

Master of Petroleum Engineering

1 Enrolment requirements

To enrol in the program, a person must hold an approved degree or equivalent.

2 Program requirements

To complete the program, a student must complete 24 units from the MPtrlEng course list.

3 Maximum credit for other study

The maximum credit that the associate dean (academic) may grant to a student for other study is 8 units.

Note see [PPL 3.50.03 Credit for Previous Studies and Recognised Prior Learning](#)

4 Special rules

4.1 Award of the Graduate Certificate in Science in Petroleum Engineering

A student who withdraws from the program after completing 8 units may be awarded a Graduate Certificate in Science in Petroleum Engineering.

4.2 Award of the Graduate Diploma in Science in Petroleum Engineering

A student who withdraws from the program after completing 16 units may be awarded a Graduate Diploma in Science in Petroleum Engineering.

4.3 Continuous enrolment

A student must undertake the program without interruption unless approved by the head of school.

4.4 Progression

Unless approved by the executive dean, a student must complete part A before enrolling in any course from part B.

4.5 Supplementary assessment

The associate dean (academic) may grant supplementary assessment in a single course in which the student gains a grade of 3 and where the student—

(a) gains that grade—

- (i) in the first semester of postgraduate study at the university; or
- (ii) in the final course of part A to permit progression to part B; or
- (iii) in the final semester of the program when a higher grade would complete the program requirements; and

(b) makes an applications within 5 days of the release of results
