

## Bachelor of Mathematics / Bachelor of Commerce

### 1 Definitions

In these rules—

*approved combination* means a combination of courses approved by the executive dean;

*BCom list* means the course list for the Bachelor of Commerce program;

*BCom major* means an approved combination of 12 units from group 2 of the BCom list of which 6 units must be at level 3;

*BMath list* means the course list for the Bachelor of Mathematics program;

*BMath major* means an approved combination of 16 units from part B of the BMath list;

*commerce electives* means the elective courses in group 3 of the BCom list, of which 6 units are level 3 courses;

*compulsory courses* means courses from group 1 of the BCom course list;

*late year course* means a course at level 3 or higher.

### 2 Field of study

- (1) A student may undertake the BMath part of the dual program in an approved major.
- (2) A student may undertake the BCom part of the dual program in an approved major.

### 3 Program requirements

- (1) To complete the program, a student must complete 64 units comprising—
  - (a) 34 units from the BCom list comprising—
    - (i) 22 units for compulsory courses (not including ECON1310); and
    - (ii) either—
      - (A) a BCom major; or
      - (B) 12 units of commerce electives; and
  - (b) 30 units from the BMath list comprising—
    - (i) 14 units from part A;
    - (ii) 14 units from part B or part C or a combination of both; and
    - (iii) 2 units from the BMath list, or part A or part B of the BSc course list; or courses approved by the associate dean (academic).
- (2) For rule 3(1)(b), a student must gain 8 units for late year courses from part A or part B of the BMath list or a combination of both.
- (3) Unless a different intention appears in these rules a student must comply with the program rules for both degrees.

### 4 Course pre-enrolment approval

Required in commerce courses.

*Note* See GAR 2.3.4 of the General Award Rules.

### 5 Concurrent enrolment

A student must maintain concurrent enrolment in both constituent degree programs.

*Note* A dual degree is a single program of study leading to the award of two degrees. A student is not permitted to graduate with one degree and continue enrolment in the program.

## **6 Special rules**

### **6.1 Course exemption**

A student is required to complete STAT1301 for the BMath component and may not enrol in ECON1310.
