THE UNIVERSITY
OF QUEENSLAND
A U S T R A L I A

Bachelor of Mathematics (Honours)

1 Definitions

In these rules—

late year course means a course at level 3 or higher.

2 Enrolment requirements

2.1 Eligibility

To be eligible for admission to the program, a person must—

(1) have both—

    (a) completed the program requirements of the BMath at the university; and

    (b) (i) gained an overall GPA of 4; and

        (ii) gained a GPA of 4.5 for 8 units in late year courses from either part B, or from a combination of parts A and B, of the BMath course list; or

(2) satisfy the executive dean and head of school that the person is qualified to undertake honours based on the person's academic records, and subject to completion of additional work, if set.

2.2 Selection

(1) The head of school may limit places dependent on the project availability.

(2) Once eligibility is established, entry is via a competitive selection process based on GPA.

3 Program requirements

To complete the program, a student must complete 16 units from the BMath(Hons) course list.

4 Class of honours

The class of honours is calculated on the basis of the grade point average of the results obtained by a student in the first attempt at all courses in the program.

Note: see PPL 3.50.12 Bachelor Honours Degrees—Procedures
