

Master of Data Science (24 units)

1 Enrolment requirements

To enrol in the program, a person must—

- (a) hold an approved degree in the same discipline with significant studies in mathematics, statistics and computing; and
- (b) satisfy the executive dean, that based on their academic record, they are suitably qualified for admission.

2 Program requirements

To complete the 24-unit program, a student must complete 24 units in accordance with the MDataSc program course list.

Note: a separate set of rules apply to students enrolled in the Master of Data Science (32 units) program.

3 Maximum credit for other study

The maximum credit that an associate dean (academic) may grant to a student for previous study is 8 units.

Note see [PPL 3.50.03 Credit for Previous Studies and Recognised Prior Learning](#)

4 Special rules

4.1 Award of the Graduate Certificate in Data Science

A student who withdraws from the program after completing a combination of 8 units from part A and part B of the MDataSc course list (with at least 4 units of DATA coded courses, including DATA7001) may be awarded a Graduate Certificate in Data Science.
