

Master of Financial Mathematics

1 Definitions

In these rules—

first year university-level mathematics means courses that cover single-variable and multi-variable calculus, ordinary differential equations, and linear algebra;

partner institution means an overseas institution with whom the University of Queensland has a formal agreement as an official partner with the Master of Financial Mathematics program;

pre-2015 student means a student who first enrolled in the program before 1 January 2015.

2 Enrolment requirements

- (1) To enrol in the 24-unit program, a person must hold an approved degree in the same discipline.
- (2) To enrol in the 32-unit program, a person must—
 - (a) either -
 - (i) hold an approved degree in a different discipline and have covered first year university-level mathematics; or
 - (ii) have successfully completed at least three years of study towards an approved program at a partner institution; and
 - (b) satisfy the Executive Dean that they are suitably qualified for admission

3 Program requirements

- (1) To complete the 24-unit program, a student must complete 24 units from the MFinMath course list, comprising—
 - (a) 8 units for part B; and
 - (b) 8 units from part C; and
 - (c) 4 units from part D; and
 - (d) 4 units from part C or part D, or a combination from these parts.
- (2) To complete the 32-unit program, a student must complete 32 units from the MFinMath course list, comprising—
 - (a) 8 units for part A; and
 - (b) 8 units for part B; and
 - (c) 8 units from part C; and
 - (d) 4 units from part D.
 - (e) 4 units from part C or part D, or a combination from these parts.

4 Transitional

A pre-2015 student may complete the program under the current rules or the rules in force on 31 December 2014.
