Bachelor of Computer Science / Bachelor of Commerce (BCompSc/BCom)

1 Definitions

In these rules—

**BCom major** means a prescribed combination of 16 units as set out in the BCom course list;

**BCompSc major** means a prescribed combination of 16 units as set out in the BCompSc course list.

2 Program requirements

(1) To complete the program, a student must complete 64 units, comprising—

(a) 32 units from the BCompSc course list, comprising—

(i) 16 units for compulsory courses, and
(ii) 16 units for either—

(A) a BCompSc major; or
(B) no major, comprising—

(a) 2 units for the computer science extension course, and
(b) 8 units of computer science introductory electives, and
(c) 6 units of computer science advanced electives; and

(b) 32 units from the BCom course list, comprising—

(i) 14 units from part A (excluding ECON1310), and
(ii) 16 units for a BCom major, and
(iii) 2 units of general elective courses.

(2) Unless a different intention appears in these rules a student must comply with the program rules for both constituent degrees.

3 Special rules

4.1 Courses in both lists

Each course may only count towards one component of the dual program. Where a course is compulsory in one component of the dual program but not the other, then it must be counted towards the component in which it is compulsory.

4.2 BISM2207

Where a student undertakes the Business Information Systems major in the BCom component of the dual program, BISM2207 must be substituted in that major by a course approved by the BEL executive dean.
