

Master of Clinical Psychology

1 Definitions

In these rules—

practicum course means a course containing a practical component where students gain supervised experience in a workplace setting.

2 Enrolment requirements

To enrol in the program, a person must—

- (a) hold an approved four year bachelor honours degree in psychology with IIA honours or equivalent; and
- (b) be eligible for registration as a provisional psychologist in Australia; and
- (c) satisfy the executive dean that the student has sufficient training and experience in the clinical psychology field and is suitably qualified for admission.

3 Program requirements

To complete the program, a student must complete 32 units in accordance with the MPsychClin course list.

4 Special rules

4.1 PSYC7011

A student must enrol for PSYC7011 at the beginning of—

- (a) second year, if full-time; or
- (b) third year, if part-time.

4.2 Duration

A student must get the approval of the head of school of psychology to change enrolment status.

4.3 Practicum

A student who commences but does not successfully complete a practicum course may re-enrol in that course only if approved by the executive dean.

4.4 Psychologist registration

A student must have provisional or general registration with the Psychology Board of Australia for the duration of enrolment in the program.

4.5 Concurrent studies

A student undertaking concurrent studies with the Doctor of Philosophy must have submitted for examination the Higher Degree by Research Thesis before enrolling in the final practicum.

4.6 Award of the Graduate Diploma in Behavioural Science

A student who withdraws from the program after completing 16 units from the MPsychClin course list may be awarded a Graduate Diploma in Behavioural Science.
