

## Bachelor of Advanced Science (Honours)

### 1 Definitions

In these rules—

**approved combination** means a combination of courses approved by the executive dean;

**major** means an approved combination of 52 units from part B of the BAdvSc(Hon) course list.

### 2 Field of study

A student must undertake the program in an approved major.

### 3 Program requirements

- (1) To complete the program, a student must complete 64 units from the BAdvSc(Hon) course list comprising—
  - (a) 6 units from part A;
  - (b) 52 units from an approved combination in part B; and
  - (c) 6 units from part B of the BAdvSc(Hon) course list or part A or part B of the BSc course list or other courses approved by the executive dean.
- (2) A student can gain no more than 20 units of level 1 courses in the program.
- (3) For 1(b) a student must gain a minimum of 30 units of level 3 or higher courses.

### 4 Maximum credit for other study

- (1) The maximum credit that the associate dean (academic) may grant to a student for other study is 32 units.  
*Note see GAR 1.6 of the General Award Rules*
- (2) Despite rule 4(1), the associate dean (academic) may only grant 8 units of credit for late year courses.

### 5 Class of honours

- (1) The class of honours is calculated on the basis of the GPA over 24 units of level 3 or 4 courses completed by the student, with the 24 units identified as follows—
  - (a) if the student has completed more than 24 units of courses at level 4, the highest graded level 4 courses will be counted; or
  - (b) if the student has completed 24 units or fewer of courses at level 4, all level 4 courses will count along with the highest graded level 3 courses.
- (2) The student's grade point average must be calculated based on the result for their first attempt at each course.
- (3) For the purposes of determining the class of honours, a level 4 course is a course at level 4 or higher.

### 6 Special rules

#### 6.1 Award of the bachelor of science

A student who withdraws from the program having completed the requirements for the bachelor of science degree may be awarded a bachelor of science.

#### 6.2 Progression through program

- (1) A student who achieves below a GPA of 5 in any semester of enrolment (semester 1 or semester 2) must seek permission of the executive dean to remain enrolled in the program.

- (2) A student who is denied continued enrolment by the executive dean in rule 6(1) will have their enrolment changed to the bachelor of science.

### **6.3 Supplementary assessment**

In addition to GAR 1A.17, the associate dean (academic) may grant supplementary assessment in a single course in which the student gains a grade of 3 and where the student—

- (a) gains that grade in any semester of study; and
- (b) has not been granted supplementary assessment in any course in that semester; and
- (c) has not previously been granted supplementary assessment under this rule; and
- (d) makes an application for supplementary assessment within 5 days of the release of results.
