Master of Quantitative Biology

1 Enrolment requirements
To enrol in the program, a person must hold—
(a) (i) for the 24-unit program, an approved degree in the same discipline; or
(ii) for the 32-unit program—
   (A) an approved degree in any discipline; and
   (B) have completed at least 4 units (or equivalent) of second year university level biology or mathematics; and
(b) satisfy the executive dean that the applicant is suitably qualified for admission.

2 Program requirements
(a) To complete the 24-unit program, a student must complete 24 units from the MQBiol course list, comprising—
   (i) 20 units from part B; and
   (ii) 4 units from part C.
(b) To complete the 32-unit program, a student must complete 32 units from the MQBiol course list, comprising—
   (i) 8 units from part A; and
   (ii) 20 units from part B; and
   (iii) 4 units from part C.

3 Maximum credit for other study
The maximum credit that the associate dean (academic) may grant to a student for other study is 8 units.
Note see PPL 3.50.03 Credit for Previous Studies and Recognised Prior Learning.

4 Special rules
4.1 Award of the Graduate Certificate in Quantitative Biology
A student who withdraws from the program after completing QBIO7001 and 6 units from Part B may be awarded the Graduate Certificate in Quantitative Biology.
