

PROGRAM RULES

Master of Public Health

1 Definitions

16-unit program means the Master of Public Health program comprised of 16 units.

24-unit program means the Master of Public Health program comprised of 24 units.

MPH list means the course list for the 16-unit program and the 24-unit program.

2 Enrolment requirements

(1) To enrol in the 16-unit program, a person must –

(a) hold an approved degree equivalent to a 4-year degree; or

(b) both –

(i) hold an approved 3-year degree; and

(ii) have successfully completed at least 2 years of an approved graduate-entry medicine program.

(2) To enrol in the 24-unit program, a person must hold –

(a) an approved degree; or

(b) other professional qualifications or training approved by the head of school.

3 Field of study

A student enrolled in the 16-unit or 24-unit program must undertake the relevant program in a field approved by the executive dean.

4 Program requirements

(1) To complete the 16-unit program, a student must complete 16 units from the MPH list, in the field chosen by the student.

(2) To complete the 24-unit program, a student must complete 24 units from the MPH list, in the field chosen by the student.

5 Continuous enrolment

A student enrolled in the 16-unit or 24-unit program must undertake the relevant program without interruption, unless the executive dean gives the student approval to do otherwise.

6 Dissertation

(1) A student must obtain the approval of the program coordinator for their dissertation topic.

(2) The head of school must appoint at least 2 examiners to examine the dissertation.

7 Early exit from a suite of programs:

For the purposes of GAR 3.6 of the General Award Rules, the Graduate Certificate of Alcohol, Tobacco and Other Drug Studies is taken to be part of the public health suite of programs.
