Bachelor of Mathematics / Bachelor of Arts

1 Definitions

In these rules—

- **BA cornerstone course** means a cornerstone course as defined in the BA rules;
- **BA extended major** means an extended major as defined in the BA rules;
- **BA gateway course** means a gateway course as defined in the BA rules;
- **BA major** means a major as defined in the BA rules;
- **BA minor** means a minor as defined in the BA rules;
- **BMath major** means a major as defined in the BMath rules;
- **late year course** means a course at level 3 or higher.

2 Field of study

(1) A student may undertake the BMath part of the dual program in an approved BMath major.

(2) A student may not undertake the Mathematics major, extended major or minor in the BA part of the dual program.

3 Program requirements

(1) To complete the program, a student must complete 64 units, comprising—

(a) 32 units from the BA course list, comprising—

(i) Two BA majors; or

(ii) both—

(A) a BA extended major; and

(B) the balance from courses in part A or part B or a combination of both; or

(iii) both—

(A) A BA major; and

(B) Two BA minors; and

(b) 32 units towards the BMath component, comprising—

(i) 14 units from part A of the BMath course list;

(ii) 14 units from part B or part C of the BMath course list or a combination of both; and

(iii) 4 units from the BMath course list, or part A or part B of the BSc course list; or courses approved by the associate dean (academic).

(2) In meeting rule 3(1)(a), a student must complete at least 18 units in courses from the BA list at level 2 or higher, including at least 6 units of late year courses.

(3) In meeting rule 3(1)(b), a student must gain 8 units for completing late year courses from part A or part B of the BMath course list or a combination of both.

(4) Unless a different intention appears in these rules, a student must comply with the program rules for both degrees.

4 Concurrent enrolment

A student must maintain concurrent enrolment in both constituent degree programs.

*Note* The dual degree is a single program of study leading to the simultaneous award of two degrees. A student is not permitted to graduate with one degree and continue enrolment in the program.
