet.

All students seeking FEE-HELP assistance must submit a FEE-HELP assistance form. Forms must be received by 22 December 2005. Only one form is required per program.

A new form will only be required if you change your program.

- You must provide your Tax File Number (TFN).
- You can submit your *FEE-HELP Assistance* form online on mySI-net from your home page. Click on the FEE-HELP Assistance Form Quick Link at the bottom of the screen. You may need to scroll down to access the link. Forms are also available at Student Centres.
- FEE-HELP can only be used for tuition fees. It will not cover any administrative fee or Student Services Charge.
A student with FEE-HELP approval has three options:

- pay no tuition fees and take a loan for the full amount
- pay part of the tuition fees upfront and take a loan for the remaining amount
- do not use FEE-HELP and pay full amount upfront.

If you choose to pay upfront, you must make payment by 28 November 2005. Click on View/Pay fees via mySI-net from mid-November to view your online invoice.

Fees and Charges are finalised on the basis of your program and course enrolment as at 22 December – the census date. Cancellation of courses after 22 December will not remove your liability for these fees and charges.

Within 30 days of the census date, you will be advised via your UQ student email of the availability of your electronic Commonwealth Assistance Notice of FEE-HELP liability for the semester. Click on the View/Pay fees Quick Link on your mySI-net home page. If you do not have Internet access and require a copy sent to you, write to the HECS-HELP and FEE-HELP Office, The University of Queensland, QLD 4072, when you enrol.

How much to Pay

See information on the Fees Calculator in point 3 below to determine your fees for specific courses.

3. Fee Calculator

To assist students to estimate their actual fees for a semester, the University has developed an online Fee Calculator available at www.uq.edu.au/study/feecalculator.

The Fee Calculator guides students through a series of options, allowing them to include details of the courses they are interested in studying. Each course is added to a listing, shows individual course fees, and calculates the overall fee for that enrolment.

Charges

4. Student Services Charge (SSC)

All students (except international students), regardless of enrolment status in first and second semester 2005, must pay the Student Services Charge indicated or enter an exemption/sponsored code on mySI-net:

- Part-time Academic Summer Semester enrolment (fewer than 6 units) $24
- Full-time Academic Summer Semester enrolment (6 units or more) $48

5. Administrative charges

Late enrolment

- After 22 December 2005 $200

Late payment of tuition fees or Student Services Charge

- After 22 December 2005 $200

The St Lucia Student Centre accepts cash payments up to $50 only.

6. Payment of fees and charges

When to pay

The due date for payment of Summer Semester 2005/2006 fees and charges is Monday 28 November 2005.

What to pay

Invoices will be available from mid-November on mySI-net for all students who have added their courses for Summer Semester.

Print out your invoice by the following method:

- Access mySI-net
- Click on the View/Pay fees Quick Link at the bottom of the screen
- Click on the Invoice icon to view your e-invoice
- Click on the Print icon to print your e-invoice.

If you require a copy of your invoice it must be printed prior to payment of your fees.

How to pay

Internet

Click on View/Pay fees – scroll down to the bottom of the screen and click on UQ Pay, which will take you to a secure bank site. Bankcard, MasterCard and Visa will be accepted. You will receive a payment receipt from the bank via email. To protect its clients, the University does not store credit card numbers in the University system.

B-Pay

Contact your participating bank, building society or credit union to make the payment from a cheque, savings or credit card account.

Biller Code: 18119

Customer Reference Number: your eight-digit student number.

Mail

If you do not have access to set up B-Pay or do not possess a credit card, send a cheque, along with your name and student number to the University Cashier, The University of Queensland, QLD 4072.

Student Centres

Payments can be made at Student Centres by cash (limit of $50), cheque, money order, credit card or EFTPOS.

Allow 2 to 4 working days for your payment to be processed.
HOW TO ENROL

How to enrol

You need to:
> submit Application for Non-award Enrolment; or Application for Cross-institutional Enrolment by 28 October 2005 if applicable
> enrol online via mySI-net by 14 November 2005
> pay Student Services Charge by 28 November 2005
> pay tuition fees or complete HECS-HELP/FEE-HELP requirements by 28 November 2005

Enrolment procedures

All students wishing to study in the Academic Summer Semester must complete their enrolment online via https://my.uq.edu.au

Current UQ students

For students already enrolled at The University of Queensland in 2005, mySI-net will be available between 10 October to 14 November 2005 for enrolment in the Academic Summer Semester Program. Add your Summer Semester courses and ensure that all your other details are correctly recorded, especially contact details.

If you have been previously enrolled but not in 2005, you will need to contact your Faculty to have your program activated prior to enrolling online through mySI-net.

Cross-institutional and Summer Non-award Students

Cross-institutional and Summer non-award students need to submit the appropriate application form to the relevant Faculty. All application forms are available from Student Centres as listed on the inside front cover and on the web www.uq.edu.au/study/?page=5779&pid=946 or www.uq.edu.au/study/index.html?page=1089&pid=1104

Once your enrolment has been approved, you will be sent your username and password so that you can enrol online via mySI-net. Application for Non-award Enrolment forms are due by 28 October 2005. Your application needs to be lodged in sufficient time for it to be approved and for you to be advised of your username and password and to enrol by the 14 November 2005 due date.

Follow the prompts to add your personal and contact details and add your Summer Semester courses. The Enrolment Guide can be viewed online from the mySI-net login page. This guide gives instructions for using mySI-net to enrol. If you continue to experience difficulties with the enrolment process, phone 1300 132 882 or email enrolments@admin.uq.edu.au

Late enrolment

To add a course after 14 November and before 12 December, use mySI-net to enter course enrolment. From 12 December to 22 December students are required to submit a Change of Enrolment form. Applications will not be accepted after 22 December 2005.

Exclusion

The University’s Exclusion Rules state that if your semester Grade Point Average (GPA) falls below 3 in an undergraduate program you will be warned that your academic progress is unsatisfactory and you become a warned student. A warned student whose GPA is less than 3 in a later semester will be refused further enrolment in all undergraduate programs. Students with a GPA of less than 3.5 in a postgraduate program will be similarly warned and may be refused further enrolment in postgraduate programs if their GPA is less than 3.5 in a later semester.

If you have been notified of refusal of enrolment, and wish to study in the Summer Semester, you should submit an Application for Permission to Re-enrol Following Exclusion form by the due date written on your notification (if you were enrolled in second semester) or by the enrolment due date (if you were refused enrolment in a semester prior to second semester 2005).

If you were refused enrolment in second semester 2005 you may provisionally enrol in summer semester while your appeal is under consideration. You should continue to attend classes on a provisional basis. However, such attendance will not be regarded as a reason for approval for re-enrolment. If your appeal is unsuccessful, your enrolment will be cancelled, Student Services Charge and tuition fees refunded, and HECS-HELP/FEE-HELP liability removed. Please note that the University’s Exclusion Rules apply equally to the Summer Semester as to studies undertaken in the rest of the academic year.

Permission to enrol in first semester 2006 will be required if you are refused enrolment on the basis of your results from the Summer Semester.

To obtain further advice regarding the Exclusion Rules and procedures, see http://www.uq.edu.au/myadvisor/, contact the Exclusions Officer on (07) 3365 1992 or visit a Student Centre.

Changes of enrolment and withdrawal

Addition or substitution of course/s must be completed by Thursday 22 December 2005 via mySI-net.

To avoid financial and academic penalty you must withdraw from your course/s before the census date of the summer semester, Thursday 22 December.

Cancellation after this census date counts as failure and could have serious repercussions for any future studies, unless the Executive Dean rules otherwise after consideration of a written appeal from you for withdrawal without academic penalty.

HECS-HELP and FEE-HELP charges are finalised on your program and course enrolment as at 22 December – the census date. Cancellation of courses after 22 December will not remove your financial liability.

See myAdvisor for further information www.uq.edu.au/myadvisor/index.html?page=2970 or visit a Student Centre.

Cancellation of Courses by Faculties

The University makes every effort to ensure that the course offerings listed in this publication will be available. However, in courses where no enrolments have been accepted or the minimum enrolment quota has not been filled, Faculties have the authority to cancel a course up to two weeks prior to the commencement of semester (14 November, 2005). If students have enrolled in a course where cancellation does occur, the Faculty will notify them through their student email account by 14 November, 2005.
UNDERSTANDING YOUR TIMETABLE

The timetable is subject to change and mySi-net is always the most up-to-date source of information on course times and locations. It is important to check mySi-net regularly for changes to course times and room allocations, particularly during the first two weeks of semester, as enrolment numbers may affect the rooms for which courses are initially allocated.

Please note that, while formal class contact may not commence until some weeks after 28 November, all courses will have learning activities scheduled no later than the second week of Summer Semester.

How do I read the timetable information?

Most of your courses will have a combination of lectures, tutorials and/or practicals, so it is important to understand how classes are named and the timetable set out.

The table below is an example of what you would see if you looked at the timetable for BIOL1020.

</tbody>
</table>

**Location**
The campus, or other site, at which the class is held is shown in the ‘Location’ column. If you click on the location, it will link you to a map of the specific campus.

**Group**
The symbols are used as a way of explaining variations in the way courses are taught and the kind of class contact. The first symbol denotes the kind of class contact, as outlined below:

- **C** General Contact, perhaps a group learning situation
- **E** External Delivery
- **F** Fieldwork
- **I** IT (Computing) session, usually in a computer training room or studio.
- **L** Lecture, a presentation to a class, often in an auditorium or theatre, of core course matter.
- **P** Practical, consisting of laboratory or project work
- **S** Seminar, a presentation similar to a lecture, perhaps made by students, and possibly with opportunities for discussion and interaction.
- **T** Tutorial, a small class environment characterised by discussion and peer interaction, often supplementary to lectures.
- **W** Workshop, practical work with a creative emphasis.

The second and third symbols provide further information about the class contact groupings.
All or choice
If the letter is listed more than once without any number attached to it, attend all classes for that letter. Note in the example timetable provided for BIOL1020, you must attend both seminars.

A number attached to a letter means you have a choice. For example, in optional tutorials for BIOL1020, you attend one of the tutorials listed.

Lectures, tutorials or practical classes are sometimes streamed into groups, but require attendance at more than one session each week. You choose from stream 1 or 2 and attend all classes scheduled in that stream. In the example, BIOL1020 L1 you attend MON 5pm-7.50pm and TUE 5pm-7.50pm, OR you choose to attend BIOL1020 L2 on MON 12pm-12.50pm and WED 12pm-12.50pm.

The same material is taught in each of the groups.

You should note that some groups where you are allowed free choice are more popular than others and classrooms may be crowded in the first couple of weeks of semester until the deadline for changes of enrolment. Consider opting for the afternoon, evening or Friday groups where available, to improve your chances of a comfortable learning environment.

Day
This is the day of the week the class is held.

Start/End
All classes are shown with a start and end time. Classes usually finish 10 minutes before the hour to allow time to get to another class or to connect with public transport.

Building
This is the number of the building in which the class is conducted. You can click on the building number to link to the campus map indicating where the actual building is located or you can position the mouse over the building number to see the name of the building.

Room
This is the room number for the class.

Start – End Date
You will need to check which weeks your Summer Semester classes are held. Many Summer Semester courses are run differently to other semesters in that you may have to attend classes each day for one or two weeks rather than one day each week for the whole semester. The start – end dates are the beginning and finishing dates for the specific group for the semester. Note in the example, BIOL1020 P1 has a start and end date of 01/03 – this means the class meets only on that day.

Class not taught on the specified date(s)
Public holidays will not be listed in the “Class not taught…” column since these dates are known by staff and students and it is assumed that classes will not be meeting. Check the on-line academic calendar for information regarding semester breaks and public holidays.

Sign-On
Some courses have multiple lecture or tutorial times and you need to choose the time that best suits the timetable you have planned. To sign-on for the most appropriate time, you will need to use Class Sign-On via mySI-net.

If your course requires you to sign-on using mySI-net, you will have the sign-on menu item available to you when you connect. It appears under ‘Course Info’. When you click on Class Sign-On it will display the course/s involved and instructions for proceeding. The advantages of electronic sign-on are that you can do it day or night, without having to visit the campus. You can see all the available times, how they are filling up and even move yourself from one group to another if there is space.

Enrolment numbers are limited for each optional class. If one class is full, it will be necessary to select an alternative class. Should you find you have a timetable clash with any of the remaining optional class times or require assistance; an email function is built into the Sign-On window which will enable you to directly contact the relevant administrator.

Commonwealth-supported or Full-fee-paying (Please refer Page 8 for further fee information)

Course Description
Special Linguistics Research Topic B may be taken as research-only courses. In consultation with the Linguistics area convenor, students choose a topic or topics to be studied under the direction of a supervisor.

Duration
28 November 2005 to 11 February 2006

Contact Hours
As arranged with supervisor

Work Expectations and Assessment
Written work totalling 5000-6000 words

Mathematics

MATH1040 Basic Mathematics

Phone Enquiries 07 3365 3277

Campus St Lucia
Units #2
Mode Internal, intensive
Pre: Inc: HA or better in Yr 12 Maths B
Coordinator Dr Anthony Richardson
Email ajr@maths.uq.edu.au

Availability
Commonwealth-supported or Full-fee-paying (Please refer Page 8 for further fee information)

Course Description
The course starts with introductory concepts such as number systems, algebraic manipulation, equations, set theory and probability. We consider simple graphing, and use that as the basis for studying straight lines and simultaneous equations. We define function notation, and then consider some functions whose graphs are not straight lines, which leads into quadratic equations. We move on to calculus and study various rules of differentiation, how integration relates to differentiation, and a quick introduction to exponential functions and logarithms. This course is especially suitable for students with limited backgrounds in mathematics. A pass in MATH1040 can be used to satisfy a Maths B prerequisite. It should be taken by anyone who has not completed Maths B, but who wishes eventually to enter a degree or take a course that requires Maths B. Results should be available for the QTAC offer round.

Duration
28 November 2005 - 23 December 2005 (4 weeks)

Contact Hours
4 hrs lectures, 2 hrs tutorials per wk. Individual help will be arranged throughout the semester outside formal class contact hours.

Work Expectations and Assessment
Mid-sem quiz 30%, 4 weekly assignments (20%), Final exam 2 hr during week 6 – 11 Feb (50%)

availability
commonwealth-supported or full-fee-paying
(Please refer page 8 for further fee information)

course description
This course examines the interaction of visual cultures (art and film) within Asia, and between Asia and the ‘West’. It will focus especially on East Asia (China, Japan, and to a lesser extent Korea) and also include South-East Asia, especially Indonesia. Lectures will introduce students to the cross-cultural nature of art and more recently film in these societies. The course takes a thematic approach to Asian visual cultures, ranging from representations of Buddha to symbols of Asian masculinity such as Bruce Lee.

duration
9 December 2005, 3 - 25 January 2006

contact hours
32 contact hours over 4 weeks

work expectations and assessment
Tutorial exercises and essays.
Please note: This course will not be offered if fewer than 15 students enrol.

Nursing

NURS3001 Clinical Practice 5
Phone Enquiries 07 3381 1186

Campus: Ipswich
Units: #6
Mode: External
Pre: R: BN; Co-req – one of NURS3003/3004/3005/3006/3009/3010
Coordinator: Assoc. Prof. H. Beattie
Email: h.beattie@nursing.uq.edu.au
Availability: Commonwealth-supported or Full-fee-paying
(Please refer page 8 for further fee information)

Course Description
This course introduces students to the role of first level practitioner in a specialty practice area – Mental Health – with the overall aim of developing the Australian National Nursing Competency Standards for Registered Nurses in students, in addition to students displaying UQ graduate attributes in their practice. The course aims to develop in graduates an awareness & understanding of mental health issues, cultural values & diversity of approach to mental health care. Students should have an opportunity to apply & build upon the theoretical concepts learned in foundations of nursing practice in previous semesters & in their concurrent clinical practice course. The legal & ethical issues associated with providing care for people with mental health issues will be covered. Students will learn the prevalence & risk factors for a range of mental health issues identified by population based studies & will learn about strategies which may be implemented to promote the mental health of communities.

Duration
21 November 2005 to 11 February 2006

Contact Hours
360 hours – combined with NURS3001

Summer Semester Program 2005/6
### BIOC7010 Research Project

**Phone Enquiries**: 07 3365 6190  
**Campus**: St Lucia  
**Units**: #2  
**Mode**: Internal  
**Pre**: Permission of School of Molecular & Microbial Science  
**Coordinator**: Professor Ross Smith  
**Email**: smmspostgrad@uq.edu.au  
**Fee-paying only**: (Please refer Page 8 for further fee information)  
**Availability**: Fee-paying only (Please refer Page 8 for further fee information)  
**Course Description**: Research project under supervision of staff member.  
**Duration**: 28 November 2005 to 11 February 2006  
**Contact Hours**: Consult School of Molecular & Microbial Science  
**Work Expectations and Assessment**: Consult School of Molecular & Microbial Science

### BIOC7011 Research Project

**Phone Enquiries**: 07 3365 6190  
**Campus**: St Lucia  
**Units**: #4  
**Mode**: Internal  
**Pre**: Permission of School of Molecular & Microbial Science  
**Coordinator**: Professor Ross Smith  
**Email**: smmspostgrad@uq.edu.au  
**Fee-paying only**: (Please refer Page 8 for further fee information)  
**Availability**: Fee-paying only (Please refer Page 8 for further fee information)  
**Course Description**: Research project under supervision of staff member.  
**Duration**: 28 November 2005 to 11 February 2006  
**Contact Hours**: Consult School of Molecular & Microbial Science  
**Work Expectations and Assessment**: Consult School of Molecular & Microbial Science

### BIOC7014 Literature Review

**Phone Enquiries**: 07 3365 6190  
**Campus**: St Lucia  
**Units**: #2  
**Mode**: Internal  
**Pre**: Permission of School of Molecular & Microbial Science  
**Coordinator**: A/Prof Joe Rothnagel/Dr Melissa Brown  
**Email**: smmspostgrad@uq.edu.au  
**Fee-paying only**: (Please refer Page 8 for further fee information)  
**Availability**: Fee-paying only (Please refer Page 8 for further fee information)  
**Course Description**: Critical review of recent literature by staff member.  
**Duration**: 28 November 2005 to 11 February 2006  
**Contact Hours**: Consult School of Molecular & Microbial Science  
**Work Expectations and Assessment**: Consult School of Molecular & Microbial Science

### BIOC8000 Advanced Genomics & Bioinformatics

**Phone Enquiries**: 07 3365 6190  
**Campus**: St Lucia  
**Units**: #2  
**Mode**: Internal  
**Pre**: Permission of School of Molecular & Microbial Science  
**Coordinator**: Dr Thomas Huber  
**Email**: huber@maths.uq.edu.au  
**Fee-paying only**: (Please refer Page 8 for further fee information)  
**Availability**: Fee-paying only (Please refer Page 8 for further fee information)  
**Course Description**: Individual research project in the area of genomics/bioinformatics. The necessary grounding in the area will be accessed flexibly by students without the appropriate training prior to undertaking the project.  
**Duration**: 28 November 2005 to 11 February 2006  
**Contact Hours**: Consult School of Molecular & Microbial Science  
**Work Expectations and Assessment**: Consult School of Molecular & Microbial Science

### Biolotecture

### BIOL7005 Research & Development Proposal

**Phone Enquiries**: 07 3365 6194

**Availability** Fee-paying only (Please refer Page 8 for further fee information)

**Course Description**
This course introduces students to the principles and practice of tourism, travel and hospitality management and provides an intellectual framework within which to analyse the subject area. The course covers key areas such as definitions and concepts of tourism, travel and hospitality; tourism destinations and planning; travel intermediaries; the role of transportation; the particular nature of the tourism, travel and hospitality industries and the role of the public sector; and a range of specific issues such as the impact of travel and tourism on the environment and host communities, service quality, and destination marketing and management. Students will have the opportunity to focus on a particular destination or business function in detail.

**Duration**
Required reading, as outlined in the Course Profile, is expected to be commenced on 28 November 2005 followed by scheduled class contact commencing on 3 January 2006.

**Contact Hours**
30 hours

**Work Expectations and Assessment**
2 Individual Essays each worth 50%

Please note: A minimum number of 12 students per course is required for the course to be delivered
ICTE community education

JANUARY TO FEBRUARY 2006

The Institute of Continuing & TESOL Education is pleased to present its program for Summer 2005/2006.

ICTE Community Education
Summer courses give you the opportunity to experience study at University without the pressure of exams and assignments.

Short courses range from a few hours to several days in length, and are held during the day, in the evenings, and on weekends, allowing you to sample a variety of fascinating study options during Summer, including class room study and practical workshops. All classes are held at The University of Queensland's St Lucia campus. Enrolment is open to everyone. The courses are not part of a degree program. Certificates of course completion are available upon request.

Courses are offered in these subject areas:
- art appreciation
- art therapy
- art workshops
- Certificate IV in Assessment and Workplace Training
- creative writing and freelance journalism
- personal and professional development
- photography
- study skills courses

Phone (07) 3365 7100 to ask for the Summer courses brochure.
The Institute of Modern Languages
